RECITALS

1. By the authority granted in Oregon Revised Statute (ORS) 190.110, 366.572 and 366.576, state agencies may enter into cooperative agreements with counties, cities and units of local governments for the performance of any or all functions and activities that a party to the Agreement, its officers, or agents have the authority to perform.
2. St Helens Scappoose Refinement Trail Project is located on property under the jurisdiction and control of the cities of St Helens and Scappoose, and Columbia County.
3. Agency has agreed that State will deliver this project on behalf of the Agency.
4. The Project was selected as a part of the Oregon Community Paths Program and may include a combination of federal and state funds. “Project” is defined under Terms of Agreement, paragraph 1 of this Agreement.
5. The Stewardship and Oversight Agreement On Project Assumption and Program Oversight By and Between Federal Highway Administration, Oregon Division and the State of Oregon Department of Transportation (“Stewardship Agreement”) documents the roles and responsibilities of the State with respect to project approvals and responsibilities regarding delivery of the Federal Aid Highway Program. This includes the State’s oversight and reporting requirements related to locally administered projects. The provisions of that agreement are hereby incorporated and included by reference.

NOW THEREFORE the premises being in general as stated in the foregoing Recitals, it is agreed by and between the Parties hereto as follows:

TERMS OF AGREEMENT

1. Under such authority, Agency and State agree to State delivering the St Helens Scappoose Refinement Trail Community Paths Project on behalf of Agency, hereinafter referred to as "Project." Project includes project development up to 30% design for a regional path to connect St Helens and Scappoose. The location of the Project is approximately as shown on the map attached hereto, marked "Exhibit A," and by this reference made a part hereof.
2. Agency agrees that, if State hires a consultant to design the Project, State will serve as the lead contracting agency and contract administrator for the consultant contract related to the work under this Agreement.
3. Project Costs and Funding.
 - a. The total Project cost is estimated at \$405,000.50, which is subject to change. Federal funds for this Project shall be limited to \$363,407.00. Agency shall be responsible for all remaining costs, including any non-participating costs, all costs in excess of the federal funds, and the 10.27 percent match for all eligible costs. Any unused funds obligated to this Project will not be paid out by State, and will not be available for use by Agency for this Agreement or any other projects. "Total Project Cost" means the estimated cost to complete the entire Project, and includes any federal funds, state funds, local matching funds, and any other funds.
 - b. With the exception of Americans with Disabilities Act of 1990-related design standards and exceptions, State shall consult with Agency on Project decisions that impact Total Project Cost involving the application of design standards, design exceptions, risks, schedule, and preliminary engineering charges, for work performed on roadways under local jurisdiction. State will allow Agency to participate in regular meetings and will use all reasonable efforts to obtain Agency's concurrence on plans. State shall consult with Agency prior to making changes to Project scope, schedule, or budget. However, State may award a construction contract up to ten (10) percent (%) over engineer's estimate without prior approval of Agency.
 - c. Federal funds under this Agreement are provided under Title 23, United States Code.
 - d. ODOT does not consider Agency to be a subrecipient or contractor under this Agreement for purposes of federal funds. The Catalog of Federal Domestic Assistance (CFDA) number for this Project is 20.205, title Highway Planning and Construction. Agency is not eligible to be reimbursed for work performed under this Agreement.

- e. State will submit the requests for federal funding to the Federal Highway Administration (FHWA). The federal funding for this Project is contingent upon approval of each funding request by FHWA. Any work performed outside the period of performance or scope of work approved by FHWA will be considered nonparticipating and paid for at Agency expense.
 - f. Agency guarantees the availability of Agency funding in an amount required to fully fund Agency's share of the Project.
4. The term of this Agreement shall begin on the date all required signatures are obtained and shall terminate upon completion of the Project and final payment or ten (10) calendar years following the date all required signatures are obtained, whichever is sooner.
5. Termination.
- a. This Agreement may be terminated by mutual written consent of both Parties.
 - b. State may terminate this Agreement upon 30 days' written notice to Agency.
 - c. State may terminate this Agreement effective upon delivery of written notice to Agency, or at such later date as may be established by State, under any of the following conditions:
 - i. If Agency fails to provide services called for by this Agreement within the time specified herein or any extension thereof.
 - ii. If Agency fails to perform any of the other provisions of this Agreement, or so fails to pursue the work as to endanger performance of this Agreement in accordance with its terms, and after receipt of written notice from State fails to correct such failures within ten (10) days or such longer period as State may authorize.
 - iii. If Agency fails to provide payment of its share of the cost of the Project.
 - iv. If State fails to receive funding, appropriations, limitations or other expenditure authority sufficient to allow State, in the exercise of its reasonable administrative discretion, to continue to make payments for performance of this Agreement.
 - v. If federal or state laws, regulations or guidelines are modified or interpreted in such a way that either the work under this Agreement is prohibited or if State is prohibited from paying for such work from the planned funding source.
 - d. Any termination of this Agreement shall not prejudice any rights or obligations accrued to the Parties prior to termination.
6. Americans with Disabilities Act Compliance:
- a. Agency shall utilize ODOT standards to assess and ensure that the Project and all

