SECONDED BY: __ MOVED FOR ADOPTION BY: _ WHEREUPON, THIS ORDINANCE WAS SUBMITTED TO A VOTE AND RESULTED IN THE FOLLOWING: YEAS: NAYS: ABSTAINING: ABSENT: THIS ORDINANCE WAS DECLARED DULY ADOPTED AT A MEETING OF THE PARISH COUNCIL ON THE 5TH DAY OF <u>DECEMBER</u>, 2024; AND BECOMES ORDINANCE COUNCIL SERIES NO. 24-ARTHUR A. LAUGHLIN, COUNCIL CHAIR ATTEST: KATRINA L. BUCKLEY, CLERK OF COUNCIL MICHAEL B. COOPER, PARISH PRESIDENT ST. TAMMANY PARISH GOVERNMENT Published Introduction: NOVEMBER 20 & NOVEMBER 28, 2024 Published Adoption: Delivered to Parish President:

Returned to Council Clerk:

ADMINISTRATIVE COMMENT FOR THE AMENDMENT TO THE 2025 PROPOSED CAPITAL IMPROVEMENT BUDGET AND CAPITAL ASSETS NOVEMBER 20, 2024 SPECIAL COUNCIL MEETING

PROJECTS AMENDED 11/20/2024

A. Funding for the following projects to be added to and/or revised from the 2025 Capital Improvement budget.

Ben Thomas Rd. - Property ID: R09D037

Allocate funding in the amount of \$400,000.00 to mill and overlay approximately 4,000 feet of roadway.

Carroll Rd. - Property ID: R09G062

The 1.26-mile Carroll Rd. is a major connector road between LA433 and US190. The route also includes Carolyn Park Middle School and multiple commercial businesses. This project intends to implement roadway improvements recommended by a corridor evaluation that was completed in 2023.

The corridor evaluation recommended improvements at Preacher's Oak Ln. intersection, Carolyn Park Access/West Dr. intersections, and Garden Dr. and Hall Ave. intersections. The evaluation also recommended the closure of several open ditches, widening of the roadway, and a southbound right turn lane at LA433.

Budget request is to allocate additional funding needed for final design of roadway improvements.

| Budget including work completed to date: | Current | Amendment | Revised |
|--|------------|------------|------------|
| Parish Funds - 200-4640 - Sales Tax District 3 - Parishwide Roads & Drainage | 250,000.00 | 408,000.00 | 658,000.00 |
| | 250 000 00 | 408 000 00 | 658 000 00 |

Dove Park Rd. - Property ID: R04D001

Project includes widening to a uniform width, and traffic improvements to the eastern portion of Dove Park Rd. A large portion of Dove Park Rd. was widened in 2015. The remaining, unwidened portion of the roadway has had issues with deteriorating shoulders and damage to the road edge due to the narrow lanes and increased traffic from residential development. This project will look to resume the road widening from the end of the previous project and continue improvements out to the western Winn-Dixie driveway. This project will improve safety along the roadway as well as the crossing location of the Tammany Trace.

The Parish has contracted for pre-design work to begin. This budget request is to allocate additional funding needed to complete final design of roadway widening.

| Budget including work completed to date: | Current | Amendment | Revised |
|--|------------|------------|------------|
| Parish Funds - 263-4661 - Mandatory Impact Fees - SA Transportation | 250,000.00 | - | 250,000.00 |
| Parish Funds - 200-4640 - Sales Tax District 3 - Parishwide Roads & Drainage | | 250,000.00 | 250,000.00 |
| | 250,000,00 | 250 000 00 | 500 000 00 |

Grand Ave. - Property ID: R07H029

Allocate funding in the amount of \$500,000.00 for asphaltic road raising from Jeron Dr. to the Cypress Bayou Bridge due to road going underwater frequently.

LA1085 Road Transfer Study

Allocate funding in the amount of \$20,000.00 for a feasibility evalutation to determine the economics of performing a road transfer on LA1085 from LA22 to LA1077.

LA59/Harrison Ave. Roundabout

Project is to design and construct a roundabout at Harrison Ave. and LA59 to provide for increased safety and reduced traffic queues at the intersection. Project has received LADOTD approval of traffic evaluation and the placement of a roundabout. The project is currently programmed in LADOTD's State Transportation Improvement Program (STIP). The Parish will be providing engineering design, and the project will be let and constructed by LADOTD in 2027-2028. Infrastructure will be maintained by DOTD and the Parish will be responsible for the maintenance of the landscaping/grass cutting of the center island.

The Parish has contracted for pre-design work to begin. This budget request is to allocate additional funding needed for final design of the roundabout and secure the match needed for DOTD's construction estimate.

| Budget including work completed to date: | Current | Amendment | Revised |
|--|------------|------------|------------|
| Parish Funds - 200-4640 - Sales Tax District 3 - Parishwide Roads & Drainage | 345,000.00 | 645,000.00 | 990,000.00 |
| | 345,000.00 | 645,000.00 | 990,000.00 |

Nolan Rd., Ph.2 - Property ID: R10D003

Allocate funding in the amount of \$200,000.00 for ROW survey and services needing for widening of the entire roadway.

US190/Judge Tanner Blvd. Roundabout

Revise proposed budget request for an updated traffic study of a roundabout near the intersection of Judge Tanner Blvd. and US190.

| Budget including work completed to date: | Current | Amendment | Revised |
|--|------------|-----------|------------|
| Parish Funds - 200-4640 - Sales Tax District 3 - Parishwide Roads & Drainage | 345,000.00 | 50,000.00 | 395,000.00 |

| | 905,000.00 | 50,000.00 | 955,000.00 |

Abney Country Air Subdivision Drainage

Allocate funding in the amount of \$350,000.00 for engineering services and survey work needed for subdivision drainage improvements.

