SUBJECT: 1082 New Gibraltar Square (Parcel ID: 18 089 18 022) Variance for Lot Coverage, Rear and Side Yard

Item: Action Item

Department: Planning and Zoning Department

Presented By: Tamaya Huff, Planning Manager

PROJECT SUMMARY

The applicant is submitting a request for a variance pertaining to the property located at 1082 New Gibraltar Square (Parcel ID 18-089-18-022). The request includes increasing the maximum lot coverage to 57%, a reduction of the side yard along the northern property line to 4.55 feet, a reduction of the side yard along the southern property line to 2.05 feet, and a reduction of the rear yard to 14.85 feet. The purpose of this variance is to enable the expansion of the existing rear deck and new addition in the backyard.

ZONING HISTORY

The property is zoned R-2 Traditional Residential and measures approximately 0.1 acres. Built in 1986, it was originally classified as R-100, allowing a rear yard setback of 15 feet and a side yard setback of 5 feet, as shown in the attached survey. On December 2, 2008, the City of Stone Mountain rezoned the property to R-2. Under Section 6-1.2(4), existing legal structures can continue to operate as long as they are not "enlarged, extended, or relocated," unless the use changes to one allowed in the new zoning district. Any modifications must comply with the current yard, buffer, height, and dimensional requirements of the R-2 Zoning District. Thus, the applicant must ensure the new addition and deck meet these current requirements or seek a variance for potential relief under the Stone Mountain Code of Ordinances.

GENERAL STANDARDS FOR APPLICATION APPROVAL

Applications for variances shall adhere to the provisions set forth in section 2-1.3 (procedure for amending the zoning ordinance). The mayor and city council shall authorize variances from the terms of this zoning ordinance only upon making all of the following findings:

- 1) There are extraordinary and exceptional conditions pertaining to the particular property in question because of its size, shape or topography.
- 2) The application of this zoning ordinance to the particular piece of property would create unnecessary hardship.
- 3) Such conditions are not the result of any actions of the property owner; and
- 4) Relief if granted would not cause substantial detriment to the public good nor impair the purposes or intent of this zoning ordinance

STAFF RECOMMENDATION

Item1: The parcel is rectangular and situated on a steep slope, resulting in a high rear yard

and a narrow front yard, creating a broad but shallow rear backyard. Prior to the City-wide zoning change, the yard setbacks established under the R-100 Zoning increased the setbacks of an already shallow back yard from 15 feet to 30 feet. Consequently, staff deems the current lot configuration an exceptional condition that was exacerbated by the city-wide change from R-100 to R-2.

Item 2: The property has a unique hardship due to the narrow rear yard being imposed with a 30-foot setback requirement. The proposed addition would further reduce the rear yard to 15.20 feet, still falling short of this standard. Currently, the lot coverage is 57%, above the 40% limit for the R-2 Zoning District. The development plan aims to lower this to 54% by removing patios and replacing a deck. This minor reduction will not worsen the property's non-conformity and is deemed reasonable.

Item 3: The original lot configuration was approved under the R-100 Zoning District. The definition of a rear yard is the minimum horizontal distance between the rear lot line and the rear of the main building or any projections. Due to the addition, the rear yard attainable with the addition is 15.15 feet, requiring 14.85-foot yard reduction from the 30-foot yard standard. As the lot is formerly zoned R-100, and the minimum rear yard is 15 feet, the proposed 15.20-foot setbacks would not increase the nonconformity, and which was not created by the property owner, but a change in Zoning District regulations that resulted between 1986 and 2008.

