Reason for Applying

I believe recreational opportunities for children and adults are central to a happy and healthy community. I have spent my entire professional career growing sport opportunities for youth athletes as well as advocating for collegiate athletes. I have lived in several small communities all over the country and have watched parks and recreation departments grow and evolve to suit the growing needs of the community. I am applying so I can advocate for the recreation and leisure department and help maintain, grown and evolve our offerings to meet the needs of our community. I believe a strong commitment to recreation and wellness is essential to any community.