LA1085/LA1077 Ponds

Allocate funding in the amount of \$450,000.00 for design and permitting of additional stormwater storage ponds in the LA1077 and LA1085 area.

| DRAINAGE - PARISHWIDE Funding Source: Ad Valorem and Available Fund Balance | |
|---|--|
|---|--|

Bayou Lacombe Regional Detention Pond

Revise proposed budget request for modeling, engineering design, and construction of a 110-acre detention pond located along Big Branch Bayou.

| udget including work completed to date: | Current | Amendment | Revised |
|---|------------|------------|--------------|
| Parish Funds - 201-4606 - Ad Valorem - Drainage | - | 240,000.00 | 240,000.00 |

| | 450,000.00 | 575,000.00 | 1,025,000.00 |

ADMINISTRATIVE COMMENT FOR THE AMENDMENT TO THE 2025 PROPOSED CAPITAL IMPROVEMENT BUDGET AND CAPITAL ASSETS NOVEMBER 20, 2024 SPECIAL COUNCIL MEETING

PROJECTS AMENDED 11/20/2024

SALES TAX DISTRICT 3 - TAMMANY TRACE Funding Source: 2% Sales Tax and Available Fund Balance

Tammany Trace Connection-John Davis Park

Allocate funding in the amount of \$575,000.00 for a feasibility study and design of a potential trace tunnel or other trace crossing.

CULTURE, RECREATION, TOURISM - CAMP SALME! Funding Source: Hotel Motel Tax and Available Fund Balance

Camp Salmen Master Plan

Allocate funding in the amount of \$100,000.00 for a master plan study of Camp Salmen.

The Council's stated goal throughout the budget process has been to identify sufficient resources to fully fund all of our mandated costs with particular attention paid to the most expensive components, the St. Tammany Criminal Justice System. Amendment items B and C includes deferring or reducing funding for some projects. The Parish can and will make these tough choices to fund the Criminal Justice System in 2025.

B. Funding for the following currently budgeted projects to be deferred and/or reduced to reflect necessary funding needs.

| ST. TAMMANY PARISH JUSTICE CENTER COMPLEX | Funding Source: Sales Tax and Available Fund Balance | | | |

ASSETS AMENDED 11/20/2024

Funding for the following assets to be added, deferred, and/or removed.

100-2101 - ENGINEERING - CAPITAL ENGINEERING

Truck-Light Duty New vehicle needed for drainage inspector hired in 2024 that needs an assigned truck. Remove funding in the amount of \$44,000.00, as a new (Koop Dr. Complex) vehicle is no longer needed.

100-3200 - HOMELAND SECURITY & EMERGENCY OPERATIONS

Video Display Wall Server Replacing 2017 non-operational equipment with an upgraded system to operate the video display walls at the Emergency Operations Center and Tyler St. Complex Hall of Excellence. Remove funding in the amount of \$30,449.00, as grant funding was acquired for this purchase in 2024.

100-4607 - TAMMANY TRACE MAINTENANCE

Golf Cart New vehicle needed for Trace. Allocate additional funding in the amount of \$15,000.00.

Utility Vehicle New vehicle needed for Trace. Allocate additional funding in the amount of \$15,000.00.

612-2412 - INTERNAL SERVICE FUND - SAFE HAVEN COMPLEX

Mower-Zero Turn Replacing a 2004 unit that is at the end of its useful life. Defer funding in the amount of \$12,000.00, and reappropriate to reflect necessary

funding needs.

SECTION I: CAPITAL IMPROVEMENTS - INFRASTRUCTURE (ROADS, BRIDGES, DRAINAGE, AND UTILITIES)

SALES TAX DISTRICT 3 - PARISHWIDE Funding Source: 2% Sales Tax and Available Fund Balance

ROADS

Brownswitch Rd. - Property ID: R08I095

Scope: Project includes mill, overlay, patching, and new striping on Brownswitch Rd. from Highway 11 to Robert Rd. The existing road is in poor condition. Brownswitch Rd. is one of the busiest roadways owned and maintained by St. Tammany Parish.

Status: In-house design for this project will be provided by Department of Engineering. Construction expected for second half of 2025.

Charlie St. Extension - Property ID: R03A004

Scope: Project includes the design and construction of roadway improvements along the unopened portion of Charlie St., north of Three Rivers Rd. This project will include new roadway and intersection improvements. This commercial area has limited ingress and egress, so the additional route allows for simpler and safer turning movements in the area. Intersection improvements along the roadway will allow existing truck traffic to maneuver in a more efficient and safe manner.

Status: This budget request is to secure funding for the design of a new roadway at the unopened portion of Charlie St.

English Oaks Dr. - Property ID: R01I058

Scope: Project includes mill, overlay, patching, and striping of English Oaks Dr. from Grand Oaks Dr. to Silver Oaks Dr. in Grand Oaks Subdivision.

Status: In-house design for this project will be provided by Department of Engineering. Construction expected for second half of 2025.

LA1085/LA1077 Connector Rd.

Scope: Project includes the design and construction of a new roadway from LA1085 to LA1077. This route would provide an alternative route in the congested LA1085/LA1077 area. This project first appeared in the 2014 budget and was previously identified as Seymour Meyer Dr. Extension. The project was budgeted for land acquisition in 2015 and was included in budget capital plans until 2019. The Department of Engineering can find no documentation into the reasoning St. Tammany Parish stopped working on this project at that time or removed the project from the capital plan. Some conceptual work and right-of-way acquisition for the roadway are complete, but no work on this project has occurred since 2017. Project work will continue with the previously established route.

