Subject: Columbia Learning Center Board Appointment

Hi Kathy,

The Columbia Learning Center Board met this past Saturday. Recently, the Board has had 9 members but in the not too distant past, there were only 8. Two of the positions are to be appointed by the City Council. As you know, Patrick and I are currently filling those positions. With my resignation, the Board agreed that a return to 8 members would actually make it easier to schedule meetings and get everyone together. They asked Chris Iverson if he would be willing to be the other City appointee and he said he would if the City Council agrees.

Would you please put this on the Council Work session agenda for discussion?

Thanks,
Margaret
