John Walsh – City Manager City of St. Helens 265 Strand Street St. Helens, Oregon 97051

**RE: Request for Solid Waste and Recycling Rate Adjustment** 

Dear Mr. Walsh,

Hudson Garbage Service would like to propose an adjustment to our solid waste and recycling collection rates. We continue to experience upward cost pressures in our business as we have the past several years. Fuel costs continue to remain unstable and have increased from prior year. We have also continued to evaluate and raise our employee wages to remain competitive in our driver and mechanic ranks specifically. Skilled and professional drivers and mechanics remain challenging to recruit and retain, causing increased labor costs to our company.

Columbia County is increasing the disposal fee at the transfer station 3.6% effective July 1<sup>st</sup>, 2024, also impacting the cost of our operation. As you know, the disposal component is a large percentage of our rates we charge customers. Supply chain challenges remain impactful to our business specifically the cost for parts and materials for our equipment. New truck deliveries from manufacturers are still delayed anywhere from 12-18 months, causing us to run older equipment longer than anticipated at a higher cost.

These are a few examples of some of our larger cost impacts. Given these pressures, we are requesting an increase of 4.3% on all service rates, effective July 1, 2024. CPI-U is a reasonable and objective measure of our cost increases that is commonly used in industry for evaluating our cost of doing business. At year-end 2023, the CPI-U index was 4.3%.

We look forward to meeting with the Council to answer any questions. We also want to thank you and the City of St. Helens for the continued relationship we have. We are proud to be your community partner!

Regards,

Josh Brown

Josh Brown District Manager