Status: Funds budgeted in 2024 are intended for survey, environmental, preliminary engineering, and right-of-way services to restart the project. Funds budgeted in 2025 are intended for the final design. Funding required for ROW purchase is unknown due to several pending items. Request to follow via 2026 budget request or 2025 budget amendment. Construction anticipated to begin in 2027 with conceptual construction cost estimated based on prior project of similar scope.

|--|------------|------------|--------------|
| Parish Funds - 200-4640 - Sales Tax District 3 - Parishwide Roads & Drainage | 800,000.00 | 500,000.00 | 1,300,000.00 |
| | 800.000.00 | 500.000.00 | 1.300.000.00 |

Lakeview Dr. - Property ID: R09J007

Scope: Project includes mill, overlay, patching, and striping of Lakeview Dr. in Slidell, LA.

Status: In-house design for this project will be provided by Department of Engineering. Construction expected for second half of 2025.

Lowe Davis Rd. - Property ID: R10C004

Scope: Project includes mill, overlay, patching, and striping of Lowe Davis Rd. from Allen Rd. to Downs Rd. in Covington, LA.

Status: In-house design for this project will be provided by Department of Engineering. Construction expected for second half of 2025.

Perrilloux Rd. - Property ID: R011001

Scope: Project includes design of improvements to Perrilloux Rd. in Madisonville, LA. Project will include drainage work to accommodate the road and intersection improvements. Widening, mill, overlay, patching and new striping will also be done in the project.

Status: The 2025 funding for the final plans will complete the design of the project.

| | E00 000 00 | F00 000 00 | 1 000 000 00 |

Pinnacle Pkwy. - Property ID: R01D020

Scope: Project includes mill, overlay, patching, and new striping on Pinnacle Pkwy. from LA21 to the I-12 right-of-way near the Tchefuncte interchange. The existing road is in poor condition. Pinnacle Pkwy. is one of the busiest Parish-maintained roads with a number of large commercial retailers.

Status: In-house design for this project will be provided by Department of Engineering. Construction expected for first half of 2025.

T.J. Smith Expressway - Property ID: R09I168

Scope: Project includes safety improvements, mill, overlay, patching, and striping of Dr. T.J. Smith Expressway in Slidell, LA.

Status: The 2025 budget request is for construction of the above-mentioned work. Project is currently in design.

| Budget including work completed to date: | Current | Amendment | Revised |

Three Rivers Rd., Ph.3 - Property ID: R03A001

Scope: Phase 1 of Three Rivers Rd. from Ave. St. Germain to the Tulane canal was completed in 2016. Phase 2 of Three Rivers Rd. from the Tulane Canal to Wolverine Dr. was completed in 2019. This project includes the design and construction of roadway improvements and widening of the section of Three Rivers Rd. from Wolverine Dr., proceeding east to US190, completing the widening of this section of Three Rivers Rd.

Status: This budget request is to secure funding for the design of roadway improvements and widening for this portion of Three Rivers Rd.

SECTION I: CAPITAL IMPROVEMENTS - INFRASTRUCTURE (ROADS, BRIDGES, DRAINAGE, AND UTILITIES)

SALES TAX DISTRICT 3 - PARISHWIDE

Funding Source: 2% Sales Tax and Available Fund Balance

Traffic Calming Program

Scope: The St. Tammany Parish Traffic Calming Program is intended to help mitigate speeding and safety traffic concerns along local and collector streets on Parish-maintained residential roadways. St. Tammany Parish is experiencing a growing demand from the public for implementation of traffic calming measures. The Traffic Calming Program is intended to provide for uniform application of traffic calming measures in St. Tammany Parish. To be effective, these traffic calming measures must be carefully considered using best practices and community involvement. The goal of St. Tammany Parish Traffic Calming Program is to increase the quality of life, to create safe and attractive streets, and help reduce the negative effects of vehicles on the residential environment. The implementation of traffic calming measures is expected to help slow excess speeding of vehicles, to reduce the frequency and severity of collisions, and increase the safety of the roadway.

Status: Funding requested for 2025 is based on outstanding requests. Future funding need is provided as a rough estimate, but will be dependent upon expected program participation.

US190/Judge Tanner Blvd. Roundabout

Scope: Project is to design a roundabout at the intersection of Judge Tanner Blvd. and US190.

Status: For 2024, project tasks included completing the stage 0 with DOTD and preliminary design and property acquisition. For 2025, project tasks will include final design and construction.

Woodridge Blvd. - Property ID: R04C004

Scope: Project to include mill, overlay, patching, and striping of Woodridge Blvd. in Mandeville, LA, which is a two-lane road separated by a median.

Status: Project will include construction of the improvements to Woodridge Blvd.

BRIDGES

Fish Hatchery Rd. Bridge - Property ID: B07E001

Scope: Project includes the replacement of the Fish Hatchery Rd. Bridge located between N. Pontchartrain Dr. and Cloverland Dr. Project will prevent potential closures due to low condition of bridge and will increase safety by bringing bridge barriers up to current standards. Expected replacement is based on current condition and continued maintenance costs.

Status: This budget request is to secure funding for the design of a new bridge on Fish Hatchery Rd.

Lock No.2 Rd. Bridge - Property ID: B05F017

Scope: Project includes the design and construction of Lock No.2 Rd. Bridge. Work includes survey, geotech, environmental, and engineering design for the replacement of Lock No.2 Rd. Bridge as well as all work associated with replacing the bridge. The existing bridge is in poor condition and is beyond its useful lifespan. The bridge must be replaced to avoid closure and ensure public safety.

