On Tuesday, 10/02/2021 at approximately 1030 hours, I met with Mr. Leland Derrick at his residence at 325 N 11th St, in St. Helens, OR to conduct a prescheduled Animal Facility License Application inspection. This inspection is to ensure the premises is in compliance with Ordinance 6.04.080, OAR 609.415, OAR 609.420, OAR 603-015-0025 through 603-015-0065. Included with her application was her liability insurance information from State Farm Insurance Company () and information regarding where they seek veterinary care for their animals, Midway Veterinary Clinic. Leland stated that they do not take the chickens to the vet, but they do basic routine care at home.

I noticed his home is a single-family home in a residential neighborhood. Leland explained that the facility license is to allow him to have a larger number of chickens/ducks for egg production, not to run a shelter or boarding service. Leland has a total of 18 chickens, all of whom appeared to be in good health.

I saw the residence had a spacious back yard encircled with a sturdy 6' fence. The fence was in good condition. The chickens are kept inside a spacious coop. Inside the coop there is a heat lamp that they use during winter as well as 4 individual nesting spaces. This space has adequate runoff to prevent water pooling. Leland told me that they let the chickens out in the yard when they are outside to let them run around and exercise.

The chickens did not appear to be aggressive. The food was stored in a sealed plastic container to prevent vermin infestation. The food is served inside a container with feeding tubes attached to keep food covered; water is served in bowls. Leland explained that the chickens mainly stay inside of the coop.

The yard is clean and orderly. Leland said they have self decomposing bark dust, when and if needed they will scoop out the poop and put it into the garbage. The backyard did not have any smell of feces or urine. While Leland does not have a quarantine area for possible diseased animals, he stressed she does not run a shelter or "rescue facility".

I am not aware of any recent complaints received by SHPD regarding noise, odors, stray animals, or other Ordinance violations regarding Leland or his residence. In my opinion I think that Leland should be granted her Animal Facility License.

Thank you,

Code Enforcement Officer Moreno

Animal Facility License Application

St. Helens Municipal Code Chapter 6.04

If you own any of the following inside the city limits, you must have an Animal Facility License:

- More than 3 adult dogs; or
- More than 3 adult dogs and one litter of puppies; or
- More than 3 adult hens and/or ducks and 6 chicks or ducklings under 9 weeks; or
- More than 3 adult rabbits and/or 1 litter of bunnies under 9 weeks; or
- An exotic animal

Complete the application and return to the above address with the fee, copies of your dogs' licenses and a copy of your homeowners insurance. You must list each animal separately in the space provided below that you intend to keep at your facility. Your facility, including perimeter fence if required, must be inspected before your application will be forwarded to the City Council for action. The Police Department will contact you within 10 days of application to schedule an inspection. The application fee is \$40 for a two year license and must be renewed prior to expiration.

If your application is denied, you have two options to obtain compliance: 1) You meet the requirements for an animal facility license; or 2) you have only allowed animals on your property. Once you can prove that you are in compliance for a license, we can seek approval by the City Council. If you have eliminated the need for an animal facility license, you may request a refund of the application fee.