Item 4: In accordance with Section 5-2.1, properties and structures are required to conform to the established characteristics of the neighborhood, thereby ensuring continuity and adherence to the intents of the zoning regulations. However, this concern is mitigated upon a review of the surrounding structures which indicates that each adjacent parcel contains buildings situated more than 15 feet from the property lines surrounding 1082 New Gibraltar Square. The applicant intends to establish adequate separation through the installation of an 8-foot-high fence for the side and rear yards, and the improvement will reduce the non-conformity of the lot coverage from 54 percent to 57%. Moreover, considering the unique attributes of the parcel, the evolution of zoning regulations over time, and the absence of any proposal to increase nonconformity, staff expresses support for the proposed reductions in yard for the replacement deck, addition, and proposed lot coverage. These requests are deemed reasonable in light of the exceptional conditions of the property, the minimal potential impacts to surrounding property, which are inherently limited in nature.

Staff recommend **APPROVAL** of the following variances in accordance with Sections 5-2.5 of the R-2 Traditional Zoning District.

- **Side Yard Setback (North Lot Line): 4.55 feet**
- **Side Yard Setback (South Lot Line): 2.05 feet**
- **Rear Yard Setback: 14.85 feet**
- **Lot Coverage that does not exceed 54 %**

CITY OF STONE MOUNTAIN
PLANNING AND ZONING DEPARTMENT

I. SUMMARY

The applicant seeks a variance to increase the maximum lot coverage to 57%, reduce the side yard setback along the northern property line to 4.55 feet, reduce the side yard setback along the southern property line to 2.05 feet and the rear yard setback to 14.85 feet at the subject property located at 1082 New Gibraltar Square (Parcel ID 18-089-18-022). The applicant is requesting this variance to facilitate the expansion of the existing rear deck and the construction of a new addition in the backyard.

II. ZONING REQUIREMENTS

The subject property is zoned Traditional Residential (R-2). Per Section 5-2.1 the intent of the zoning district is to:

- Preserve the historic integrity of Stone Mountain's residential neighborhoods.
- Restrict uses to low-density single-family residences.
- Maintain consistent densities with existing neighborhoods.
- Protect established areas from incompatible development.

The district development regulations per Sec 5-2.5 include:

- Minimum Side Yard :10 feet
- Minimum Rear Yard :30 feet
- Maximum lot coverage:40 percent, including off-street parking.

III. ZONING HISTORY

The subject property is presently zoned R-2 and encompasses an area of approximately 0.1 acres. According to the DeKalb County Property Appraiser database in Georgia, the structure was constructed in 1986. At that time, it was classified under the DeKalb County Zoning District as R-100, which permitted a rear yard setback of 15 feet and a side yard setback of 5 feet, as illustrated by the accompanying survey and plat included in the appendix of this report. On December 2, 2008, the City of Stone Mountain officially adopted its zoning map, resulting in the rezoning of the property to the R-2 Zoning District. Consequently, in accordance with Section 6-1.2(4) regarding General Rules for Nonconforming Use Continuance, land and structure uses that were legal prior to the amendments to the zoning ordinance may only continue if they are not “enlarged, extended, or relocated,” except when the use is changed to one that is permitted within the zoning district in which the property is located. In such instances, any expansion, enlargement, or relocation of buildings or structures must comply with the yard, buffer, height, and other dimensional requirements pertinent to the underlying zoning district. Therefore, the applicant intending to construct a new addition and deck must ensure that the proposed modifications conform to the current dimensional requirements of the R-2 Zoning District.

IV. EXISTING SITE CONDITIONS

The primary structure is a single-family detached residence with a total area of 4,356 square feet, of which 2,076 square feet is classified as heated living space. Furthermore, the property features an exterior rear deck measuring 112 square feet, excluding the 48-foot overhang. Per the DeKalb County Property Appraiser, the current rear deck measures approximately 14 feet by 8 feet. The staff measured the proposed rear deck dimensions at 11.56 feet by 19.63 feet, yielding an area of 226.92 square feet. The applicant provided that the proposed

CITY OF STONE MOUNTAIN
PLANNING AND ZONING DEPARTMENT

deck dimensions are 240 square feet, and the addition is 240 square feet. Staff completed calculations that indicate the new addition will expand the heated floor space by 4.82 feet into the rear yard if expanded to 226 square feet.