Status: For 2025, the project will be funded for construction.

DRAINAGE

Bayou Vista Subdivision Drainage - Property ID: D09J008

Scope: Project includes survey and drainage evaluation to address standing water in the Bayou Vista Subdivision area in Slidell. The subdivision area includes roadways such as Bond Dr., Abs Rd., Windsor Dr., Jackson St., and Jefferson Ave.

Status: For 2025, project tasks will include survey and drainage evaluation. Any future requests for funding will be dependent upon the outcome of the evaluation.

Forest Brook Subdivision Drainage

Scope: Project includes the survey and drainage evaluation of improvements to benefit drainage in Forest Brook Subdivision. Forest Brook Subdivision was constructed in the early 2000's and prior to current subdivision drainage requirements. Per drainage design, the roadside infrastructure was considered part of the stormwater detention for the subdivision. This design approach has resulted in significant road flooding throughout the subdivision and generates a large number of resident drainage complaints and concerns. The repetitive flooding also leads to a more rapid deterioration of roadways. Per the plat, St. Tammany Parish is responsible for maintenance of the road and roadside drainage; however, the subdivision is responsible for maintenance of the detention pond. This project will look into several options for improvement outside of the existing pond area. These options include, but are not limited to, improving downstream drainage at outfall, combining subdivision pond with the parish-maintained Lapin Street detention pond, and utilizing the abutting Mandeville Bypass right-of-way to relieve drainage in the subdivision.

Status: Funding is intended for survey and drainage evaluation of the subdivision and surrounding area. Additional funds are expected to be requested based on the outcome of the drainage evaluation.

Horseshoe Island Rd. Drainage

Scope: Project is to survey and design drainage work on Horseshoe Island Rd. to facilitate better flow of the drainage for the area.

Status: For 2025, project tasks will include survey and design. For 2026, project tasks will include construction.

Mandeville Subdivision Drainage

Scope: This project includes the evaluation of drainage in the old Mandeville Subdivision Drainage, approximately bounded by LA59, Clausel St., America St., and Labarre St. This area has recently been designated as an Area of Special Concern, has received a large number of drainage complaints from residents, and has no overall drainage plan due to the age of the area. The scope of work will include survey and drainage evaluation for the development of a drainage plan for the

Status: Funds are for survey and drainage evaluation of the area. Any future requests for funding will be dependent upon the outcome of the evaluation.

SECTION I: CAPITAL IMPROVEMENTS - INFRASTRUCTURE (ROADS, BRIDGES, DRAINAGE, AND UTILITIES)

SALES TAX DISTRICT 3 - PARISHWIDE Funding Source: 2% Sales Tax and Available Fund Balance

North Shore Cir. Drainage - Property ID: D09J008

Scope: The current proposed improvements are to take place on the south/east end of Northshore Cir. Roadside drainage improvements include removing and replacing existing, damaged driveway culverts with subsurface drainage. Additional conveyance will be achieved by realigning an existing outfall within the drainage easement. Future enhancements to the remaining roadside drainage consist of removing, replacing, and realigning the existing systems to their respective outfalls. (Project scope as presented in the 2024 capital budget has been revised from a mill and overlay.)

Status: In-house design for Northshore Cir. Drainage are expected to be completed in 2024. Funding for 2025 is for construction.

| | 100 000 00 | 750 000 00 | 850 000 00 |

Soult Street Area Drainage

Scope: This project includes the survey and drainage analysis of subdivisions location in the northern half of Soult St. in Mandeville. This area is mostly composed of older subdivided parcels that have been built out over the years with no overall drainage plan. This area is also in a Parish-determined critical drainage area that was created in 2016. Some newer subdivisions are in the area adding to a mixture of drainage features of varied age and design approach. The area is mostly developed so options such as large detention ponds will be restricted due to land availability. This drainage evaluation will include the survey of area to check for continuity in existing drainage features, evaluation of the Parish determined critical drainage area, installation of small urban ponds, and other smaller roadside improvements to provide for better drainage.

Status: Funding for this project is intended for survey and drainage evaluation of the subdivision. Additional funds are expected to be requested based on the outcome of the drainage evaluation.

PONDS

Bayou Lacombe Regional Detention Pond - Property ID: TBD

Scope: Project includes the detailed modeling, engineering design, and construction of a 110-acre detention pond located along Big Branch Bayou south of I-12. This project was conceptually outlined in the 2017 Watershed Management Plan as a possible mitigation measure for flooding and water quality issues in the region.

Status: For 2024, project tasks will include surveying, detailed drainage study, and preliminary engineering design. For 2025, project tasks will include remaining preliminary engineering design, environmental permitting and land acquisition. Due to typical processing time for land acquisition and environmental permitting, wetlands mitigation and final design are not anticipated until 2028. Construction is expected to follow post 2028. Due to high construction cost of project, outside funding and alternative construction methods should be considered for this project.

Belair North Pond- Property ID: TBD

Scope: Project includes the detailed modeling, engineering design, and construction of a 119-acre detention pond located along Bayou Liberty northwest of Belair Subdivision. This project was conceptually outlined in the 2017 Watershed Management Plan as a possible mitigation measure for flooding and water quality issues in the region. Due to the close proximity of the Belair North Pond and Belair South Pond, these two projects function as one project through drainage modeling and design; however, permitting, property, and construction are expected to be handled separately.

