

FUTURE LAND USE

Community Core

The Community Core land use accommodates a mix of uses at a medium density. Diverse housing types are encouraged to support a range of residents. Local businesses, such as grocery stores, cafes, and local offices cater to the needs of the nearby residents and parks and green spaces provide recreational opportunities.

Guiding Principles

Land Use: Land uses are characterized by a mix of uses that includes varying forms of mixed residential and commercial. Purpose-built student housing is preferred along walkable routes to campus and major corridors.

Built Form: Buildings are typically two to four stories to encourage more efficient utilization of land. Buildings are brought up to the street edge to encourage walkable urban form.

Mobility: Existing streets should be connected into the larger grid network where disconnected and substandard with street trees should be developed to promote pedestrian connectivity.

Parking: Parking should be accommodated with a mix of off-street parking, shared parking, and structured parking associated with larger developments.

Parks and Open Space: Public spaces and plazas are integrated into the development framework as well designed and highly amenitized courtyards, plaza spaces, and gardens.

\$5,500 per acre - Targeted property tax revenue per acre is high. City infrastructure spending should be directed to the Community Core to help attract new developments to these fiscally productive areas.

Sec. 154.05.8 Integrated housing district (R-2.5).

5.8.A Description. This integrated residential housing district provides for medium-density city neighborhood development. The primary land use allows for single-family dwellings, two-to-four family dwelling units, patio homes, condominiums and townhomes. Generally, this district is for developments resulting in individually platted homes or dwelling units and generally, owner occupied. Recreational, religious and educational uses are also permitted so as to contribute to the natural elements of a convenient, balanced and attractive neighborhood. Development within this district is intended to be protected from the encroachment of land activities that do not contribute to the aesthetic and functional well-being of the intended district environment. The Integrated Housing District will be applicable to all Residential Districts, B-1 Neighborhood Business District (B-1), Central Business District (B-3), and Downtown District (DT).

5.8.B Permitted Uses.

(Ord. No. 2021-O-28 , § 1, passed 9-7-2021)

FACTORS TO CONSIDER:

- Compliance with Comprehensive Plan?
- Is application consistent with Plan?
- If not, have conditions changed or new information been offered to support change?
- Surrounding Zoning and Land Use
- Infrastructure Impacts
- Size and Location of Parcel – is land large enough and in property location for proposed use?
- Reasonable Use of Property – does proposed change provide reasonable use of property?
- Zoning has great discretion – deny if applicant has not proven it is in the best interest of City to approve.

ALTERNATIVES:

- 1) Accept the recommendation of the Planning and Zoning Commission and approve the rezone request.
- 2) Deny the rezone request.
