**Project Description :**

**With the approval of WSLC and you, we would like to use the front side of our business for outdoor service and/ or act as a walkway to the east side of our business to access our outdoor dining area.**

**We plan to place 6 inX2.5 in. caution anti slip tape every 3-6 feet surrounding the front and side of our business. After reviewing the rules stated in 9:66.04.020 we hope that this plan will fulfill requirements with the WSLCB. We chose to use the tape instead of a 42 inch barrier to allow easier traffic flow for shared sidewalk use with the general public.**