Status: For 2024, project tasks will include surveying and detailed drainage study. For 2025, project tasks will include preliminary engineering design, environmental permitting, and land acquisition. Due to typical processing time for land acquisition and environmental permitting, wetlands mitigation and final design are not anticipated until 2028. Construction is expected to follow post 2028. Due to high construction costs, outside funding and alternative construction methods should be considered for this project.

Belair South Pond- Property ID: TBD

Scope: Project includes the detailed modeling, engineering design and construction of a 72-acre detention pond located along Bayou Liberty bordering I-12. This project was conceptually outlined in the Watershed Management Plan as a possible mitigation measure for flooding and water quality issues in the region. Due to the close proximity of the Belair North Pond and Belair South Pond, these two projects function as one project through drainage modeling and design; however, permitting, property and construction are expected to be handled separately.

Status: For 2024, project tasks will include surveying and detailed drainage study. For 2025, project tasks will include preliminary engineering design, environmental permitting, and land acquisition. Due to typical processing time for land acquisition and environmental permitting, wetlands mitigation and final design are not anticipated until 2028. Construction is expected to follow post 2028. Browns Village Rd. Property ID: R09I001; Patch approximately 230 square yards of roadway at various locations and install subsurface drainage to expand the

roadway shoulder. Work will be procured and completed Summer/Fall 2025.

Drury Ln. Drainage Property ID: D09G037; Repair/replace/reseal existing structure(s) to restore area drainage by repair/replace/reseal drain pipe, catch basin, and sod. Work will be procured and completed Summer/Fall 2025.

Huntwyck Village Property ID: TBD; Replace approximately 700 square yards of sidewalk at various locations. Work will be procured and completed Summer/Fall

Sidewalks 2025.

Iroquois St. Property ID: R09G110; Improve the turning radii at Iroquois St. and Bayou Liberty Rd. Work will be procured and completed Summer/Fall 2025.

Kingspoint Subdv. Property ID: TBD; Replace approximately 700 square yards of sidewalk at various locations. Work will be procured and completed Summer/Fall

Sidewalks 2025.

SALES TAX DISTRICT 3 - TAMMANY TRACE Funding Source: 2% Sales Tax and Available Fund Balance

Tammany Trace Bridge #7 (Bayou Lacombe) - Property ID: B11A007

Scope: Project includes the repairs of Tammany Trace Bridge #7 in Lacombe located on the Tammany Trace. Work includes materials and labor for the bridge and all work associated with the repair.

Status: Bridge design in 2024. Funding in 2025 for construction.

Budget including work completed to date:

Current Amendment Revised 150,000.00 Parish Funds - 200-4670 - Sales Tax District 3 - Tammany Trace 420,000.00 270,000.00 150.000.00 270.000.00 420.000.00

Tammany Trace Bridge #13 (Bayou Castine) - Property ID: B11A013

Scope: Project includes the replacement of Tammany Trace Bridge #13 crossing Bayou Castine. In 2022, St. Tammany Parish completed an inspection and documentation of all geometric properties, material properties, and topographic features of each Tammany Trace bridge. Tammany Trace Bridge #13 over Bayou Castine is a 270' long timber trestle that was inspected in 2022 and found to be in very poor condition. 100% of the deck, 12% of the structure's stringer superstructure, 100% of the structure's cap supports, and 63% of the structure's 100 pile supports were found to be in poor or critical condition. Termite activity was also noted in some of the bridge's cap supports.

Status: Project is in design. Project is expected to be ready for construction in 2025.

Budget including work completed to date: Current Amendment Revised Parish Funds - 200-4670 - Sales Tax District 3 - Tammany Trace 265.000.00 2.260.000.00 2.525.000.00

265,000.00

2,260,000.00

2,525,000.00

Tammany Trace Bridge #14 (Bayou Castine Tributary) - Property ID: B11A014

Scope: Project includes the replacement of Tammany Trace Bridge #14 in Mandeville located on the Tammany Trace. Work includes materials and labor for the new bridge and all work associated with the replacement.

Status: Bridge design in 2024. Funding in 2025 for construction.

Budget including work completed to date: Current Amendment Revised Parish Funds - 200-4670 - Sales Tax District 3 - Tammany Trace 235.000.00 695.000.00 930.000.00 235,000.00 695,000.00 930,000.00

Tammany Trace Bridge #21 (Ponchitolawa Creek) - Property ID: B11A021

Scope: Project includes the replacement of Tammany Trace Bridge #21 in Mandeville located on the Tammany Trace. Work includes materials and labor for the new bridge and all work associated with the replacement.

Status: Bridge design completed in-house in 2024. Funding in 2025 for construction.

Tammany Trace Bridge #24 (LA36 North Tributary) - Property ID: B11A024

Scope: Project includes the replacement of Tammany Trace Bridge #24 in Abita Springs located on the Tammany Trace. Work includes materials and labor for the new bridge and all work associated with the replacement.

Status: Bridge design in 2024. Funding in 2025 for construction.

Budget including work completed to date: Current Amendment Revised Parish Funds - 200-4670 - Sales Tax District 3 - Tammany Trace 235,000.00 565,000.00 800,000.00 235,000,00 565,000,00 800.000.00

SECTION I: CAPITAL IMPROVEMENTS - INFRASTRUCTURE (ROADS, BRIDGES, DRAINAGE, AND UTILITIES)

DRAINAGE - PARISHWIDE Funding Source: Ad Valorem and Available Fund Balance

Bayberry Dr. Drainage - Property ID: D04A033

Scope: Project includes the survey and evaluation of drainage along Bayberry Dr. in Cruises Estates. The area experiences flooding issues at the end of Bayberry Dr.