component activities comply with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 as amended (together, "ADA"), including ensuring that all plans and proposed alternatives for future design or construction of pedestrian, bicycle, and transit routes and facilities will result in ADA-compliant facilities and improvements.

- b. Agency shall ensure that temporary pedestrian routes are provided through or around any Project work zone. Any such temporary pedestrian route shall include directional and informational signs, comply with ODOT standards, and include accessibility features equal to or better than the features present in the existing pedestrian facility. Agency shall also ensure that advance notice of any temporary pedestrian route is provided in accessible format to the public, people with disabilities, and disability organizations at least 10 days prior to the establishment of any work zone.
7. State shall ensure compliance with the Cargo Preference Act and implementing regulations (46 CFR Part 381) for use of United States-flag ocean vessels transporting materials or equipment acquired specifically for the Project. Strict compliance is required, including but not limited to the clauses in 46 CFR 381.7(a) and (b) which are incorporated by reference. State shall also include this requirement in all contracts and ensure that contractors include the requirement in their subcontracts.
8. Agency grants State the right to enter onto Agency right of way for the performance of duties as set forth in this Agreement.
9. The Parties acknowledge and agree that State, the Oregon Secretary of State's Office, the federal government, and their duly authorized representatives shall have access to the books, documents, papers, and records of the Parties which are directly pertinent to the specific Agreement for the purpose of making audit, examination, excerpts, and transcripts for a period of six (6) years after completion of the Project and final payment. Copies of applicable records shall be made available upon request. Payment for costs of copies is reimbursable by the requesting party.
10. The Special and Standard Provisions attached hereto, marked Attachments 1 and 2, respectively, are incorporated by this reference and made a part hereof. The Standard Provisions apply to all federal-aid projects and may be modified only by the Special Provisions. The Parties hereto mutually agree to the terms and conditions set forth in Attachments 1 and 2. In the event of a conflict, this Agreement shall control over the attachments, and Attachment 1 shall control over Attachment 2.
11. Agency shall assume sole liability for Agency's breach of any federal statutes, rules, program requirements and grant provisions applicable to the federal funds, and shall, upon Agency's breach of any such conditions that requires the State to return funds to FHWA, hold harmless and indemnify the State for an amount equal to the funds received under this Agreement.

12. Agency and State are the only parties to this Agreement and are the only parties entitled to enforce its terms. Nothing in this Agreement gives, is intended to give, or shall be construed to give or provide any benefit or right, whether directly, indirectly or otherwise, to third persons unless such third persons are individually identified by name herein and expressly described as intended beneficiaries of the terms of this Agreement.
13. State and Agency hereto agree that if any term or provision of this Agreement is declared by a court of competent jurisdiction to be invalid, unenforceable, illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected, and the rights and obligations of the Parties shall be construed and enforced as if the Agreement did not contain the particular term or provision held to be invalid.
14. Notwithstanding anything in this Agreement or implied to the contrary, the rights and obligations set out in the following paragraphs of this Agreement shall survive Agreement expiration or termination, as well as any provisions of this Agreement that by their context are intended to survive: Terms of Agreement Paragraphs 3.e (Funding), 5.d (Termination), 9-14, 17 (Integration, Merger; Waiver); and Attachment 2, paragraphs 1 (Project Administration), 7, 9, 11, 13 (Finance), and 37-41 (Maintenance and Contribution).
15. Agency certifies and represents that the individual(s) signing this Agreement has been authorized to enter into and execute this Agreement on behalf of Agency, under the direction or approval of its governing body, commission, board, officers, members or representatives, and to legally bind Agency.
16. This Agreement may be executed in several counterparts all of which when taken together shall constitute one agreement binding on all Parties, notwithstanding that all Parties are not signatories to the same counterpart. Each copy of this Agreement so executed shall constitute an original.
17. This Agreement and attached exhibits constitute the entire agreement between the Parties on the subject matter hereof. In the event of conflict, the body of this Agreement and the attached exhibits will control over Project application and documents provided by Agency to State. There are no understandings, agreements, or representations, oral or written, not specified herein regarding this Agreement. No waiver, consent, modification or change of terms of this Agreement shall bind either party unless in writing and signed by both Parties and all necessary approvals have been obtained. Such waiver, consent, modification or change, if made, shall be effective only in the specific instance and for the specific purpose given. The failure of State to enforce any provision of this Agreement shall not constitute a waiver by State of that or any other provision. Notwithstanding this provision, the Parties may enter into a Right Of Way Services Agreement in furtherance of the Project.
18. State's Contract Administrator for this Agreement is Caroline Crisp, Planner 3, 350 W Marine Dr, Astoria OR 97103, (503) 313-6812, or assigned designee upon individual's absence. State shall notify the other Party in writing of any contact information changes during the term of this Agreement.