The property is characterized by a gentle slope originating from the principal structure, which is situated at an elevation of 982 feet and descends toward the eastern property line, where there is a nominal elevation decrease of 4 feet. At present, the northern boundary of the lot measures 79 feet and adjoins 1086 New Gibraltar Square. Conversely, the southern property line has a length of 65 feet, resulting in a 14-foot differential between the front and rear boundary lines, which yields an elongated rectangular configuration of the lot. The rear boundary to the west, which faces 1083 and 1073 Rankin Street, also measures 65 feet, while the eastern boundary is 57 feet, further enhancing the distinct rectangular shape of the parcel.

The lot is currently enclosed by a fence, which is positioned outside the property line, thus encroaching upon the northern boundary of the adjacent parcel at 1086 New Gibraltar Square, as well as the southern boundary at 1078 New Gibraltar Square. The applicant, acting as the representative of the property owner, has submitted an application that is currently under review by the Planning and Zoning Department. This application proposes the removal of the existing fence and aims to position a new fence within the property boundaries, with an elevation of 8 feet along the rear and side lot lines.

IV. VARIANCE REQUEST(s)

Plans presented by the applicant propose the following variances, as depicted in Table 1.

Table 1. Applicant Proposed Variance Request

Location	Measured in Feet		
	Proposed Yard	Requirement Per Sec 5-2.5	Variance
Replacement Deck			
Side Yard (North)	8	10	2
Addition			
Rear Yard	16	30	14

Staff reviewed the applicant’s submittal and noted the scale did not depict a ratio of 20 feet per 1 inch but rather 2.10 inches per 20 feet. Calculations based on the appropriate scale are shown in Table 2, where applicable.

V. GENERAL STANDARDS FOR APPLICATION APPROVAL

Applications for variances shall adhere to the provisions set forth in section 2-1.3 (procedure for amending the zoning ordinance). The mayor and city council shall authorize variances from the terms of this zoning ordinance only upon making all of the following findings:

- A. There are extraordinary and exceptional conditions pertaining to the particular property in question because of its size, shape or topography.

The current parcel is shaped like a rectangle and is located on a steep slope. This results in a significantly elevated rear yard and a narrower front yard, creating a broad but shallow rear yard. The rear yard on the south side of the lot is narrower than on the north side, which limits the available space for expanding the structure at the southwest corner of the parcel. Therefore, staff believe that the existing configuration of the lot presents an exceptional condition.

- B. The application of this zoning ordinance to the particular piece of property would create unnecessary hardship.

The property is confronted with a unique and undue hardship due to the tapering of the rear yard, which decreases in width from the northern lot line to the southern lot line. This configuration presents significant challenges for the applicant seeking to construct an addition while complying with the required rear yard setbacks, specifically the 30-foot setback mandated from the northern half to the southern half of the rear yard. In accordance with the regulations established for the R-100 Zoning District, the parcel is authorized to maintain a rear yard of 15 feet. The proposed construction of the addition will result in a rear yard of 15.15 feet, which constitutes a reduction of 14.85 feet from the mandated standard of 30 feet R-2 Zoning Requirements. This request will not alter the existing non-conformity status of the property.

At present, the lot coverage area stands at 57%, surpassing the R-2 base zoning district requirement of 40%, as delineated in Section 5-2.5(13). This calculation incorporates the existing house, driveway, and patios. The proposed development plan entails the removal of the patios, the construction of an addition, and the replacement of the deck, which is projected to reduce the lot coverage to 54%. A strict interpretation of the zoning code would prohibit any expansion of the primary structure within its existing footprint, thereby maintaining the lot coverage at the current level of 57%. Consequently, the proposed reduction in lot coverage to 54% is unlikely to exacerbate non-conformity. Therefore, the staff is of the opinion that this proposed reduction in lot coverage is justifiable as it reduces the non-conformity and is reasonable.

