**--FORMS TO BE RETURNED WITH PROPOSAL--**

**5. PRICING**

The undersigned hereby declares: to have carefully examined the contract documents, including all addenda; have a clear understanding of said documents and premises; propose to provide the necessary tools, machinery, apparatus and other means of maintenance; and to furnish all labor, materials and services specified in the contract or called for in the contract documents for the prices as indicated below.

The City reserves the right to specify whether each work order will be paid on a time basis (per day per crew) or volumetric basis (per cubic yard); whether tree debris will be chipped on site; and whether the Contractor or the City will haul off and dispose of branches and/or chips. In the pricing tables below, "per cubic yard" refers to the volume of material, whether chipped or unchipped, after loaded into a dump truck, trailer, or chipper box truck for haul-off and disposal or delivery to a City facility. Full load volume will be estimated to be equivalent to the rated capacity of the equipment. Partial load volume will be calculated as the percentage of the equipment's rated capacity that is occupied by chips or removed material based upon a visual estimate and agreed upon by both the City and the Contractor; if a visual estimate cannot be agreed upon, the volume shall be calculated using standard measuring tools.

Bidder shall provide proposed prices for each of the items in the REQUIRED BID ITEMS table. Write "No Bid" next to each item on the OPTIONAL BID ITEMS table for which the Bidder is not submitting a price. The proposed prices shall include the full price for providing the stated service, including all labor, management, equipment, tools, mobilization, traffic control, and other associated costs.

**REQUIRED BID ITEMS:**

DESCRIPTION	UNIT	UNIT PRICE (US DOLLARS)
Trim and/or remove trees; chip on site; haul-off and dispose chips at Contractor's expense	Per day per crew	\$ 2250
Trim and/or remove trees; chip on site; haul-off and dispose chips at Contractor's expense	Per cubic yard	\$55
Trim and/or remove trees; no on-site chipping; haul-off and dispose removed material at Contractor's expense	Per day per crew	\$ 2350**
Trim and/or remove trees; no on-site chipping; haul-off and dispose removed material at Contractor's expense	Per cubic yard	\$25
Trim and/or remove trees; chip on site; deliver chips to City facility for handling by City	Per day per crew	\$ 2250
Trim and/or remove trees; chip on site; deliver chips to City facility for handling by City	Per cubic yard	\$45
Trim and/or remove trees; no on-site chipping; deliver removed material to City facility for handling by City	Per day per crew	\$1950**
Trim and/or remove trees; no on-site chipping; deliver removed material to City facility for handling by City	Per cubic yard	\$20

**OPTIONAL BID ITEMS:**

DESCRIPTION	UNIT	UNIT PRICE
Curbside pickup of storm debris (tree limbs only) by grappling truck; no on-site chipping; haul-off and dispose collected limbs at Contractor's expense	Per day per crew	\$ 3250
Curbside pickup of storm debris (tree limbs only) by grappling truck; no on-site chipping; haul-off and dispose collected limbs at Contractor's expense	Per cubic yard	\$ 19.50
Curbside pickup of storm debris (tree limbs only) by grappling truck; no on-site chipping; deliver removed material to City facility for handling by City	Per day per crew	\$ 2400
Curbside pickup of storm debris (tree limbs only) by grappling truck; no on-site chipping; deliver removed material to City facility for handling by City	Per cubic yard	\$ 9.50*

Please add any additional proposed additions in the table below or as a separate sheet.

	*\$9.50 a yard to any temporary site plus pass-through cost.
	**\$1500 per day - Grapple Truck
	\$1200 per day - 50 foot bucket truck.

**CONTRACT TIME:** The Bidder agrees, if awarded the Contract, to commence work in accordance with the schedule provided by the City in each work order. The term of this agreement shall be for one (1) year, beginning on the date of the execution of the agreement, and shall automatically renew for up to four (4) additional one (1) year periods.

**DOCUMENTS:** Each Bidder by submittal of their RFP response represents and warrants that they are satisfied as to the requirements and provisions of the RFP for this project and the documents describing the scope of work.

Signature: Sean Egan

Title: Regional Vice President

Date: 12/19/2024

## 6. DEMONSTRATION OF EXPERIENCE

Years in business under present business name: 25

Total years of experience in work of the type called for in this contract: 25 year

List in table below the contracts of similar scope and scale to the City's RFP has your organization completed.  
List most recent FIRST:

Contract Amount	Type of Work	Date Completed	Owner's Name & Contact Info
\$32,333.00	Tree Trimming Services	March 5, 2024	Village of West Dundee, IL Mike Kirk , Superintendent 847-551-3815
\$980,000.00	Tree removal and stump grinding.	February 2024	City of Overland Park, KS Bryan Toben, Deputy Director, Parks & Recreation 913-895-6390
8,156,420.00	Hazardous Tree and Limb Removal and Debris Reduction and Removal.	April 2023 - June 2023	City of Wynne, Arkansas Jennifer Hobbs- Mayor jhobbs@cityofwynne.com, 662-256-5721
\$5,002,338.00	Trimming and Mowing, Danger Tree and Limb Removal	2018-2023	Baldwin EMC, Brian Seals, Manager of Engineering brian.seals@baldwinemc.org , 251-510-1664
\$2,500,000.00	Trimming and Mowing, Danger Tree and Limb Removal.	2018- 2023	Riviera Utilities Josh Roberts, Vegetation Management Supervisor jroberts@rivierautilities.com , 251-943-5001

List in the table below what contracts your organization currently has:

Contract Amount	Type of Work	Projected Date of Completion	Owner's Name & Contact Info
\$233,912.50	Tree maintenance service	01/24/2023 to 1/30/2026	Town of Flower Mound John Havens, Manager john.Havens@flowermound.gov
\$46,180,464.00	Trimming and Mowing, Danger Tree and Limb Removal	2013- Present	Pearl River Valley Electric Power Association Matthew Ware, Operations Manager
\$9,684,252.00	Trimming and Mowing, Danger Tree and Limb Removal	2021 - Present	Cumberland Electric Owner Association Michael Blackwell, Manager of District Operations mblackwell@cemc.org 931-645-2181

If you have any additional experience or work that you would like to submit, please provide separate additional documentation upon submittal.

Have you ever failed to complete any contract awarded to you?  No  Yes, if so state where and why:

Are you at present in any major litigation or lawsuits involving work of any type?  No  Yes, if so explain:

Explain in detail the manner in which you have inspected the work proposed in this contract:

Specific locations have not been identified in the Tree Maintenance Services RFP #3045 for us to inspect. When locations are identified our goal of this project will be to service the City's Street rights of way (ROW), the City's parks, and other designated locations, ensuring the safety of citizens, improving tree health, and maintaining the aesthetic value of the city. The specific objectives are:

- Trim trees to remove hazards such as overhanging or dead branches.
- Improve the health and longevity of the trees through proper pruning.
- Enhance the appearance of the parks by maintaining tree structure.
- Minimize any disruptions to City property and activities during the work.