SPECIAL PROVISIONS

1. State or its consultant shall conduct all work components necessary to complete the Project, except for those responsibilities specifically assigned to Agency in this Agreement.
 - a. State or its consultant shall conduct preliminary engineering and design work as provided in Terms of Agreement Paragraph 1.
 - b. State will perform project management and oversight activities throughout the duration of the Project. The cost of such activities will be billed to the Project.
2. If Agency fails to meet the requirements of this Agreement or the underlying federal regulations, State may withhold the Agency's proportional share of Highway Fund distribution necessary to reimburse State for costs incurred by such Agency breach.
3. Those provisions of Attachment No. 2 – Federal Standard Provisions which pertain to construction and maintenance do not apply to this Agreement.

ATTACHMENT NO. 2 FEDERAL STANDARD PROVISIONS

PROJECT ADMINISTRATION

1. State (ODOT) is acting to fulfill its responsibility to the Federal Highway Administration (FHWA) by the administration of this Project, and Agency (i.e. county, city, unit of local government, or other state agency) hereby agrees that State shall have full authority to carry out this administration. If requested by Agency or if deemed necessary by State in order to meet its obligations to FHWA, State will act for Agency in other matters pertaining to the Project. Prior to taking such action, State will confer with Agency concerning actions necessary to meet federal obligations. State and Agency shall each assign a person in responsible charge "liaison" to coordinate activities and assure that the interests of both Parties are considered during all phases of the Project.
2. Any project that uses federal funds in project development is subject to plans, specifications and estimates (PS&E) review and approval by FHWA or State acting on behalf of FHWA prior to advertisement for bid proposals, regardless of the source of funding for construction.
3. State will provide or secure services to perform plans, specifications and estimates (PS&E), construction contract advertisement, bid, award, contractor payments and contract administration. A State-approved consultant may be used to perform preliminary engineering, right of way and construction engineering services.
4. Agency may perform only those elements of the Project identified in the special provisions.

PROJECT FUNDING REQUEST

5. State shall submit a separate written Project funding request to FHWA requesting approval of federal-aid participation for each project phase including a) Program Development (Planning), b) Preliminary Engineering (National Environmental Policy Act - NEPA, Permitting and Project Design), c) Right of Way Acquisition, d) Utilities, and e) Construction (Construction Advertising, Bid and Award). Any work performed prior to FHWA's approval of each funding request will be considered nonparticipating and paid for at Agency expense. State, its consultant or Agency shall not proceed on any activity in which federal-aid participation is desired until such written approval for each corresponding phase is obtained by State. State shall notify Agency in writing when authorization to proceed has been received from FHWA. All work and records of such work shall be in conformance with FHWA rules and regulations.

FINANCE

6. Federal funds shall be applied toward Project costs at the current federal-aid matching ratio, unless otherwise agreed and allowable by law. Agency shall be responsible for the entire match amount for the federal funds and any portion of the Project, which is not covered by federal funding, unless otherwise agreed to and specified in the intergovernmental Agreement (Project Agreement). Agency must obtain written approval from State to use in-kind contributions rather than cash to satisfy all or part of the matching funds requirement. If federal funds are used, State will specify the Catalog of Federal Domestic Assistance (CFDA) number in the Project Agreement. State will also determine and clearly state in the Project Agreement if recipient is a subrecipient or contractor, using the criteria in 2 CFR 200.331.