- C. Such conditions are not the result of any actions of the property owner; and

CITY OF STONE MOUNTAIN
PLANNING AND ZONING DEPARTMENT

The original lot configuration was approved under the R-100 Zoning District. The definition of a rear yard is the minimum horizontal distance between the rear lot line and the rear of the main building or any projections. Due to the addition, the rear yard attainable with the addition is 15.15 feet, requiring a 14.85-foot yard reduction from the 30-foot yard standard. As the lot is formerly zoned R-100, and the minimum rear yard is 15 feet, the proposed 15.20-foot setback would not increase the nonconformity and were not created by the property owner, but a change in Zoning District regulations that resulted between 1986 and 2008.

- D. Relief, if granted, would not cause substantial detriment to the public good nor impair the purposes or intent of this zoning ordinance.

A variance provides the opportunity for adjustments to existing zoning regulations, specifically concerning yard requirements, provided that such modifications do not significantly diverge from the standards established for the underlying zoning district. For instance, a proposal to reduce the rear yard setback to 15 feet would fall short of meeting the requirements set forth for the In-Town Neighborhood (R-3) District and would considerably contradict the stipulations applicable to the R-2 Zoning District. Such a deviation from the rear yard specifications articulated for the R-2 Traditional Zoning District would not fulfill the intent of the zoning ordinance. This situation raises concerns regarding compatibility with adjoining land uses and may adversely impact neighboring properties, particularly given the property's location within a subdivision. The proposed reduction of the rear yard along the southern lot line would position the structure in closer proximity to Parcel 1078, New Gibraltar Square. In accordance with Section 5-2.1, properties and structures are required to conform to the established characteristics of the neighborhood, thereby ensuring continuity and adherence to the intents of the zoning regulations. However, this concern is mitigated upon a review of the surrounding structures which indicates that each adjacent parcel contains buildings situated more than 15 feet from the property lines surrounding 1082 New Gibraltar Square. The applicant intends to establish adequate separation through the installation of an 8-foot-high fence for the side and rear yards, and the improvement will reduce the non-conformity of the lot coverage. Moreover, considering the unique attributes of the parcel, the evolution of zoning regulations over time, and the absence of any proposal to increase nonconformity, staff expresses support for the proposed reductions in yard for the replacement deck, addition, and proposed lot coverage. These requests are deemed reasonable in light of the exceptional conditions of the property, the minimal potential impacts to surrounding property, which are inherently limited in nature.

VI. STAFF RECCOMENDATION

Staff recommend APPROVAL of the following variances in accordance with Sections 5-2.5 of the R-2 Traditional Zoning District.

- Side Yard Setback (North Lot Line): 4.55 feet
- Side Yard Setback (South Lot Line): 2.05 feet
- Rear Yard Setback: 14.85 feet
- Lot Coverage that does not exceed 54%

PREAPPLICATION REVIEW MEETING: Prior to submitting an application, all are required to meet with the City Planner who will review the applicant's proposal and site plan. No pre-application review meeting will be held on the day of the filing deadline. Applicants are required to bring the site plan and tax parcel identification number(s) to the meeting.

REQUIRED ITEMS FOR USE PERMIT APPLICATIONS:

- ITEM 1. **PRE-APPLICATION MEETING FORM:** A signed pre-application form must be submitted that applicants will receive from the planner following their pre-application meeting.
- ITEM 2. **APPLICATION FORM:** Original and notarized signatures of the property owner(s) and applicant(s) or a notarized statement by the applicant as to ownership are required. If a contract is used in lieu of the owner's signature, the signature on the contract must be an original and the contract must be valid for the duration of the rezoning process. See the application form for additional details.
- ITEM 3. **SITE PLAN CHECKLIST:** The site plan checklist details the minimum requirements for site plans.
- ITEM 4. **SITE PLAN/SURVEY:** Site plans/surveys must meet the minimum requirements specified within the Site Plan Checklist.
- ITEM 5. **LEGAL DESCRIPTION:** The legal description must be a *metes and bounds* description of the property that establishes a point of beginning and gives directions (bounds) and distances (metes) of property lines. If the property consists of more than one parcel, all parcels must be combined into one legal description.
- ITEM 6. **LETTER OF INTENT:** The Letter of Intent should state the requested use permit(s) and should include factual details about the proposed use(s), such as number and square footages of buildings, number of residential units, minimum heated floor area of residential units, number of fixed seats in places of worship, number of employees and beds in assisted living facilities, personal care homes and nursing homes, number of employees and students in day care facilities, number of classrooms and number of students in schools,

hours of operation, and number and use of playing fields.

- ITEM 7. **IMPACT Analysis:** A written analysis of the impact of the proposal with respect to the criteria listed in Appendix A - Zoning; Article II - Administration ; Section 2-1.11 Variance Standards and Procedures.
- ITEM 8. **DISCLOSURE FORM:** If the owner, applicant and/or applicant's representative has made a campaign contribution to any member of City Council for \$250.00 or more within the past 2 years, Sections 1 through 4 of the Disclosure Form must be completed. If no contributions have been made, *No* should be checked and Section 4 of the form completed.
- ITEM 3. **APPLICATION FEE:** A \$400 application fee shall be paid and can be processed via a check made out to the City of Stone Mountain or a credit card. Credit card payments can be processed at City Hall or via the Credit Card Authorization Form that is attached to this application.

MEETINGS AND PUBLIC HEARINGS:

- A) **The Planning Commission (PC)** holds a meeting on the third Monday of each month at 6:30 PM at Stone Mountain City Hall, 875 Main Street, Stone Mountain, GA 30083. The Planning Commission makes recommendations that are forwarded to the Mayor and City Council.
- B) **City Council** holds a public meeting on the third Tuesday of each month at 6:30 p.m. at Stone Mountain City Hall located at 875 Main Street, Stone Mountain, GA 30083.
- C) **City Council** holds a public hearing on the first Tuesday of each month at 6:30 p.m. at Stone Mountain City Hall located at 875 Main Street, Stone Mountain, GA 30083.

PUBLIC NOTICE:

- A) **Mayor and City Council (MCC) Public Hearing Notice:** Signs posted along the frontages of properties subject to rezonings and/or use permits notify area residents of the City Council public hearing. Applicants are required to post signs in conspicuous places along the property's public street frontage(s) no later than 30 days before the City Council public hearing. Failure to post the signs properly, in accordance with instructions given to applicants at the time of filing, will result in delaying action on the petition until the next available appropriate hearing date. **THERE ARE NO EXCEPTIONS TO PROPERLY POSTING THESE SIGNS.**

If an applicant, prior to advertising, defers a petition, it is the responsibility of the applicant to contact the City at 770-498-8984 to pick up new signs and re-post the property.

When a petition is continued by City Council, posting an updated sign is not required. However, the date on the sign must be changed to reflect the continued hearing date.

Within 7 days of City Council final action the applicant shall remove and return the public notice sign to City Hall, 875 Main Street, Stone Mountain, GA 30083. If the sign is not returned, the applicant may be subject to a fee to cover the cost of replacing the public notice sign.

LIMITED WARRANTY DEED

STATE OF GEORGIA

COUNTY OF DEKALB

THIS INDENTURE, made this 23rd day of April 2025, by and between SGA 1-4 RESIDENTIAL JHL, LLC, a Georgia limited liability company (herein called "Grantor") and JEAN CLAUDE MONDESIR, JR. ("Grantee").