## 7. LIST OF MACHINERY AND EQUIPMENT

It is required that a Contractor be able to perform tree trimming and removal services. It is represented as part of this proposal that the below listed equipment is available for use on the work covered by the Scope of Work.

As a part of the proposal evaluation a team from the Public Works Department may inspect the availability and capability of the equipment of the Contractor submitting the winning proposal.

Units	Types of Equipment
	See Attached list

## LGS Equipment List

With a fleet of hundreds of trucks and equipment, a staff of over 200 professionals, and four locations in New York, North Carolina, Texas, and Mississippi our vegetation management teams can activate at a moment's notice. Mobile mechanics, housing units, and fueling equipment expedite the process and keep our team operational around-the-clock until the job is complete. No matter what type of equipment the job requires, LGS will have it ready and fully operational.

### 14. SUSPENSION OR DEBARMENT CERTIFICATE

Non-Federal entities are prohibited from contracting with or making subcontract awards under covered transactions to parties that are suspended or debarred or whose principals are suspended or debarred. Covered transactions include procurement for goods or services equal to or in excess of \$100,000.00. Contractors receiving individual awards for \$100,000.00 or more and all subcontract recipients must certify that the organization and its principals are not suspended or debarred.

By submitting this offer and signing this certificate, Bidder certifies that no suspension or disbarment is in place, which would preclude receiving a federally funded contract under the Federal OMB, A-102, Common Rule, as may be amended.

## 15. COOPERATIVE PURCHASING

Interlocal Cooperative Contracting/Purchasing:

Authority for local governments to contract with one another to perform certain governmental functions and services, including but not limited to purchasing functions, is granted under [Government Code, Title 7, Chapter 791 Interlocal Cooperation Contracts, Subchapter B and Subchapter C](#), and [Local Government Code, Title 8, Chapter 271, Subchapter F, Section 271.101 and Section 271.102](#).

Other governmental entities within the State of Texas may be extended the opportunity to purchase off of the City of Stephenville's RFP, with the consent and agreement of the successful Bidder(s) and the City of Stephenville. Such consent and agreement shall be conclusively inferred from lack of exception to this clause in Bidder's Proposal. However, all parties indicate their understanding, and all parties hereby expressly agree that the City of Stephenville is not an agent of, partner to, or representative of those outside agencies or entities and that the City of Stephenville is not obligated or liable for any action or debts that may arise out of such independently negotiated cooperative procurements.

Other governmental entities utilizing Interlocal agreements with the City of Stephenville, may desire, but are not obligated, to purchase goods and services defined in this Proposal from the successful Bidder. All purchases by governmental entities, other than the City of Stephenville, will be billed directly to and paid by that governmental entity. The City of Stephenville will not be responsible for other governmental entities debts. Each governmental entity will place their own orders with the successful Bidder and be responsible for ensuring full compliance with the specifications.

Prior to other governmental entities placing orders, the City of Stephenville will notify the successful Bidder of their intent.

Please indicate below if you will permit other governmental entities to purchase from your agreement with the City of Stephenville.

Yes, others can purchase;  No, only the City of Stephenville can purchase.

Signature:  \_\_\_\_\_

Date: 12/16/2024

## 16. DISCLOSURE OF INTERESTED PARTIES

Prior to entering into a contract that is at least \$1 million in value, the Bidder must submit a "Certificate of Interested Parties" Form, in accordance with [Texas Government Code Section 2252.908](#), as amended. Within thirty (30) days of receipt of the form, the City must submit a copy to the Texas Ethics Commission. A sample Certificate of Interested Parties form may be viewed here:

<https://www.ethics.state.tx.us/data/forms/1295/1295.pdf>

## 17. CONFLICT OF INTEREST AND QUESTIONNAIRE

**Please sign, if applicable**

The Texas Ethics Commission adopted the attached Conflict of Interest Questionnaire (Form CIQ) pursuant to [Texas Local Government Code Chapter 176](#), as amended. For questions about these forms, please see the Texas Ethics Commission at: <https://www.ethics.state.tx.us/forms/conflict/>

Form CIQ may be downloaded here: <https://www.ethics.state.tx.us/data/forms/conflict/CIQ.pdf>

Respondent shall answer each question on Form CIQ in relation to each individual listed below with whom there is a conflict of interest and submit the completed form(s) with its SOQ. If there are no conflicts of interest, Bidder shall submit a single copy of Form CIQ with "None" or "N/A" in Box 3 (Name of Officer):

<b>Local Government Officer</b>	<b>Title</b>	<b>Local Government Officer</b>	<b>Title</b>

**CONFLICT OF INTEREST QUESTIONNAIRE**  
For vendor doing business with local governmental entity

**FORM CIQ**

This questionnaire reflects changes made to the law by H.B. 23, 84th Leg., Regular Session.

This questionnaire is being filed in accordance with Chapter 176, Local Government Code, by a vendor who has a business relationship as defined by Section 176.001(1-a) with a local governmental entity and the vendor meets requirements under Section 176.006(a).

By law this questionnaire must be filed with the records administrator of the local governmental entity not later than the 7th business day after the date the vendor becomes aware of facts that require the statement to be filed. See Section 176.006(a-1), Local Government Code.

A vendor commits an offense if the vendor knowingly violates Section 176.006, Local Government Code. An offense under this section is a misdemeanor.

**OFFICE USE ONLY**

Date Received

**1** Name of vendor who has a business relationship with local governmental entity.

N/A

**2**  Check this box if you are filing an update to a previously filed questionnaire. (The law requires that you file an updated completed questionnaire with the appropriate filing authority not later than the 7th business day after the date on which you became aware that the originally filed questionnaire was incomplete or inaccurate.)

**3** Name of local government officer about whom the information is being disclosed.

N/A

Name of Officer

**4** Describe each employment or other business relationship with the local government officer, or a family member of the officer, as described by Section 176.003(a)(2)(A). Also describe any family relationship with the local government officer. Complete subparts A and B for each employment or business relationship described. Attach additional pages to this Form CIQ as necessary.

A. Is the local government officer or a family member of the officer receiving or likely to receive taxable income, other than investment income, from the vendor?

Yes  No

B. Is the vendor receiving or likely to receive taxable income, other than investment income, from or at the direction of the local government officer or a family member of the officer AND the taxable income is not received from the local governmental entity?

Yes  No

**5** Describe each employment or business relationship that the vendor named in Section 1 maintains with a corporation or other business entity with respect to which the local government officer serves as an officer or director, or holds an ownership interest of one percent or more.

**6**  Check this box if the vendor has given the local government officer or a family member of the officer one or more gifts as described in Section 176.003(a)(2)(B), excluding gifts described in Section 176.003(a-1).

**7**   
Signature of vendor doing business with the governmental entity

12/16/2024

Date

**CONFLICT OF INTEREST QUESTIONNAIRE**  
**For vendor doing business with local governmental entity**

A complete copy of Chapter 176 of the Local Government Code may be found at <http://www.statutes.legis.state.tx.us/Docs/LG/htm/LG.176.htm>. For easy reference, below are some of the sections cited on this form.