7. If the estimated cost exceeds the total matched federal funds available, Agency shall deposit its share of the required matching funds, plus 100 percent of all costs in excess of the total matched federal funds. Agency shall pay one hundred (100) percent of the cost of any item in which FHWA will not participate. If Agency has not repaid any non-participating cost, future allocations of federal funds or allocations of State Highway Trust Funds to Agency may be withheld to pay the non-participating costs. If State approves processes, procedures, or contract administration that result in items being declared non-participating by FHWA, such items deemed non-participating will be negotiated between Agency and State. Agency agrees that costs incurred by State and Agency for services performed in connection with any phase of the Project shall be charged to the Project, unless otherwise mutually agreed upon by the Parties.
8. Agency's estimated share and advance deposit.
 - a) Agency shall, prior to commencement of the preliminary engineering and/or right of way acquisition phases, deposit with State its estimated share of each phase. Exception may be made in the case of projects where Agency has written approval from State to use in-kind contributions rather than cash to satisfy all or part of the matching funds requirement.
 - b) Agency's construction phase deposit shall be one hundred ten (110) percent of Agency's share of the engineer's estimate and shall be received prior to award of the construction contract. Any additional balance of the deposit, based on the actual bid, must be received within forty-five (45) days of receipt of written notification by State of the final amount due, unless the contract is cancelled. Any balance of a cash deposit in excess of amount needed, based on the actual bid, will be refunded within forty-five (45) days of receipt by State of the Project sponsor's written request.
 - c) Pursuant to Oregon Revised Statutes (ORS) 366.425, the advance deposit may be in the form of 1) money deposited in the State Treasury (an option where a deposit is made in the Local Government Investment Pool), and an Irrevocable Limited Power of Attorney is sent to State's Active Transportation Section, Funding and Program Services Unit, or 2) an Irrevocable Letter of Credit issued by a local bank in the name of State, or 3) cash or check submitted to the Oregon Department of Transportation.
9. If Agency makes a written request for the cancellation of a federal-aid project; Agency shall bear one hundred (100) percent of all costs incurred as of the date of cancellation. If State was the sole cause of the cancellation, State shall bear one hundred (100) percent of all costs incurred. If it is determined that the cancellation was caused by third parties or circumstances beyond the control of State or Agency, Agency shall bear all costs, whether incurred by State or Agency, either directly or through contract services, and State shall bear any State administrative costs incurred. After settlement of payments, State shall deliver surveys, maps, field notes, and all other data to Agency.
10. Agency shall make additional deposits, as needed, upon request from State. Requests for additional deposits shall be accompanied by an itemized statement of expenditures and an estimated cost to complete the Project.
11. Agency shall, upon State's written request for reimbursement in accordance with Title 23, CFR part 630.112(c) 1, as directed by FHWA, reimburse State for federal-aid funds distributed to Agency if the following event occurs:

- a) Right of way acquisition is not undertaken or actual construction is not started by the close of the twentieth federal fiscal year following the federal fiscal year in which the federal-aid funds were authorized for right of way acquisition. Agency may submit a written request to State's Liaison for a time extension beyond the twenty (20) year limit with no repayment of federal funds and State will forward the request to FHWA. FHWA may approve this request if it is considered reasonable.
 - b) .
12. State shall, on behalf of Agency, maintain all Project documentation in keeping with State and FHWA standards and specifications. This shall include, but is not limited to, daily work records, quantity documentation, material invoices and quality documentation, certificates of origin, process control records, test results, and inspection records to ensure that the Project is completed in conformance with approved plans and specifications.
 13. State shall submit all claims for federal-aid participation to FHWA in the normal manner and compile accurate cost accounting records. State shall pay all reimbursable costs of the Project. Agency may request a statement of costs-to-date at any time by submitting a written request. When the final total cost of the Project has been computed, State shall furnish Agency with an itemized statement. Agency shall pay an amount which, when added to said advance deposit and federal reimbursement payment, will equal one hundred (100) percent of the final total cost of the Project. Any portion of deposits made in excess of the final total cost of the Project, minus federal reimbursement, shall be released to Agency. The actual cost of services provided by State will be charged to the Project expenditure account(s) and will be included in the final total cost of the Project.