Status: For 2025, project tasks will include survey only. Any future requests for funding will be dependent upon the outcome of the in-house engineering evaluation to be performed following completion of survey.

Carriage Lane Estates Subdivision Drainage - Property ID: D04D055, D04D026

Scope: Project is to study the drainage on Marquette St. and Trinity Rd. to facilitate better flow of the drainage for the area.

Status: For 2025, project tasks will include study and design.

Cherrywood Subdivision Drainage

Scope: Project is to study Cherrywood Subdivision to facilitate better flow of the drainage for the area.

Status: For 2025, project tasks will include study and design.

Cross Gates Subdivision (Ph.2) Drainage - Property ID: TBD

Scope: Project will conduct topographic survey, study drainage, and design and construct improvements in Phase 2 of Cross Gates Subdivision. Phase 2 of Cross Gates subdivision experiences road flooding after heavy rainfall events. The flooding results in frequent road closures and a number of complaints from nearby residents. Roadways in Phase 2 include Dover Dr., Milford Dr., Camborne Ln., and Trenton Dr. The improvements aim to increase drainage capacity, lessen the cost of maintenance, and prevent the road from flooding as frequently thus improving safety for residents. Project will also aim to reduce flooding hazard to homes in the area.

Status: This budget request is to secure the funding needed to study the drainage in Cross Gates Subdivision Phase 2.

Cross Gates Subdivision (Ph.4) Drainage - Property ID: TBD

Scope: Project will conduct topographic survey, study drainage, and design and construct improvements in Phase 4 of Cross Gates Subdivision. Roads included in drainage improvements include Cross Gates Blvd., Avon Ct., S. Buckingham Dr., N. Buckingham Dr., Victoria Dr., and Bradford Dr. The improvements aim to increase drainage capacity lessening the cost of maintenance and will prevent the road from flooding as frequently, improving safety. Project will also aim to reduce flooding hazard to homes in the area.

Status: Project is underway with preliminary design to begin in 2024. The project is expected to continue with final engineering design into 2025.

| Budget including work completed to date: | Current | Amendment | Revised |
|---|------------|------------|------------|
| Parish Funds - 201-4606 - Drainage - Ad Valorem | 400,000.00 | 394,000.00 | 794,000.00 |
| | 400 000 00 | 394 000 00 | 794.000.00 |

Donya St. Drainage - Property ID: D09D028

Scope: Project is to study Donya St. to facilitate better flow of the drainage for the area.

Status: For 2025, project tasks will include study and design.

Erindale Drainage, Ph.3 - Property ID: D07C060, D07C061, D07C063

Scope: Roadside drainage improvements with focus on Crestline Dr., Elm Dr., Tupelo Dr., and other areas to address drainage concerns. Project aims to reduce nuisance and road flooding, reduce roadway maintenance, and improve public safety.

Status: Project design is underway in 2024. Additional funding request in 2025 is for project construction.

| Budget including work completed to date: | Current | Amendment | Revised |
|---|------------|------------|------------|
| Parish Funds - 201-4606 - Drainage - Ad Valorem | 400,000.00 | 250,000.00 | 650,000.00 |
| | 400.000.00 | 250.000.00 | 650.000.00 |

Harrison Ave. Urban Ponds - Property ID: TBD

Scope: This project is to investigate and design urban stormwater ponds on vacant subdivision lots in Tammany Hills, Red Gap Acres, and other areas off of Harrison Ave. as a possible means of mitigation of upstream development. Project includes survey, feasibility study, and supplementary services to facilitate final design, and final design should the study prove benefits to the area.

Status: Funding request in 2025 is for land acquisition and property.

| Budget including work completed to date: | Current | Amendment | Revised |
|---|------------|------------|--------------|
| Parish Funds - 201-4606 - Drainage - Ad Valorem | - | 750,000.00 | 750,000.00 |

| | 311 500 00 | 750 000 00 | 1 061 500 00 |

LA59 Area Drainage

Scope: This project is to determine the issue with flooding in the LA59 area, particularly Heritage Heights and Duval Estates. Project to include culvert replacement and ditch widening/regrading.

Status: Drainage evaluation and engineering services expected to start in 2025.

Military Rd. Urban Ponds - Property ID: TBD

Scope: This project is to investigate and design urban stormwater ponds on vacant subdivision lots in Cross Gates, Willow Wood, Frenchman, and French Branch Subdivisions as a possible means of mitigation of upstream development. Project includes survey, feasibility study, supplementary services to facilitate final design, and final design should the study prove benefits to the area.

Status: Funding request in 2025 is for land acquisition and property.

| Budget including work completed to date: | Current | Amendment | Revised | |

SECTION I: CAPITAL IMPROVEMENTS - INFRASTRUCTURE (ROADS, BRIDGES, DRAINAGE, AND UTILITIES)

DRAINAGE - PARISHWIDE Funding Source: Ad Valorem and Available Fund Balance

Rivercrest Subdivision Drainage

Scope: This project is to determine the issues with flooding in the Rivercrest Subdivision. Project may include culvert replacement and ditch regrading/widening.

Status: Project is expected to begin drainage evaluation and engineering services in 2025.

Robindale Subdivision Drainage

Scope: Project is to study Robindale Subdivision to facilitate better flow of the drainage for the area.

Status: For 2025, project tasks will include study and design.

Woodridge Subdivision Drainage

Scope: Project includes surveying, drainage modeling, and engineering design to improve condition and functionality of Woodridge Subdivision and associated lateral ditch. Residents of properties directly adjacent to the lateral ditch have reported flooding inside dwellings.