**Local Government Code § 176.001(1-a):** "Business relationship" means a connection between two or more parties based on commercial activity of one of the parties. The term does not include a connection based on:

- (A) a transaction that is subject to rate or fee regulation by a federal, state, or local governmental entity or an agency of a federal, state, or local governmental entity;
- (B) a transaction conducted at a price and subject to terms available to the public; or
- (C) a purchase or lease of goods or services from a person that is chartered by a state or federal agency and that is subject to regular examination by, and reporting to, that agency.

**Local Government Code § 176.003(a)(2)(A) and (B):**

(a) A local government officer shall file a conflicts disclosure statement with respect to a vendor if:

\*\*\*

(2) the vendor:

(A) has an employment or other business relationship with the local government officer or a family member of the officer that results in the officer or family member receiving taxable income, other than investment income, that exceeds \$2,500 during the 12-month period preceding the date that the officer becomes aware that

- (i) a contract between the local governmental entity and vendor has been executed; or
- (ii) the local governmental entity is considering entering into a contract with the vendor;

(B) has given to the local government officer or a family member of the officer one or more gifts that have an aggregate value of more than \$100 in the 12-month period preceding the date the officer becomes aware that:

- (i) a contract between the local governmental entity and vendor has been executed; or
- (ii) the local governmental entity is considering entering into a contract with the vendor.

**Local Government Code § 176.006(a) and (a-1)**

(a) A vendor shall file a completed conflict of interest questionnaire if the vendor has a business relationship with a local governmental entity and:

- (1) has an employment or other business relationship with a local government officer of that local governmental entity, or a family member of the officer, described by Section 176.003(a)(2)(A);
- (2) has given a local government officer of that local governmental entity, or a family member of the officer, one or more gifts with the aggregate value specified by Section 176.003(a)(2)(B), excluding any gift described by Section 176.003(a-1); or
- (3) has a family relationship with a local government officer of that local governmental entity.

(a-1) The completed conflict of interest questionnaire must be filed with the appropriate records administrator not later than the seventh business day after the later of:

(1) the date that the vendor:

- (A) begins discussions or negotiations to enter into a contract with the local governmental entity; or
- (B) submits to the local governmental entity an application, response to a request for proposals or bids, correspondence, or another writing related to a potential contract with the local governmental entity; or

(2) the date the vendor becomes aware:

- (A) of an employment or other business relationship with a local government officer, or a family member of the officer, described by Subsection (a);
- (B) that the vendor has given one or more gifts described by Subsection (a); or
- (C) of a family relationship with a local government officer.

**18. W-9 FORM (ATTACH)**

# Request for Taxpayer Identification Number and Certification

Give Form to the requester. Do not send to the IRS.

► Go to [www.irs.gov/FormW9](http://www.irs.gov/FormW9) for instructions and the latest information.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.  
 LOOKS Great Services of MS

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only one of the following seven boxes.

Individual/sole proprietor or single-member LLC

C Corporation

S Corporation

Partnership

Trust/estate

Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ► \_\_\_\_\_

**Note:** Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is **not** disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

Other (see instructions) ► \_\_\_\_\_

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) \_\_\_\_\_

Exemption from FATCA reporting code (if any) \_\_\_\_\_

(Applies to accounts maintained outside the U.S.)

5 Address (number, street and apt. or suite no.) See instructions.  
 1501 Hwy 13 North

6 City, state, and ZIP code  
 Columbia, MS 39429

7 List account number(s) here (optional)

Requester's name and address (optional)

**Part I Taxpayer Identification Number (TIN)**

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

**Note:** If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

<b>Social security number</b>								
				-				
or								
<b>Employer identification number</b>								
27	-	41	25	32	8			

**Part II Certification**

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

**Certification instructions.** You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

**Sign Here** Signature of U.S. person Luma Doyle, accounts payable Date 12/18/2024

**General Instructions**

Section references are to the Internal Revenue Code unless otherwise noted.

**Future developments.** For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to [www.irs.gov/FormW9](http://www.irs.gov/FormW9).

**Purpose of Form**

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

*If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.*

RE: Tree Maintenance Services

Dear City of Stephenville:

You will find the proposal for Looks Great Services of MS, Inc. (LGS) enclosed. This response provides a concise but detailed look at LGS and its tree maintenance and debris operation experience and performance.

The scope of work will vary and LGS will continue to work with the City to ensure that all items in the scope of work are handled in the most efficient way as to reduce the impact on the City's residents. LGS will make it a top priority to continue to complete the work on time and with all local, state, and federal regulations. LGS remains committed to providing all necessary resources needed to perform the scope of work as per the specifications. LGS is also committed to maintaining any applicable licenses or certifications necessary. This proposal is in all respects fair and in good faith without collusion or fraud.

LGS has a solid background and by submission of this proposal confirms that it has not performed substandard work. LGS has 20 years of experience in helping places like the City of Stephenville with tree removal and disposal services. Having managed more than 100 contracts across the Eastern United States and Puerto Rico, LGS is adept at assembling successful recovery teams. In addition to LGS' management team, an extensive cadre of local and national subcontractors, who are prequalified with LGS, are available to respond to the needs of the City.

LGS understands the importance of having a knowledgeable team that is familiar with FEMA regulations and is adaptable to all requirements specified by the City. LGS will appoint dedicated team members to work with the City to provide technical assistance, operational methodology, and quality control. In addition, LGS management will oversee the DBE/MBE subcontractor utilization and local landfill coordination, and environmental concerns and safety compliance remain a top priority.

LGS meets or exceeds the licensing and insurance requirements needed for these types of projects. Specifically, LGS has an aggregate of 10 million dollars in liability coverage and a 2-million-dollar environmental pollution policy. For convenience, a certificate of insurance has been included in this proposal.

LGS takes great pride in the services it provides and looks forward to getting the opportunity to continue working with the City of Stephenville and provide the same outstanding services.

Sincerely,

Kristian Agoglia  
Vice President  
Looks Great Services of MS, Inc.

## Executive Summary

In 1999 Looks Great Services, Inc. was founded in New York. The company has recruited, developed, and trained a team of individuals able to respond to client needs professionally and courteously. In the spring of 2005, Looks Great Services of Charlotte was launched in North Carolina. In addition to the same services offered in New York, Charlotte added the manufacturing of vegetation products, such as mulch and topsoil, and moved into the land clearing/development industry. In the spring of 2010, Looks Great Services of MS was established opening operations in Columbia, MS, and has the designation as a woman-owned small business. The increased demand for companies that provide utility line clearing as well as right-of-way clearing and maintenance in the mid-south region has allowed the company to continue its steady expansion to over 200 full-time employees. With locations in the Northeast, Mid-Atlantic, and Mid-South regions and 25 years of vegetative management experience, we are strategically positioned to provide vegetation services across the East Coast and beyond.

In addition to the LGS equipment, we have pre-approved contractors who will provide additional labor and equipment immediately. We can quickly expand our services to over 1,000 pieces of equipment to meet the requirements necessary to handle any disaster.

