

AGREEMENT FOR PROFESSIONAL SERVICES
City of Stevenson Development Engineering Services

This Agreement is between the City of Stevenson, hereafter called "City", and Wallis Engineering, PLLC, hereafter called "Engineer", for the Project known as "City of Stevenson Development Engineering Services".

Effective Date and Duration

This Agreement shall become effective on the date the Agreement is signed. This Agreement shall expire, unless otherwise terminated or extended, on December 31, 2021.

Scope of Services

Subject to the terms of this Agreement, the Engineer shall perform the services outlined in the scope of work contained in Exhibit A, which is attached hereto and by this reference made a part hereof.

Compensation

The City agrees to pay the Engineer a sum not to exceed \$20,000 for completion of the work. A rate schedule is included as Exhibit B to this Agreement. Monthly invoices will be issued by the Engineer for all work performed under this Agreement, and based on time and materials. Wallis Engineering Hourly Rates will be the basis of compensation. These rates are subject to annual calendar year adjustments; include all allowances for salary, overhead and fee; but do not include allowances for Direct Expenses. Wallis Engineering Direct Expenses, when part of the basis of compensation, are those costs incurred on or directly for the City's Project, including, but not limited to: necessary transportation costs; laboratory tests and analyses; printing, binding and reproduction charges; all costs associated with outside consultants; and other similar costs. Reimbursement for Direct Expenses will be on the basis of actual charges. A service charge of 10 percent will be added to Direct Expenses. Invoices are due and payable upon receipt.

Terms and conditions are listed on page 2.

Wallis Engineering Certification and Signatures

Name: Wallis Engineering, PLLC
Address: 215 W. 4th Street, Suite 200, Vancouver, WA 98660
Federal Tax ID#: 91-1944973
Business Form: PLLC

Payment information will be reported to the IRS under the name and taxpayer ID number provided above.

I, the undersigned, agree to perform work outlined in this Agreement in accordance to the terms and conditions (listed on Page 2 and Exhibit A and made part of this Agreement by reference) and the statement of work made part of this contract by reference; hereby certify under penalty of perjury that my business is not in violation of any Washington tax laws; hereby certify that I am an independent contractor.

TERMS AND CONDITIONS

1. Authorization to Proceed

Execution of this Agreement by the City will be authorization for Engineer to proceed with the work, unless otherwise provided for in this Agreement.

2. Standard of Care

The standard of care for all professional engineering and related services performed or furnished by Engineer under this Agreement will be the care and skill ordinarily used by members of Engineer's profession practicing under similar conditions at the same time and in the same locality, and for this type of project. Except as set forth in this Agreement, Engineer makes no warranties, express or implied, under this Agreement or otherwise, in connection with Engineer's services.

It is the general intent that services specified in this Agreement to be performed by the ENGINEER, will be delivered using the ENGINEER's standard form and content of drawings, technical specifications, and contract documents. The ENGINEER's standards will be in conformance with applicable local, state and federal standards and requirements.

3. Termination

This Agreement may be terminated for convenience by either party on 30 days' written notice; or for cause, if either party fails to substantially perform in accordance with this Agreement through no fault of the other and does not commence correction of such nonperformance within five days of written notice and diligently complete the correction thereafter. On termination, Engineer will be paid for all authorized work performed up to the termination date.

4. Limitation of Liability

Notwithstanding any other provisions of this Agreement, Engineer's liability for City's damages will not exceed the compensation received by Engineer under this Agreement.

5. Severability and Survival

If any of the provisions contained in this Agreement are held illegal, invalid or unenforceable, the enforceability of the remaining provisions shall not be impaired thereby. The limitations of liability and indemnities will apply regardless whether Engineer's liability arises under applicable statute or case or common law, including without limitation by reason of enumeration herein, negligence, strict liability or any other type of cause of action, and shall apply to Engineer, its officers, and employees.

The law of the state of Washington shall govern the validity of this Agreement, its interpretation and performance, and any other claims related to it; jurisdiction being in District or Superior Courts of the State of Washington with venue in Clark County, Washington.

6. Hazardous Substances

To the maximum extent permitted by law, the City will indemnify and defend Engineer and its officers, employees, subconsultants and agents from all claims, damages, losses, and expenses, including, but not limited to, direct, indirect, or consequential damages and attorney's

fees arising out of or relating to the presence, discharge, release, or escape of hazardous substances, contaminants, or asbestos on or from the Project.

7. Subsurface Investigations

In soils, foundations, groundwater, and other subsurface investigations, the actual characteristics may vary significantly between successive test points and sample intervals and at locations other than where observations, explorations, and investigations have been made. Because of the inherent uncertainties in subsurface evaluations, changed or unanticipated underground conditions may occur that could affect total Project cost and/or execution schedule. To the extent that subsurface investigations affect Project cost and/or execution, Engineer shall notify City as soon as possible and an equitable adjustment in the compensation reflecting increase or decrease in the Project shall be made.

8. No Third Party Beneficiaries

This Agreement gives no rights or benefits to anyone other than the City and Engineer and has no third party beneficiaries.

Engineer's services are defined solely by this Agreement, and not by any other contract or agreement that may be associated with the Project.

9. Insurance

Engineer shall maintain public liability and property damage insurance which shall protect Engineer from personal injury or property damage claims arising from its negligent performance of work under this Agreement. The limits of liability for such insurance shall be \$1,000,000 combined single limit.

Engineer shall name City as additional insured under the general liability insurance policy, and shall provide proof of insurance for professional and general liability insurance.

10. Disputes

In the event of any dispute arising out of this Agreement, the parties agree to submit the dispute to non-binding mediation and binding arbitration under the then prevailing rules so the American Arbitration Association (AAA) for construction industry disputes, provided that no party objects to arbitration within 30 days after a demand for arbitration is filed with AAA. In any action brought for such dispute, the prevailing party shall be entitled to recover its reasonable costs and attorney fees.

TASK 1 PRE-APPLICATION

The ENGINEER will review pre-application submittals, provide recommended comments to meet local standards, and attend pre-application conferences.

TASK 2 PRELIMINARY REVIEW

Once a complete application is submitted the ENGINEER will review application submittals for conformance with the CITY's codes, master plans, Public Works Design and Construction Standards, and engineering and construction practices. The ENGINEER may obtain input from other agencies and coordinate as needed. Consolidating comments received from staff, the ENGINEER will identify conflicting engineering issues and prepare engineering summaries of the proposal, findings against the requirements of the code and standards, and provide recommended conditions of approval for Planning staff reports. The ENGINEER will also attend public hearings.

TASK 3 FINAL REVIEW

The ENGINEER will perform iterative final plat review and review as-built submissions from the developer's surveyor/engineer. The ENGINEER will also review engineering cost estimates for bonding requirements, assist with walk-through inspections, and provide recommendations for acceptance.

TASK 4 MISCELLANEOUS SERVICES

In some instances, the ENGINEER may feel that further calculation or analysis of a particular developer's proposed improvement is merited/required. Such additional analysis/review could be conducted in-house by the ENGINEER or handled by a subconsultant if such expertise did not reside within the ENGINEER's staff. In either case, CITY approval will be required.

TASK 5 SERVICES AS REQUESTED

In some instances, the ENGINEER may provide additional services as requested in writing by the CITY in support of Development Review Engineering Services.

Exhibit B RATE SCHEDULE

Rate Schedule good through December, 31, 2021
