**DETAILS OF ZONING REQUEST**

Since the city's incorporation, the site has been zoned R-100 (Medium Lot Residential). The subject property is currently development as a single-family detached dwelling. The applicant is proposing to operate a Personal Care Home for 6 or less, which is classified as a Type II Home Occupation Business. The property has a frontage on Jojanne Lane.

The existing structure is a two-story dwelling. There's the kitchen, dining, family room located on the first/main floor. One the second level there resides three (3) bedrooms, which includes the master bedroom. The total square footage is approximately 1,825 sq. ft.

The city's land use policy document does support the proposed operation. The City of Stonecrest 2038 Comprehensive Plan has designated the parcel with the Suburban Zone land use designation. The Suburban intends to recognize those areas of the city that have developed traditional suburban land se patterns while encouraging new development to have increased connectivity and accessibility.

Within Chapter 27 of the Zoning Ordinance, Section 4.2.41 (Personal care homes and child caring institutions) elaborates on the rules and regulations that applicants must abide by when operating Person Care Homes. General requirements for all person care homes are:

1. If owned by a corporation, partnership, Limited Liability Company, or any entity other than a natural person, the administrator identified in the state license application must reside in the personal care home. If owned by an individual, the individual owner must reside in the group personal care home.
2. Each personal care home must obtain a city license as well as all license(s) and/or permit(s) required by the State of Georgia before beginning to operate. Each personal care home licensed and/or permitted by the State of Georgia must display its state-issued and city-issued license(s) and/or permit(s) in plain view, visible from the front doorway of the

facility.

3. No personal care home may display any exterior signage that violates the sign ordinance in chapter 21 of the Code or the sign provisions in the zoning regulations for the underlying zoning district where the personal care home is located.
4. Personal care homes may apply for an FHA Accommodation Variance as provided for in section 7.5.9 of Chapter 27 (Zoning Ordinance).
5. No city permit for the operation of the personal care home shall be transferable.

Requirements for Personal Care Home, group (up to six persons) must comply with the following:

1. Two copies of complete architectural plans for the subject group personal care home, signed or sealed by a registered architect, shall be submitted to the director of planning prior to issuance of a building permit or business license.
2. Each group personal care home must provide at least four parking spaces within a driveway, garage or carport and must comply with any applicable requirements in article 6.
3. The home must be at least 1,800 sq. ft in size.
4. In order to prevent institutionalizing residential neighborhoods, no group personal care home located in a residential zoning district may be operated within 1,000 feet of any other group personal care home. The 1,000-foot distance requirement is measured by a straight line which is the shortest distance (i.e., "as the crow flies") between the property lines of the two tracts of land on which the group personal care homes are located.

To whom it may concern,

Our Mission is To provide a safe and long term housing opportunity for individuals with Intellectual/Developmental Disabilities. Our residential program is geared to support people with Intellectual Developmental Disabilities by assisting them with their daily living skills, occupational, recreational, educational and spiritual goals. We plan to provide them with opportunities to live independently and in the most integrated setting possible. Following the Person Centered Planning Model, we encourage individuals to become self advocates in all areas of their life.

We are reaching out to the local community for support to give adults an opportunity to build rapport with the local community and participate in a safe way of life. We offer the IDD population an outlet for development and support to be able to express themselves fully without fear of community bias, prejudice, or judgment. Also too, for the community we provide them with information and support to accept individuals with developmental disabilities into their communities.

Our housing program will support the individual, their families/provider and advocates according to the Individual Service Plan. We look at the whole individual and plan to keep them engaged with all of their service providers which include, Family, teachers, employers, doctors, therapists and all others connected to that individual.. Our services will support individuals with complex behavioral or medical needs. The address listed above was approved in the past for a similar permit. We are looking to reapply and offer these services under our business Quasell LLC, with the residence name Quasell Residential, here in Lithonia.

To support our vision, you can visit our website (coming soon) Or you can contact us by phone or email at the information listed below.

Thank you again and we look forward to working with you in building up our community very soon.

Sincerely,