WITNESSETH: That Grantor, for and in consideration of the sum of Ten Dollars (\$10.00) and other good and valuable consideration, in hand paid at and before the sealing and delivery of these presents, the receipt and sufficiency of which are hereby acknowledged, has granted, bargained, sold, aliened, conveyed and confirmed and by these presents does grant, bargain, sell, alien, convey and confirm unto Grantee all that tract or parcel of land described on Exhibit A, attached hereto and made a part hereof.

TO HAVE AND TO HOLD the said bargained premises, together with all and singular the

rights, members and appurtenances thereof, to the same being, belonging or in any wise appertaining, to the only proper use, benefit and behoof of Grantee, forever, **IN FEE SIMPLE**.

This Deed and the warranty of title contained herein are made subject to all matters of record and those matters set forth on Exhibit B, attached hereto and incorporated herein.

Grantor will warrant and forever defend the right and title to the above-described property unto Grantee against the lawful claims of all persons owning, holding or claiming by, through or under Grantor, but not otherwise.

(The words "Grantor" and "Grantee" include all genders, plural and singular, and their respective heirs, successors and assigns where the context requires or permits.)

IN WITNESS WHEREOF, Grantor has signed and sealed this deed, the day and year first above written.

Re: Letter of Intent for Variance Request – 1082 New Gibraltar Square, Stone Mountain, GA

Dear Members of the Planning and Zoning Board,

On behalf of the property owner, **Mr. Jean-Claude Mondesir**, this letter serves as the **Letter of Intent** in support of a **Variance Request** to allow the relocation of the existing rear property fence further back into the backyard at **1082 New Gibraltar Square, Stone Mountain, GA**. The property is located within the Historic District and is subject to review and approval by the City of Stone Mountain and the Historic Preservation Commission.

Purpose of Request

The purpose of this variance is to move the existing fence line back toward the rear of the property to allow adequate space for a proposed two-story addition and related site improvements while maintaining compliance with safety and design standards. The requested adjustment will not adversely impact adjacent properties and will preserve the visual and historic character of the neighborhood.

Property and Project Overview

- **Property Address:** 1082 New Gibraltar Square, Stone Mountain, GA 30087
- **Parcel Size:** Approximately 4,356 sq. ft.
- **Zoning:** [Insert zoning designation, if known]
- **Existing Structure:** Single-family residence
- **Proposed Construction:** New addition and renovation

Scope of Work

The proposed scope of work includes:

- Adjustments and replacement demolition of existing interior wood stud framing
- Addition to the rear of the existing structure
- Installation of plumbing fixtures, tile, trim, doors, and windows
- Correction of door and window headers
- Installation of Simpson ties, anchors, joist hangers, and lag bolts
- All construction to meet **IRC deck and roof construction requirements (DeKalb County GA)**
- Addition of HVAC unit, lighting, and electrical systems

New Addition Construction Details

- **Type:** New Addition – Type V (Wood-Framed Construction)
- **Number of Stories:** 4 stories
- **Ceiling Heights:** 9'-0" and 8'-0"
- **Heated Space:** 2,080 sq. ft.

Breakdown of Heated Space:

- First Floor: 1,190 sq. ft.
- Second Floor: 396 sq. ft.
- Third Floor: 119 sq. ft.
- Fourth Floor: 254 sq. ft.
- **Total:** 1,959 sq. ft.

Proposed New Addition: 1,540 sq. ft.

Justification for Variance

Due to the lot's limited depth (4,356 sq. ft.), the existing rear yard setback restricts the ability to construct the necessary addition while maintaining proper spacing and access. Moving the fence back slightly into the rear of the property will allow for safer construction, adequate drainage, and improved structural integration with the new addition.

