Agenda Item 1: Policy on Water and Sewer Services Outside City Limits

Discussion: The committee discussed the extension of utilities outside the city limits. It was noted that the most recent utility extensions have been to properties that voluntarily annexed into the city limits. It was noted when a request for utilities is made for property outside the city limits, conformance with the city's existing ordinances as well as future maintenance costs are considered.

Committee Action: Following discussion, a motion was made by Mr. Haschke, seconded by Mr. Baskett, to create a policy regarding the extension of water and sewer services for property contiguous to the city limits.

Recommendation: The committee voted unanimously to forward a positive recommendation to the full council to create a formal policy requiring properties contiguous to the city limits to be voluntarily annexed into the city in order to receive city utility services.

Staff will draft a policy for council consideration.
