SUBMITTED BY: Hari Karikaran

PRESENTER: Hari Karikaran

PURPOSE: Discuss 2022's upcoming paving program.

FACTS: In March of 2021, Council was presented with a proposed two-year paving program. The City is halfway through and preparing for the 2022 program. With three years of paving complete, the Engineering Department is revisiting the estimates we have been using and adjusting them based on our experience to date. The City realized roughly \$2 million in savings from the 2021 paving budgeted. We are recommending that this savings be added to the 2022 paving program to allow for even more paving work to be performed in the year ahead.

OPTIONS: Approve, Deny, Defer