From destructive insects to winter ice damage, LGS is prepared to respond to situations anywhere in the United States. Our storm damage relief team is available to townships, cities, counties, and states. In cooperation with other professional organizations, today, LGS is continually asked to provide leadership, equipment, and personnel to aid in vegetation management.

## Company Overview

### Synopsis

Year Established: 1999

Current number of employees: 225

Bonding Capacity: \$200 Million

Successfully completed disaster projects: 110+

### Experienced Management

LGS has more than 250 full-time employees that are managed by several dozen professionals. These professions include degrees in Business and Finance, Occupational Safety, Biology, Emergency and Disaster Management, Construction Management, Civil Engineering, Construction Engineering, Marketing, and Accounting. Members of management are also FEMA trained, NIMS trained, and OSHA Safety training. LGS has a wide array of experience in different geographical areas ranging from Maryland to Kansas and Texas to Florida, and even Puerto Rico.

One of the core strengths of LGS' management is its ability to adapt. One occasion in particular was when a client in Mississippi did not have the local resources to operate its own landfill. LGS managed to hire a local subcontractor to provide oversight services and LGS self-performed the landfill operations. This accomplished multiple things that the client was ecstatic over: landfill operations were unimpeded, local minority subcontractor participation was utilized, and LGS brought a more positive economic impact to the client than was anticipated.

LGS also has a strong commitment to safety. LGS has one of the lowest EMR ratings in its industry and prides itself on maintaining an exceptional safety record. LGS management instills a "Brother's Keeper" mentality in its approach to safety.

### Financial Stability

When it comes to finances, resources are not an obstacle for LGS. With a bonding capacity of 200 million dollars, and the ability to cash-flow multiple projects simultaneously, LGS' financial stability is without question solid. LGS also has the rare distinction of having no debt on any equipment or resources.

## Kristian Agolia

### Professional Experience

November 2010 - Present

Looks Great Services of MS, Inc.  
Vice President

Helped form Looks Great Services of MS, Inc. and participate daily in operations, lead management and procurement duties, and ensure the standards of performance established are continually met by personnel. Has been involved in more than 110 disaster projects since 2002, including simultaneously managing 10+ projects at one time during Sandy in 2012-2013, 5 contracts in 2017 during Hurricane Irma, 6 contracts in 2017 after a string of Mississippi tornadoes, and 11 contracts in 2020 after a tornado/straight-line wind outbreak.

1999 - Present

Looks Great Services, Inc.  
CEO

Since inception, as owner and CEO of LGS, participated daily in operations, lead management and administrative duties, and ensured the standards of performance established are continually met by personnel.

1990 - 1999

T&K Landscaping  
Company Partner

Started a small landscaping and lawn maintenance business during high school years. Expanded into tree pruning, maintenance, and removal. Grew business steadily during the successful pursuit of bachelor's and master's degrees.

### Certifications

ISA Certified Arborist  
ISA Certified Utility Arborist Specialist  
TCIA Certified Safety Professional  
EHAP Training Certified  
OSHA 10 Certification

### Education

REGENT UNIVERSITY – Virginia Beach, VA – Master of Divinity – 1999

LIBERTY UNIVERSITY – Lynchburg, VA – Bachelor of Science – 1996

Project Manager

## Sean Simons- Dallas, Texas

Professional Experience

April 2022 - Present

Looks Great Services of MS, Inc.  
Regional Vice President/Project Manager

Dedicated and experienced arborist with a strong background in tree maintenance and management. Proven track record of success in providing high-quality services to clients primarily focusing on large-scale vegetation management contracts such as this RFP. Sean currently resides in Dallas, Texas, and is a lifelong Dallas area resident.

In addition to vegetation management contracts, Sean oversees all facets of Looks Great Services' Emergency Response Division for projects within his local area. Coordinates, delegates, and manages the entire life cycle – from procurement to active project closeout to ensure they are on time, within budget, and performed according to specifications. Currently managing multiple projects for the City of Dallas, Town of Flower Mound, City of Round Rock, and more.

2015 – 2022

Arbor Masters Tree Service, Inc.  
Branch Manager of Texas

Participated daily in operations, lead management, and administrative duties, and ensured the standards of performance and safety established were continually met by personnel. Procurement of new tree maintenance agreements and maintaining contracts such as the City of Dallas, Arlington, Fort Worth, Grapevine, and many other municipal contracts in the Texas region. Scheduling 8 tree trimming crews, 2 stump grinding operations, and hauling services.

Certifications:

ISA Certified Arborist #TX4489A

ISA Tree Risk and Assessment Qualification EHAP Certified

First Aid/CPR Certified OSHA 10 Certification

## Sean Hunt

### Professional Experience

April 2022 - Present

Looks Great Services of MS, Inc.  
Executive Vice President/Project Manager

Oversees all facets of Looks Great Services' Emergency Response Division. Coordinates, delegates, and manages the entire life cycle – from procurement to active project closeout to ensure they are on time, within budget, and performed according to specifications. Currently managing a multi-county project for the Virginia Department of Transportation from a snow storm earlier in 2022.

2004 - 2022

Michael's Tree and Loader Service, LLC  
CFO/Vice President

Participated daily in operations, lead management and administrative duties, and ensured the standards of performance established are continually met by personnel. Managed 48 FEMA events including managing crews on multiple, simultaneous events, including 3 parishes during Hurricane Katrina, 3 cities in Connecticut in 2011 and crews on 5 contracts during Hurricane Sandy in 2012-2013. Exceedingly well versed in FEMA rules and guidelines.

### Certifications

ISA Certified Arborist  
FEMA Debris Management

### Education

CHRISTIAN BROTHERS UNIVERSITY – Memphis, TN – B.S. in Science in Biology – 2004

AMERICAN MILITARY UNIVERSITY – Memphis, TN – M.S. in Emergency and Disaster Management – 2010

## Don Lucas

### Professional Experience

November 2012 - Present

Looks Great Services of MS, Inc.  
Debris Site Manager

Oversee the daily operations for Looks Great Services. Coordinates, delegates, and manages existing projects to ensure they are on time, within budget, and performed according to specifications. Specialized in logistics of material hauled onto and away from dump sites on a production-oriented schedule, and material reduction in Hurricane Sandy. Ensured proper size control and safety of handled material with management of full-scale equipment operations during Hurricane Sandy. Oversaw multiple dump sites after Hurricane Sandy that totaled over 1.1 million cubic yards of debris. Oversaw storm debris cleanup after the Louisville, MS tornado, Itawamba, MS tornado, and the Tupelo, MS tornado for the Mississippi Department of Transportation. Oversaw multiple dumpsites throughout 5 counties in Mississippi during a 2017 tornado outbreak and again in 2020 during a tornado/straight-line wind outbreak. In 2021, managed debris sites in 3 counties in Alabama after Hurricane Zeta.

