2. In October 19th and 20th, 2018 council met and developed a strategic plan which included a goal for the downtown to increase the mixed-use development by 2024.
3. The look and feel of the City’s downtown and waterfront districts are vital to the overall health of the City’s community and residents’ quality of life.
4. Vacant lands within the downtown and waterfront districts are in very short supply.
5. The City has begun the development of a downtown plan including a traffic study and design standards, which is expected to be complete by the October council meeting.
6. The current C1 zone allows single-family residences and any property owner submitting a complete application for a new single-family residence would be vested to the code at the time of application.