Status: For 2025, project tasks will include survey and drainage evaluation. Construction funding will be requested in 2027.

SECTION II: CAPITAL IMPROVEMENTS - FACILITIES

ST. TAMMANY PARISH FAIRGROUNDS Funding Source: Highway 21 Sales Tax and Available Fund Balance

Fairgrounds Master Plan - Property ID: FAC2403

Scope: The St. Tammany Parish Fairgrounds is a popular venue for the citizens of St. Tammany Parish for various agricultural, equestrian, and general assembly entertainment. There is a significant need to revitalize the entire facility. A Facility Master Plan is needed to evaluate the aging infrastructure, assess current buildings and their lay out, use of the land and roadways, and provide a plan for future development. The master plan will provide a positive direction on how to better develop and use the St. Tammany Parish Fairgrounds.

Bathrooms-Fairgrounds Complex - Property ID: FAC2403

Scope: The St. Tammany Parish Fairgrounds is in need of bathroom remodeling as the facilities are over 30 years old.

Electrical System-Camper Area - Property ID: FAC2403

Scope: The RV Camper spots at the Fairgrounds are in need of upgrades to accommodate larger amperage requirement of 5th-wheels and larger campers. This will improve safety and enhance our ability to utilize and rent RV camper spots during events.

SALES TAX DISTRICT 3 - GENERAL IVITC PARISHWIDE Funding Source: 2% Sales Tax and Available Fund Balance

Covington Barn #2 - Property ID: TBD

Scope: Project will construct a new Covington Barn building to replace the existing building due to an infestation of termites. Existing building has gone through multiple, unsuccessful treatments and will eventually need to be demolished.

Status: Construction anticipated to begin June 2025 and expected to be complete early 2026.

ST. TAMMANY PARISH JUSTICE CENTER COMPLEX Funding Source: Sales Tax and Available Fund Balance

MTI System- Property ID: FAC2406-A

Scope: The existing MTI System that controls the jail holding area cameras, jail doors, prisoner transport elevators, and security system at the Justice Center is outdated (21 years old) and needs to be replaced.

Variable Frequency Drives (VFD) - Property ID: FAC2406-A

Scope: The motors on the 3 Makeup Air Handlers are not programmed to run at variable speeds under variable heat load conditions. Adding VFD's to the makeup units would improve the efficiency and longevity of the motors, as well as save on energy costs.

Restripe Parking Lots - Property ID: FAC2406

Scope: Justice Center south parking lot, secure parking, sally port, and fire lane areas need restriping. Restriping the parking lot will improve safety, efficiency, and aesthetics of the Justice Center parking lot and driveway areas.

Trash Compactor - Property ID: FAC2406

Scope: The trash compactor at the Justice Center is beyond it's expected life and has continuing mechanical issues. A newer model will be more efficient, allowing for additional capacity, a stronger compacting mechanism, and in turn, will likely require fewer service dumps. Intend to replace this by the spring of 2025.

ST. TAMMANY PARISH JAIL

Not funded in the Proposed 2025 Capital Budget

Flooring-Kitchen - Property ID: FAC2419-A

Scope: The kitchen floor has outlived its useful life and is in need of replacement. The current kitchen floor was installed 17 years ago with an anti-slip grit, which is diminishing. The floor is deteriorating and breaking up, causing gaps. Continued repairs are not cost effective.

Plumbing Computer-Building B - Property ID: FAC2419-B

Scope: Computer plumbing boxes are needed to ensure toilet and water flow to inmate cells and to ensure congregating areas can be regulated and controlled. Currently, Building A plumbing controls are not on the computer control system with the rest of the facility. Because of this, they cannot control how long the toilets and showers are allowed to run and the number of use for each in Building A. This potentially will reduce water and water heating costs for the Jail.

SECTION II: CAPITAL IMPROVEMENTS - FACILITIES

ST. TAMMANY PARISH JAIL

Not funded in the Proposed 2025 Capital Budget

Roof-Building D - Property ID: FAC2419-D

Scope: The St. Tammany Parish Jail Building D roof is beyond its service life and is in need of replacement. This will complete phased roofing replacement.

Air Conditioner Coils-Building A - Property ID: FAC2419-A

Scope: The Air Handler Unit Coils on Building A are compacted with debris and can no longer provide adequate air flow through the coils, which in turn, does not provide adequate cooling. Jail staff cannot thoroughly clean them due to the nature and location of the coils.

DEEP WATER HORIZON Funding Source: Settlement Proceeds and Grant Revenue

Blighted Property Demolitions

Scope: Demolish blighted properties within St. Tammany Parish.

Budget including work completed to date: Parish Funds - 253 - Deep Water Horizon Settlement

Grant Funds - F2219 - Local Assistance and Tribal Consistency Fund

| Revised | Amendment | Current |
|------------|------------|------------|
| 280,000.00 | 80,000.00 | 200,000.00 |
| 100,000.00 | 100,000.00 | - |
| 380,000.00 | 180,000.00 | 200,000.00 |

INFORMATION TECHNOLOGY

Funding Source: Animal Services Ad Valorem, Utility Operations Revenue, Facility Rents, Facility Operations and Maintenance Charges, and Available Fund Balance

Security Camera System-Animal Services - Property ID: FAC2420

Security Camera System-Cross Gates Building - Property ID: FAC4900

Security Camera System-Emergency Operations Center - Property ID: FAC2402

Security Camera System-Koop Dr. Building A - Property ID: FAC2407-A

Security Camera System-Koop Dr. Building B - Property ID: FAC2407-B

Security Camera System-Koop Dr. Building C - Property ID: FAC2407-C Security Camera System-Towers Building - Property ID: FAC2414

Security Camera System-Tyler St. Complex - Property ID: FAC2410

Scope: Projects to install new security camera systems. Projects will include system equipment installation, installation of new cables, and the installation of new

cameras.