2006 – November 2012

Joe McGee Construction  
Company Consultant

Worked in conjunction with Vice President, Senior Engineer and Senior Estimator on bidding proposed projects. Responsible for locating necessary fill material sites for proposed projects. Researched all soils and existing landscapes and structures on all proposed projects. Coordinated scheduling of existing projects to ensure timely completion. Responsible for ensuring all project problems are identified and corrective measures are implemented. Worked alongside Senior Estimator to ensure that job costs do not exceed budgeted amounts. Worked closely with the Senior Engineer to ensure that all projects are being completed according to plans. Experienced in Federal design/build projects, working with government officials to create good relations and project success.

1974 – 2006

T.L. Wallace Construction Co., Inc.  
President

Began early on as a Project Superintendent to eventually become President of the company. Beginning in 1986, responsibilities included overall company management, overseeing of projects, budgets, potential projects, bidding, personnel staffing and equipment management. Contracted over \$140 million worth of heavy highway construction projects under contract at one time with MDOT, ALDOT and LDOT. Managed approximately \$800 million worth of construction projects with a majority of the work being with MDOT. Oversaw individual projects ranging from \$1 million to \$25 million. Managed a fleet of 150 pieces of heavy equipment. Initiated and coordinated remarkable hauling of dirt for Nissan site to include 78 trucks in two-mile haul and supporting equipment to place and compact dirt. Managed and coordinated Interstate 10 Emergency Bridge Replacement across Pascagoula River after Hurricane Katrina. Project was complete in 21 days, 10 days ahead of schedule.

### Certifications

MDOT Storm Water Management Training Course  
Hazardous Materials Certification  
Trenching and Excavating Training  
CPR/First Aid/BBP/AED Certified  
OSHA 10/OSHA 30 Certification

### Education

PEARL RIVER COMMUNITY COLLEGE – Poplarville, MS – A.A. in Mechanics – 1971

## Bonding, Insurance, Licenses, and Certifications

### Letter of Bonding

September 19, 2023

To Whom It May Concern:

Per your request for evidence of bond ability, this letter is to advise you that Looks Great Services of MS, Inc. is set up for bonding with Fidelity and Deposit Company of Maryland.

Our company represents Looks Great Services of MS, Inc. for all of their bonding needs and has found them to be an outstanding contractor, with a good reputation in the construction industry. Based on their past experience, we will consider single jobs of \$100,000,000.00 with an aggregate program of \$200,000,000.00. Fidelity and Deposit Company of Maryland will favorably consider providing a 100% Performance and 100% Payment bond, providing a contract is awarded to, and executed by Looks Great Services of MS, Inc.

Issuance of final bonds will be subject to standard underwriting at the time of the final bond request, which will include but not be limited to the receipt of current financial information, acceptability of the contract documents, bond forms, and financing. The Surety and Cadence Insurance, Inc. along with their agents and owners assume no liability to you or any third party for failure to issue any bonds.

If I can be of additional assistance, please do not hesitate to call.

Sincerely,

A handwritten signature in blue ink, appearing to read "David R. Fortenberry", with a long horizontal flourish extending to the right.

David R. Fortenberry

Re: Looks Great Services, Inc.  
Looks Great Services of MS, Inc.

To Whom It May Concern:

Please let this letter serve as evidence of financial capacity of the Looks Great Services ("LGS") Companies. I have served as the outside accountant for the past 2 years.

The LGS Companies have more than adequate capacity to fund contract operational expenses as needed. The combined companies have in excess of \$10 million dollars of working capital.

Should you need any further information or have any questions regarding this letter, please feel free to call me at (601)-326-1326.

Sincerely,

HORNE,

A handwritten signature in black ink that reads 'Wes Winborne'.

Wes T. Winborne, CPA  
Partner

## Recent Simultaneous Contract Experience

### ☼ 2024 Florida, Arkansas, & Kentucky Tornadoes:

On May 10th, Florida State University in Tallahassee, FL, was struck by three EF-2 tornadoes. Just sixteen days later, on May 26th, Rogers, AR, and Bentonville, AR, were both hit by an EF-2 tornado, while Caldwell County, KY, faced the devastation of an EF-3 tornado. In both instances, within hours of the storms passing, Looks Great Services personnel were on the road, mobilizing quickly to assist in disaster recovery and debris removal efforts. These powerful tornadoes generated over one million cubic yards of debris.

### ☼ 2023 Mississippi & Arkansas Tornadoes:

On March 24th, 2023, an EF-4 tornado struck Amory, MS while other tornadoes struck the town of Winona, MS as well as Panola County, MS & Montgomery County, MS. LGS was awarded for all 4 projects. Recovery efforts began immediately following the award. All projects are operational within 48 hours of the Notice to Proceed.

One week later, on March 31st, 2023, an EF-3 tornado struck Wynne, AR, and Cross County, AR in which LGS was also awarded both projects. LGS responded immediately and was more than capable of handling multiple projects in multiple states utilizing internal crews, as well as pre-screened subcontractors led by a team of experienced LGS project managers.

LGS far exceeded client expectations on all five projects delivering exceptional results and maximizing FEMA reimbursement for all parties involved. LGS collected, processed, and disposed of over 1 million cubic yards of debris resulting from the devastating damages in all Counties/Cities impacted by the tornadoes.

☛ **2023 Alabama Tornadoes:**

Starting in January of 2023 LGS was awarded Eutaw, AL, Dallas County, AL, and Elmore County, AL when multiple tornadoes touched down throughout the State of Alabama. LGS was once again activated through a cooperative County purchasing agreement through the Association of Alabama County Commissions of Alabama (ACCA). LGS performed all jobs simultaneously and was able to complete all projects successfully on time collecting over 300,000 cubic yards of debris along with the hazardous tree pruning and removals managing numerous disposal sites throughout the state.

☛ **2022 Hurricane Ian:**

Before Hurricane Ian made landfall LGS was initially activated and mobilized over 200 personnel, over 100 pieces of equipment, in place ready to assist for Florida Power & Light. LGS performed so highly that Florida Power & Light kept LGS assisting the restoration efforts throughout the duration of the initial activation. LGS was then activated as the prime contractor for the City of Oviedo, FL and was also staged prior to Hurricane Ian making landfall. LGS then performed the cleanup efforts including debris removal, tree trimming/removal, debris reduction, hauling, and more for the City of Oviedo once again exceeding expectations. Then, after Hurricane Ian made landfall LGS was asked to assist other entities throughout the entire State of Florida including Hardee County, FL, Seminole County, FL, New Smyrna, FL, Holly Hill, FL, Florida Department of Transportation in Hardee County, FL & Lee County, FL as well as Florida New College.

☛ **2022 Tornadoes:**

LGS was awarded Caldwell County, Marshall County, Princeton, KY, Lincoln County, MS, and Hendersonville, TN in early 2022. By utilizing a combination of subcontractors and self-performing management and tree trimming, LGS jointly completed 5 contracts at one time. Collectively this amounted to more than 800,000 yards of debris in 3 separate states. LGS successfully completed all work on time and in accordance with all specifications.