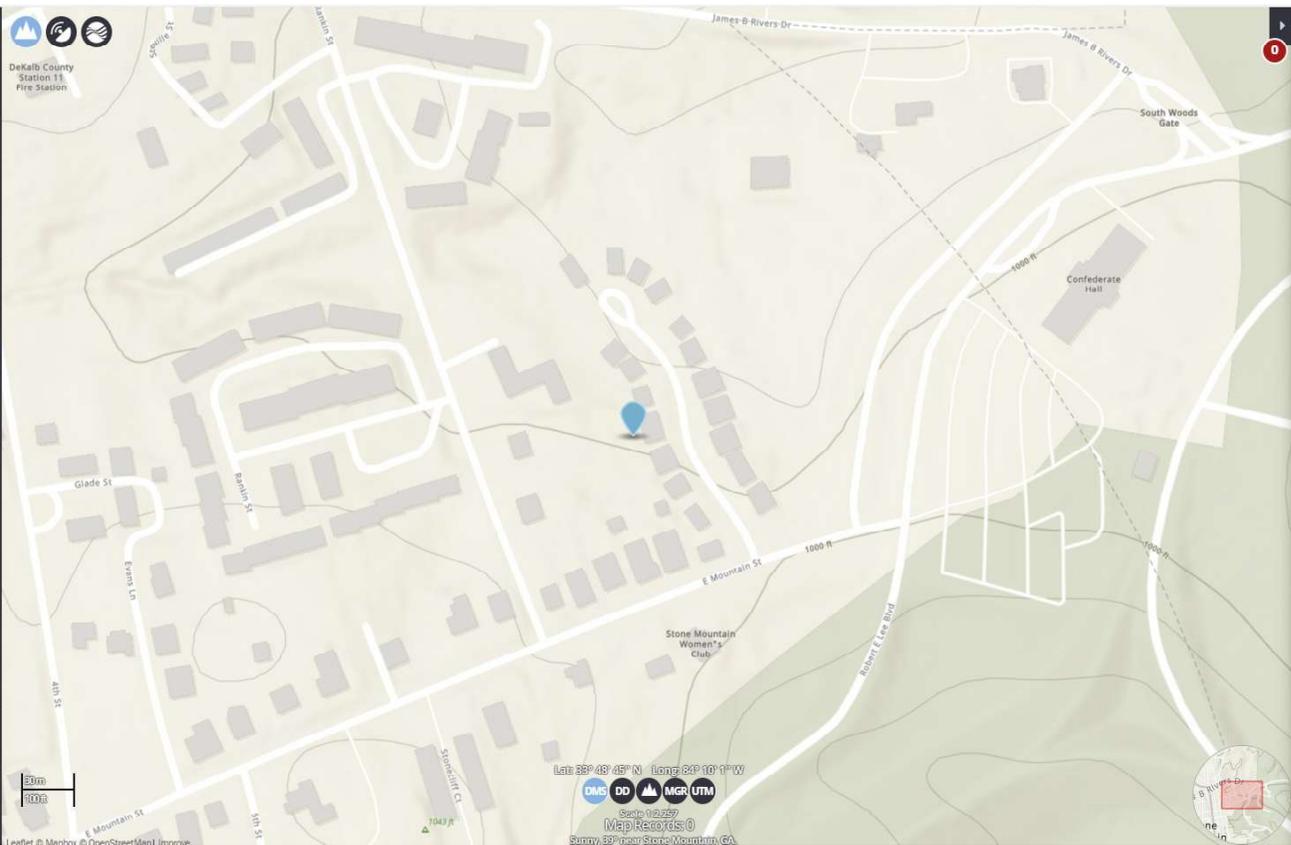

This request does not intend to alter the existing neighborhood pattern or encroach upon neighboring properties. The relocation of the fence will remain consistent with surrounding property lines and will not cause visual or structural detriment to adjacent lots.

Conclusion

Granting this variance will allow the property owner to enhance the existing home's functionality and value while preserving the architectural integrity of the Historic District. The improvements will bring the structure up to current code standards and improve overall safety, livability, and aesthetics.

We appreciate your consideration of this request and are available to provide any additional documentation or clarification required by the Planning Department or Historic Preservation Commission.

Respectfully submitted,
