NEW BUSINESS

2. Annual Report to City Council - Lathrope

Lathrope asked for input from commissioners including emailed info about each individual park in the next couple weeks.

3. Elephant Slide - Lathrope

Visited Campbell Park with Buck before field trip this Saturday and looked over amenities. Lathrope is sending Kathy notification of possible quorum that day but no decisions will be made. The elephant slide came up during their walk through and she believes it needs to be removed due to deterioration. Jacobson asked if it could be refurbished, Lathrope does not feel it can be.

Lathrope asked for a motion to have parks crew remove the slide.

Jacobson would like more information about possible refurbishment.

Lathrope believes that the two parks department employees she spoke to are not sure that it would survive the move but is open to many art preservation options once removed due to safety.

Jacobson made the motion . . .

Pettit seconded

All in favor

4. Civic Pride Update - Gonzales

Gonzales stated that she is working on blackberry and ivy removal from the trees. Blumenthal and Pettit gave tips on ivy removal. Gonzales mentioned that she heard it is in the master plan to put in a splash pad. she is meeting with Shawn Hogan of Cistus Nursery about plants that would not interfere with the future splash pad.

She is concerned about the amount of garbage and litter that overflows from the grocery store.

Jacobson mentioned that he feels it would make a great community garden.

Blumenthal wants her to put in native plants.

Pettit reminded her to put in water before she puts in her plants. Gonzales said she had already talked to the Parks department about that.

Lathrope asked if she had any plans to host a field trip. Gonzales said . . .

OLD BUSINESS

Grant Sub-Committee - Pettit

Pettit said that the current volunteers for the sub-committee are Scott, Jerry, and Lynn and they are going to be getting together in the next couple weeks. They are going to keep it to 3 members for now.

Lathrope asked if they are going to bring grants to the commission. Pettit said that they are going to bring them to jenny first.

Columbia View Park - Jacobson

Jacobson met with John Walsh and Jenny Dimsho and realized that the placing of the stage is already quite a way down the road on the development plan. He feels there could be better communication between City Council and others in the future.

Blumenthal stated that there were many public hearings on the placing on the stage, so the City did discuss it.

Woodruff asked if the old playground equipment from Columbia View Park can be used for Campbell Park. Lathrope believes that it already has quite bit of damage.