• **2021 Hurricane Zeta:**

LGS has the District 3 contract for the Association of County Commissions of Alabama, which contains 13 counties in this District. After Hurricane Zeta caused a significant amount of damage in this District, LGS was activated by 3 counties at the same time. With the help of local subcontractors, LGS collectively managed, hauled, reduced, and disposed of more than 400,000 yards of vegetative debris in Dallas, Marengo, and Wilcox Counties within a 4-month period. LGS successfully completed all work in a timely manner and in accordance with all specifications.

• **2020 Tornadoes:**

In 2020, one of the largest tornado outbreaks occurred in Mississippi. LGS was awarded 3 separate contracts by the MS Department of Transportation as well contracts with Jasper County, Jefferson Davis County, Lawrence County, Marion County, and Jones County. LGS simultaneously completed all of these contracts within a 4-month period and collectively processed more than 550,000 CY of debris. LGS successfully completed all work in a timely manner and in accordance with all specifications.

• **2017 Hurricane Irma:**

In 2017, Hurricane Irma caused widespread damage in Florida, Georgia, and South Carolina. LGS was awarded 3 separate contracts by Florida: Florida City, Miami Shores, and El Portal. LGS simultaneously completed all these contracts within a 3-month period and collectively processed more than 225,000 CY of debris. LGS successfully completed all work in a timely manner and in accordance with all specifications.

## Large-Scale Past Performance

Since 2001 LGS has been involved in FEMA reimbursed projects. LGS works in compliance with the law, the regulations, and FEMA's codified policies regarding the FEMA Public Assistance (PA) Program. Below is a list of the individual FEMA contracts LGS has managed as the prime contractor that involved more than 250,000 CY of debris removed in the past 10 years.

## Previous Project Details

2005 – Hurricane Katrina

*Open Air Burning Operation*

Location: Columbia, Mississippi  
Date: August 2005  
Revenue: \$5,600,000.00  
Client: Mississippi Dept. of Trans. as prime subcontractor for T.L. Wallace Construction, Inc.  
Contact: Tommy Wallace  
800 Hwy 98 Bypass  
Columbia, MS 39429  
Phone: 601-736-4525  
info@tlwallace.com

### *Executing Requirements*

LGS was tasked with Hazardous Tree Removal, Hazardous Limb Removal and Right of Way (ROW) loading and hauling of vegetative debris generated by Hurricane Katrina. In addition, LGS managed and operated five (5) TDSRS' for the project.

- LGS mobilized 25 tree trimming crews and 55 hauling crews.
- Establishment, operation, and management of 5 TDSRS.
- All reduction site operations approved and permitted by the Mississippi Department of Environmental Quality and closed out without issue.
- 1.4 million cubic yards were removed from Mississippi state roads in Marion and Covington Counties.
- State roads were restored and resulting debris was eliminated as a safety hazard, reduced in volume, and disposed of to eliminate storage issues and future health concerns.

- Letters of recommendation from County Engineers and MDOT Construction Engineers for enabling smooth operations.

*Hazard Tree Removal (Leaner)*

*Meeting Operational Challenges*

A focus in our operations on MDOT highways was safety. LGS' safety operations for MDOT, especially traffic control safety, provided a true test and verification (QED) of our written program manuals, procedures, and previous experience. Our team demonstrated proficiency by establishing protection zones on major highways and utilizing federal guidelines and manuals on uniform traffic control devices. LGS successfully performed debris removal operations on major highways without any safety violation nor, most importantly, without any accidents or incidents.

*Local Small Business Subcontracting Efforts*

As a small business, LGS worked successfully to utilize other small business concerns during our Katrina recovery efforts. Most of the overhead trimming and debris removal from the state roads was conducted by small business concerns. Looks Great Services subcontracted to numerous companies located within the affected area.

**2011 – Hurricane Irene**

*Traffic Control and Safety Operations*

Location: Nassau County, NY

Date: August 2011  
Revenue: \$6,697,200  
Client: Nassau County, NY  
Department of Public Works  
Contact: John Gallo  
Superintendent of Highways  
170 Cantiague Rock Road  
Hicksville, NY 11801

#### *Executing Requirements*

LGS was tasked with Hazardous Tree Removal and Hazardous Limb Removal and Right of Way (ROW) loading and hauling of vegetative debris generated by Hurricane Irene. In addition, LGS managed and operated a TDSRS for the project.

- Pre-positioned 60 crews to perform Emergency Road Clearance immediately after winds dropped below Tropical Storm force strength
- This was a pre-position contract competitively bid and awarded
- LGS mobilized the 60 emergency road clearance crews in less than 48 hours prior to landfall
- All work performed on a time and material basis per direction of client
- Performed Hazardous Tree and Limb Removal on over 8,000 trees
- Removed, processed and disposed over 580,000 Cubic Yards of vegetative debris

#### *Meeting operational challenges*

- All access to Long Island closed, preventing mobilization:

LGS worked with NYCDOT and the Port Authority of New York and New Jersey to open bridges and airports that had been closed to the public. Our actions allowed much needed emergency crews and assets to access Long Island to expand our capabilities.

- Multi-jurisdictional coordination:

Nassau County is a suburban county on Long Island, located immediately east of New York City. The population from the 2010 census was estimated at 1.344 million. Under a disaster declaration, the county is the lead agency for the 129 cities, towns, villages, and hamlets located within its boundaries. During Hurricane Irene, Nassau County relied upon Looks Great Services to successfully execute their pre-positioned debris management plan. The challenge encountered was coordinating with 129 different incorporated governments to enable debris removal to operate smoothly and in an orderly fashion. Many of these agencies were facing an unprecedented and unplanned community issue. By implementing LGS' established and proven plans and utilizing LGS' experienced managers to advise, guide and help these agencies, LGS successfully enabled these governments to assist their communities in an expedited and coordinated manner.

#### *Local small business subcontracting efforts*

Looks Great Services' commitment to small business subcontracting partners resulted in 70% of the work being performed by local companies. 100% of the work was completed by small business concerns.

2012 – Hurricane Sandy

*Pre-Segregation Debris Piles*

*Post-Segregation Debris Piles*

Location: City of Long Beach, NY  
 Date: October 2012 – May 2013  
 Revenue: \$17,000,000  
 Client: City of Long Beach, NY  
 Contact: Jim LaCarrubba  
 Commissioner of Public Works  
 1 West Chester Street  
 Long Beach, NY 11561  
 (516) 431-1000  
 jlacarrubba@longbeachny.org

*Executing Requirements*

Sandy made land fall on October 29, 2012. The following morning reports came into the Nassau County Emergency Operation Center (EOC) about the status on Long Beach. There were reports of houses on fire, people trapped, first responder equipment destroyed, and roads were impassable for emergency workers. LGS was contacted by the Counties EOC asking if we knew how to help in this dire situation. Since all communication was cut off between the EOC and Long Beach, there was no way to assess needs. Within two hours LGS implemented our emergency clearing plan and mobilized twenty-five heavy equipment clearing crews. With the assistance of an emergency escort, our crews gained access to the affected city. Our immediate response cleared the city's roads of 120,000 cubic yards of sand and allowed emergency response crews to reach citizens in need. The situation in Long beach was so critical our operations ran 24 hours a day for several weeks.

