PRESENTER: Gia Scruggs, City Manager

PURPOSE: Berry Dunn presented updates to the Business and Residential Support programs at the August 14, 2023 Work Session. Some of the recommendations from the presentation to include a funding request of \$100,000 for 6 businesses that were deemed eligible once the verification of Business Licenses was completed. There is a recommendation to allow applicants who did not submit all the required information to have additional time to submit missing documentation and be considered for funding. In addition to the extension of time, the additional request is for the funding for the 6 businesses and the potential residential applications. The funding request is for an amount not to exceed \$400,000.
