How It Works

Update
You export your fiscal data from your accounting system (generate a simple report) and ClearGov does the rest — translating your data into compelling visuals.

Customize
You get access to a full suite of easy-to-use back-office tools like chart builders, widgets, commentary, and more so you can personalize your transparency profile.

Share
You promote your profile on your municipal website and share it on social media. We'll automatically syndicate it across our unique content distribution network!