LGS assisted the city with other needs such as:

- The removal and disposal of over 260,000 cubic yards of C&D that was generated as a result of buildings flooded by the storm surge.
- LGS worked with the EPA and NYDEC to make sure all debris removal (sand and C&D) was done within the guidelines of all regulatory agencies. LGS made certain that all permits were secured and in place.

*Meeting Operational Challenges*

- No Available Temporary Debris Site:

Long Beach Island had no suitable location to set up a temporary debris site to accept the 260,000 yards of construction debris produced from flooded homes and buildings. Looks

Great Services identified a suitable location 4 miles out of the city's limit and secured the necessary license and permits on behalf of the city. Once secured and opened, the site became the base of operation for the recover mission for not only our operation but also for the US EPA.

*C&D Barging Site*

- C&D debris contained co-mingled waste streams:

LGS determined that the C&D material contained Household Hazardous Waste (HHW) that required segregation, containment, and packaging by classification. To address this need, LGS worked with the US EPA and implemented operations that included curb side segregation and pick up of HHW, municipal waste, and C&D debris. Additional hazardous waste segregation crews worked at the debris site removing and processing contaminated material. LGS successfully removed 30,000lbs of HHW because of our segregation operation.

*HHW Collection Site*

- Removal, cleaning, testing and placement of sand:

The city of Long Beach was buried in sand from a foot storm surge. Every home and building experienced substantial flooding and sand displacement. Thousands of yards of sand were

removed from the basements of buildings and placed in the streets by residents for pick up. This posed a unique challenge to LGS since the sand needed to be processed and tested before it could be relocated. We implemented our Beach Sand Recovery Plan that was reviewed and accepted by the New York State Department of Environmental Conservation Agency as an acceptable method. LGS secured state issued permits to commence sand screening and testing. 195,000CY of sand was recovered from the streets, rights-of-way, and private property. The sand was cleaned, tested and placed back on the beach as emergency protective berm.

*Sand Reclamation and Screening Site*

*Clean Sand Coming Off the Screen onto the Beach*

#### *Local Small Business Subcontracting Efforts*

Looks Great Services performed over \$17,000,000 in recovery work for the City of Long Beach. Operations took place over a six-month period and all work performed was completed by small business companies.

2012 – Hurricane Sandy

Nickerson Beach Park – C&D TDSRS

TDSRS Site Plan

Location: Nassau County, NY  
 Date: October 2012  
 Revenue: \$62,000,000  
 Client: Nassau County, NY  
 Department of Public Works  
 Contact: John Gallo  
 Superintendent of Highways  
 170 Cantiague Rock Road  
 Hicksville, NY 11801

Nickerson Beach Park – TDSRS

*Executing requirements*

In preparation for Hurricane Sandy, the Nassau County Department of Public Works activated its pre-existing debris management contract with Looks Great Services, Inc. (LGS). Once activated, LGS mobilized 70 clearing crews with equipment and 210 personnel which were prepositioned throughout Nassau County. All crews were staged for response before Hurricane Sandy made landfall. To meet the substantial mobilization request of the county, LGS utilized its relationships, reputation, and financial stability to secure assets to quickly respond to the needs of the county.

LGS relationships with national companies such as Weeks Marine, Bergeron Emergency Services, BMI, Hertz Equipment Rental, and many others, have proven to be reliable sources that can be called upon during widespread disaster events such as Hurricane Sandy. LGS also has strong ties with small companies, such as us, including La May and Sons, Edgewood Industries, DLI, Stoney Creek Industries, Medek Tree Service, Michael's Tree Service, and H2 Construction, LLC, as well as dozens of other large and small businesses from across the country.

During Hurricane Sandy recovery operations for Nassau County, LGS operated and managed 11 separate TDSRS'. The majority of TDSRS processed, reduced, and disposed the following:

- 657,000 cubic yards of vegetative debris
- 260,000 cubic yards of C&D debris
- Hundreds of abandoned vehicles were processed at three aggregation sites
- Processed hundreds of tons of Hazardous Waste including sewage, and HHW
- Collected, and processed thousands of white goods and e-Waste

In response to widespread flood damage, Looks Great Services deployed teams of trained Hazardous Waste Specialists within the county to properly segregate, containerize and dispose of Household Hazardous Waste in compliance with local and federal safety, health and environmental regulations and standards. Proper personal protective equipment, environmental protection measures, cross-contamination prevention practices, and environmental monitoring (i.e.: continual air monitoring) were adhered to following LGS's written Environmental Protection Plan and LGS Site Specific Health and Safety Plan which were approved by the NY Department of Environmental Conservation, US EPA and OSHA.

LGS' dedicated staff gained additional experience in large scale disaster recovery projects in the aftermath of Hurricane Sandy. As part of our operations with Nassau County, NY, we provided Construction and Demolition (C&D) material removal for the Villages of Bay Park, Oceanside, Baldwin, Atlantic Beach, East Atlantic Beach, Lido Beach, Point Lookout, and the City of Long Beach. The C&D collected was removed from Long Island by our barging operations and relocated to an approved landfill near Albany, NY, over 170 miles away. We worked closely with the New York State Department of Environmental Conservation, US EPA, and the US Coast Guard compliance officers to meet all state and federal transportation and disposal requirements.

Looks Great Services' barging operation included quality control measures such as air and water quality testing, and the deployment of small boats, booms and other containment systems to monitor waterways and prevent contamination of the fragile estuaries. As a result of our actions, all waterways and the surrounding fragile ecosystems were protected.

LGS managed all FEMA eligible vegetative debris removal from within Nassau County, NY. LGS provided collection, staging, reduction, and final disposal services. The resulting wood chips were removed from Long Island by barge to approved sites in NJ and PA for beneficial re-use.

Looks Great Services operations resulted in the following completed tasks:

- 1,157,770 CY of vegetative debris hauled, processed, and disposed
- 10,520 hazardous trees removed
- 21,275 hazardous limbs removed
- 10,272 loads of debris hauled

#### *Meeting operational challenges*

- All Long Island landfills were at or near capacity:

One week into the recovery effort, it became apparent that all Long Island landfills had become overwhelmed by the number of debris generated by Hurricane Sandy. One by one the disposal sites began to close. Nassau County requested that LGS find a quick solution to this major problem because the county's reduction sites were quickly reaching capacity and facing closure by state regulators. LGS presented the county with multiple options including trucking, rail transportation and barging. The county made the determination after verification of LGS' data, that barging was the most efficient and cost-effective solution. An additional benefit of barging was the reduction of truck haul distances and reduction of the hazard to the public in bypassing high density population areas.

