

TO: Kate Thunstrom, City Administrator
FROM: Todd Schwieger, Police Chief
SUBJECT: Squad Computers
DATE: November 20, 2023

OVERVIEW:

The police department began transitioning to Panasonic Toughbook Computers in 2022. The primary reasons for this was the durability of the computers for squad use and the anticipated longevity of the computers in comparison to current computers used in squad cars. Panasonic Toughbook computers are specifically designed for use in a squad car environment and remain secure in a specially designed docking station. The expected useful life of the Toughbook computer as used in St. Francis squad cars is 5-6 years compared to 4 years for our current squad computers.

ACTION TO BE CONSIDERED:

City Council approval to purchase two Panasonic Toughbook FZ-55 computers for use in new 2024 squad vehicles.

BUDGET IMPLICATION:

Funds have been allocated for the purchase of the computers in the police department capital equipment fund.