Status: Projects are expected to take six months from the start date to the date of completion.

TYLER ST. COMPLEX

Funding Source: Facility Operations and Maintenance Charges and Available Fund Balance

Building Automated System (BAS)-HVAC Controls - Property ID: FAC2410-A

Scope: The Tyler St. Complex HVAC systems need to be integrated into a Building Automation System (BAS) to control the HVAC systems more efficiently, and regulate HVAC controls and operations. Additionally, the BAS will aid in faster diagnosis of HVAC problems when they occur.

Tyler St. Complex Flooring - Property ID: FAC2410-A

Scope: The Tyler St. Complex has carpet that is approximately 20 years old and is in need of replacement. Replacing carpet with a commercial grade VCT tile will be easier to upkeep and maintain.

SECTION III: CAPITAL ASSETS

000-2400 - GENERAL FUND - FACILITIES MANAGEMENT

Truck-Light Duty

Replacing a 2001 vehicle with approximately 183,000 miles.

(Koop Dr. Complex)

Mower-Zero Turn Replacing a 2019 mower that is cost prohibitive to repair; needed for mowing Parish properties.

(Koop Dr. Complex)

000-4400 - GENERAL FUND - PUBLIC INFORMATION OFFICE

Content Mgmt. Share System

New item needed to download photography and videos quickly (minutes vs. hours); partially cloud based.

000-4801 - GENERAL FUND - INFORMATION TECHNOLOGY

Network Switch Stack (Koop Dr. Replacing 2017 units that are at the end of their useful life; equipment will no longer be covered by the vendor maintenance contract.

Complex) **Network Switch**

Replacing 2013 and 2017 units that are at the end of their useful life; equipment will no longer be covered by the vendor maintenance contract.

Stack (Koop Dr. Complex)

New network/server equipment for Justice Center Complex to support Clerk of Court Office.

Network Switch Stack (Justice Ctr.

Complex)

Replacing a 2013 unit that is at the end of its useful life; equipment will no longer be covered by the vendor maintenance contract.

Network Switch (Tyler St. Complex)

Uninterruptible New equipment needed for the Towers Building server room necessary for system shutdown during power outages.

Power Supply (Towers Building)

SECTION II: CAPITAL IMPROVEMENTS - FACILITIES

100-2101 - ENGINEERING - CAPITAL ENGINEERING

Truck-Light Duty Replacing a 2005 vehicle with approximately 102,000 miles.

(Koop Dr. Complex)

Truck-Light Duty New vehicle needed for drainage inspector hired in 2024 that needs an assigned truck.

(Koop Dr. Complex)

100-2102 - ENGINEERING - DEVELOPMENT ENGINEERING

Truck-Light Duty Replacing a 2005 vehicle with approximately 115,000 miles, a 2006 vehicle with approximately 120,000 miles, and a 2007 vehicle with

(Koop Dr. Complex) approximately 173,000 miles.

100-3200 - HOMELAND SECURITY & EMERGENCY OPERATIONS

Video Display

Replacing 2017 non-operational equipment with an upgraded system to operate the video display walls at the Emergency Operations Center and

Server Tyler St. Complex Hall of Excellence.

100-4004 - COASTAL ENVIRONMENTAL

Truck-Medium Duty Replacing a 2011 vehicle with approximately 170,000 miles.

100-4600 - PUBLIC WORKS ADMINISTRATION

Printer-Sign

Replacing an existing sign printer that is at the end of its useful life.

(Tyler St. Complex)

100-4608 - PUBLIC WORKS - AIRPORT BARN

Fuel Dock/Tanks Add new unit(s) needed for efficiency and increased capacity.

100-4618 - PUBLIC WORKS - FLEET MANAGEMENT

Generator-100KW Replacing a 1999 unit that is at the end of its useful life.

(Tyler St. Complex)

Roll Off Grapple- New unit for debris truck needed for daily movement of materials and removal of debris.

Debris Truck (PW)

Wheel Loader- New units needed for daily movement of materials and removal of debris.

Swivel (Brewster,

Bush, Trace Mtc.)

100-4803 - TECHNOLOGY - GEOGRAPHICAL INFORMATION SYSTEMS

Printer/Plotter

Replacing an existing 2021 unit that is malfunctioning and out of warranty.

(Koop Dr. Complex)

121-2403 - HWY 21 ECONOMIC DEVELOPMENT - FAIRGROUNDS ARENA

Attachments

Replacing a 1993 unit that is at the end of its useful life to move Fairgrounds equipment and to work the arena dirt.

502-4901 - UTILITY OPERATIONS

Truck-Light Duty

Replacing a 2019 vehicle that is totaled and a 2002 vehicle with repair costs that exceed value.

(Tyler St. Complex)

Truck-Light Duty New vehicles needed for proposed new staff positions.

(Tyler St. Complex)

612-2412 - INTERNAL SERVICE FUND - SAFE HAVEN COMPLEX

Mower-Zero Turn Replacing a 2004 unit that is at the end of its useful life.

650-2407 - INTERNAL SERVICE FUND - KOOP DR. COMPLEX

Forklift

Replacing an existing 1978 unit needed to move items and stock in the warehouse, to load and unload trucks, to pickup heavy equipment and other items, and to assist in changing of lights.