- Household hazardous waste extensively comingled:

The storm surge from Hurricane Sandy created a devastating effect to the south shore of Nassau County. Water levels reached from two to four miles inland, flooding many homes and businesses. The county's need to establish a large C&D debris TDSRS centrally located to the devastation, was identified immediately after the storm surge subsided. Although the county had

a debris management plan in place, it did not include handling and processing commingled construction debris, nor household hazardous waste. LGS provided collection of C&D materials, providing segregation of household hazardous waste, white goods, and e-waste. Looks Great Services initiated our Hurricane Sandy Response and Recovery Plan. This plan established the parameters for handling comingled waste streams and was approved by the NYS DEC. We initiated curbside and TDSRS segregation of comingled materials. As a result of our efforts the C&D TDSRS successfully processed 10,000 to 15,000 CY of debris per day without any interruption or delay of operations. One of the most critical challenges was the fact that Nickerson Beach Park, the location of the TDSRS for C&D and HHW, is immediately adjacent to the beach on the Atlantic Ocean. LGS successfully implemented environmental protection measures that prevented contamination of this critical and fragile environment to the praise of the NYS DEC, and US EPA, who were co-located at the site with LGS.

- Debris streams contaminated with raw sewage:

Hurricane Sandy flooding caused a power outage for Nassau County's Bay Park Sewage Treatment facility. This plant processes 40% of the county's sewage, averaging 72 million gallons per day. Raw sewage overflowed the plant and flooded entire neighborhoods up to three feet deep. The county relied on LGS to immediately respond by providing biohazard decontamination and clean-up crews. LGS provided complete biohazard management with appropriate hauling, processing, and disposal measures incorporated in accordance with state and Federal regulations.

- Extreme safety hazards:

The population density in Nassau County is 4,600 people per square mile. The volume of people and traffic exposed to LGS operations on a daily basis posed a unique challenge. Crews were limited by the government to roadways that generally see high volumes of traffic and were unable to utilize parkways due to height limitations and restrictions. Debris crews were assigned additional traffic control personnel and equipment above the normal requirement levels to protect the public during debris removal operations.

- Limited open space in urban area, limiting large TDSRS':

Population density created debris site availability challenges. Lack of open space prompted LGS to consider a smaller TDSRS'. The production goal set by LGS was to collect 20,000 cubic yards of vegetative debris per day. As a result, many smaller TDSRS' were established across the county. Logistically the use of many sites multiplied the need for additional assets such as personnel, management, equipment, and quality control measures. Looks Great Services met this need by providing the additional assets and personnel as required. At the height of operations, LGS crews were collecting 32,000 CY of debris per day, 60% above our own self-imposed goal. LGS opened, managed, and successfully closed out 11 sites within the boundaries of Nassau County.

#### *Local small business subcontracting efforts*

For Hurricane Sandy, LGS again relied heavily on our small business debris management contacts to assist us in contract performance for Nassau County. Eighty percent (80%) of our subcontractors were small business concerns, with the majority coming from the declared area.

**2018 – Hurricane Maria**

Location: West Zone  
 Date: December 2017  
 Revenue: \$39,000,000  
 Client: Puerto Rico Department of Transportation and Public Works  
 Contact: Elias Tirado Huertas  
 Director  
 Apartado 41269  
 San Juan, PR 00940-1269

*Crews Mobilizing in Puerto Rico*

*Executing Requirements*

LGS was tasked with Hazardous Tree Removal and Hazardous Limb Removal and Right of Way (ROW) loading and hauling of vegetative debris generated by Hurricane Maria. In addition, LGS managed and operated five DMS and three FDS for the project.

- Positioned crews to perform emergency road clearance immediately after NTP
- This was a post-disaster contract competitively bid and awarded
- LGS mobilized 60+ road clearance crews and debris consolidation crews
- All work performed on a time and material basis and unit price per direction of client
- Performed Hazardous Tree Removals on 8,091 trees to date
- Trimmed 59,580 Hazardous Limbs to date
- Removed, processed and disposed over 319,320 CY of vegetative debris

*Tree Removal*

*Meeting operational challenges*

- Access to areas in Puerto Rico closed, preventing mobilization:

LGS worked with DTOP to open roads and ROW that had been closed to the public. Our actions allowed much needed crews and assets to access Puerto Rico to expand our capabilities. LGS also relied on its experienced crews in navigating the isolated terrain and one-lane mountain passes with equipment to coordinate the cleanup of mudslides and hazardous trees.

- Multi-jurisdictional coordination:

Puerto Rico's West Zone is a mix of suburban and rural areas covering more than 700 square miles. The population from the 2018 census was estimated at 554,142. Under the disaster declaration, DTOP is the lead agency for the 15 municipalities located within Zone 4. After Hurricane Maria, DTOP relied upon Looks Great Services to successfully execute their debris management plan. The challenge encountered was coordinating with 15 municipalities and a multitude of incorporated governments to enable debris removal to operate smoothly and in an orderly fashion. Many of these agencies were facing an unprecedented and unplanned community issue. By implementing LGS' established and proven plans and utilizing LGS' experienced managers to advise, guide and help these agencies, LGS successfully enabled these governments to assist their communities in an expedited and coordinated manner.

*Local small business subcontracting efforts*

Looks Great Services' commitment to small business subcontracting partners resulted in 70% of the work being performed by local companies. 100% of the work was completed by small business concerns.

## 2020 – Jefferson Davis County Tornado

Location: Jefferson Davis County, MS  
 Date: April 2020  
 Revenue: \$3,471,890  
 Client: Jefferson Davis County Board of Supervisors  
 Les Dungan  
 County Engineer  
 1574 Highway 98 East  
 Columbia, MS 39429  
 601-441-6411

April 13, 2020 Tornado Track

### Executing Requirements

LGS was tasked with Hazardous Tree Removal and Hazardous Limb Removal and Right of Way (ROW) loading and hauling of vegetative and C&D debris generated by the largest tornado in Mississippi's history. In addition, LGS managed and operated the county's landfill (FDS), due to the lack of county resources.

- This was a post-disaster contract competitively bid and awarded
- LGS mobilized 30 debris crews and 10 trimming crews
- All work performed on a unit price basis per direction of client
- Performed Hazardous Tree Removals on 2,913 trees to date
- Trimmed 2,215 Hazardous Limbs to date
- Removed, processed and disposed over 237,697 CY of vegetative and C&D debris

### Meeting operational challenges

- Landfill Management:

LGS worked with Jefferson Davis County to create a Temporary Debris Site adjacent to the landfill. One of the challenges was that the landfill could not accept the debris volume. LGS reduced the debris, transported it to the landfill, and operated the landfill. Our experience with operating final disposal sites allowed for the landfill to accept all the debris and have room for other DOT contracts to dispose of debris as well. This benefited the county by them receiving additional money from the tipping fees.

- Multi-event coordination:

Due to a second, straight-line wind disaster 2 weeks after the tornado, another set of contracts was issued. The widespread damage from 2 overlapping storms required LGS to provide an extra level QC in the operation plan. In response, the County relied upon Looks Great Services to successfully execute their debris management plan. The challenge encountered was coordinating with 2 agencies and 4 separate contracts to manage the debris from both storms smoothly. By implementing LGS' established and proven plans and utilizing LGS' experienced managers to advise, guide and help the county, LGS successfully enabled all contracts to be expedited and in a coordinated manner.
