Reason for Applying

I believe the Senior Citizen has too much offer and needs to be revitalized after the COVID shut down. Senior Citizen could be a wonderful community building for all the folks not only for the elderly but bring the younger seniors in too.., it just needs some new activities and programs to more new energize their programs. I would hope to engage younger seniors to become a part of the Center.

Educational Background

I have a business administration degree from Tarleton with a minor in management and accounting.

Occupational Background

I started in the Accounting department at Tandy Corp(10 years), worked in the international tax department at General Dynamics,3 years) Payroll manager at Cook Children's Medical Center for 14 years, people soft consultant for SAbre for two years, and completed my work career at TCU as Director of Hr Services /Payroll for 20 years. One of my most proudest moment was when I was chosen to receive the Chancellors Staff Award. (2017 I think)

Relevant Experience

Customer services was the focus of all my positions as well as the number one goal was getting thing done. To provide great service to all the clients, we built trust and found ways to think outside the box to bring the best product and customer satisfaction. I led several focus groups on how to improve communication and new products on Campus. I loved my career. And I am enjoying retirement even more.

Community Involvement

I was a part of the Leadership FW in 1995. I was active in leading community projects for our office.

Note: I am resending my application as I understand the first one was not received.(BLuff Dale Internet)
