

TO: Kate Thunstrom, City Administrator
FROM: Paul Carpenter, Public Works Director
SUBJECT: 4058 Gate Replacement
DATE: April 7, 2025

OVERVIEW:

In the last 3 years Police and Public Works have spent close to \$10,000.00 in repairs and emergency call-ins. Repairs were \$2000 in the last three weeks. The gates were installed during a period when manufactures were trying out new parts/components and were only used for about a year. Our current gate service company has stated that they only service a few of these gates with these components and unfortunately, we have 2 of them. Over the last year or so the gate has been acting up more frequently. Many components of this style gate are obsolete and it is a crucial part of the Police and Public Works facilities security.

ACTION TO BE CONSIDERED:

Council to approve the 4058 Gate Replacement quote from the Barnum Gate Company in the amount of \$47,120.00.

BUDGET IMPLICATION:

This will be paid out of the Building Fund.
