

Text Modification to the City of Stonecrest Zoning Ordinance to allow Wineries and associated uses.

Purpose: To promote business and agritourism in the City by allowing the development of wineries and associated uses, including vineyards, tasting rooms, wholesale trade and limited retail trade.

Issues:

- (1) The City's Zoning Ordinance currently does not directly address the issue of wineries and associated uses, which have become a popular use in other parts of the state.
- (2) Any winery would have to follow associated laws related to alcohol sales and onsite consumption.
- (3) Wineries depending on their scale of operation include a wide range of land uses, including agriculture (vineyards), industry (fermentation and bottling), warehousing, retail sales, office, and event space, therefore careful consideration must be made for limitations on scale and appropriate buffers.

Definition of the use

Addition to Sec. 9.1.3 Defined Terms

Winery – means an agricultural processing plant used for the commercial purpose of processing grapes, other fruit products, or vegetables to produce wine or similar spirits. Processing includes wholesale sales, crushing, fermenting, blending, aging, storage, bottling, administrative offices, and warehousing. A winery may also include associated retail sales and tasting facilities of wine and related promotional items, as part of their operation.

Tasting room - means an outlet for the promotion of a winery's wine by providing samples of such wine to the public and for the sale of such wine at retail for consumption on the premises and for sale in closed packages for consumption off the premises. Samples of wine can be given free of charge or for a fee.

Where to allow the use

- Modify the Table 3.1 Overlay Use Table, under Sec. 3.1.6, by adding Wineries and associated uses under "Agriculture and forestry", show as a Special Administrative Permit (SA) in the Arabia Mountain Conservation Overlay
- Modify Sec. 3.4.5. Principal uses and principal structures, of the Arabia Mountain Conservation Overlay District, by adding Subsection A.6. Wineries and associated uses (with a Special Administrative Permit)
- Modify Sec. 4.1.3 – Use Table. Insert Wineries and associated uses under "Agriculture and forestry", show as a Special Administrative Permit (SA) under the RE and RLG zoning districts. Also show a check mark under the last column in the table for "See section 4.2"
