

Risk Management

SERVICE AGENCY

Training

Training is an essential component of the AWC RMSA comprehensive Loss Prevention Program, and an investment in our members. RMSA offers on-demand, webinar, and onsite training. Our training is convenient and accessible when you need it.

***RMSA•U* on-demand training**

RMSA*U is your one stop shop for free online training whenever you need it. Each session takes about 30 minutes and can be saved at any time and completed later. An extensive catalog of training is provided, and all of the courses on the training website are available year round! There are beneficial classes for nearly every position at your organization. We highly encourage our members to view the course offerings as frequently as possible.

Onsite trainings

Onsite trainings are free to RMSA members and are open to the public on a cost-per-attendee basis. RMSA's training schedule is updated annually and based on member need and RMSA's largest loss exposure areas.

RMSA's cooperative scholarship program

What if RMSA is not offering the training you need? There are a wealth of conferences, seminars, and classes offered by various resources throughout the year and across the State. RMSA's scholarship program helps members attend numerous approved trainings and conferences that are not specifically hosted by RMSA. Look in our monthly *RMSA News* e-newsletter each month for tips on upcoming conferences and trainings or contact our staff to find out more.
