Yes

Do you or a family member own a business within the community?

No

Please indicate which category of the local economy that you represent.

General Public - Defined as those persons having no economic interest other than a normal consumer

Reason for Applying

I have reached a point in my life where it is time to focus my efforts on representing and improving my hometown in whatever capacity I am able to serve. My girls are now grown and it is time to step up and help others as well as be more active in the behind-the-scenes activities that make this town a great place to live.

Educational Background

Currently a senior at Tarleton State University. I expect to graduate in May 2022 with an Applied Science degree with a Business Administration concentration. I plan on continuing my education at Tarleton and pursue a master's degree in Quality and Engineering Management.
Graduated Stephenville High School May 1992

Occupational Background

I have been employed with TechnipFMC since August 28, 2000. I started as a machinist and have held several positions throughout my career. I am currently a Senior Supervisor and oversee the safety and production of 20+ direct reports on a daily basis. While striving to achieve financial goals for the company, our team is constantly aspiring to improve and look for leaner and better ways to deliver quality products to our customers that will exceed performance expectations under strenuous conditions.

Relevant Experience

We focus on teamwork and betterment for our customers on a daily basis. This requires intense focus, open and honest dialogue, and true collaboration to arrive at a destination that is best for everyone. This is important as being on a team and being willing to hear what others have to say and not be closed-minded to alternate opinions truly allows everyone in the group to contribute. No one person has all of the best ideas, but a diverse group of people who are willing to put personal agendas aside and focus on the task at hand will always deliver results. I am a firm believer in that and my experience in developing teams that work toward a common goal would be a valuable resource.

Community Involvement

Up to this point, the majority of my community involvement was through my children. Whether it be in the schools they were in at the time or working alongside the former percussion director, Michel Wimberly, for the last seven years as the percussion parent for the Yellow Jacket Band. As an employee of TechnipFMC, I have coordinated yearly highway trash pickups along the Northwest Loop that TechnipFMC employees and volunteers patrol. I am currently a member of the 2022 Leadership Stephenville class and a new volunteer for Meals on Wheels.
