West	Wetlands	PF-2 Public Facilities District

5. The subject property is flanked by undeveloped wetland zoned PF-2 Public Facilities District to the north, west, and south, and Bayou Lacombe to the east.
6. The purpose of the existing PF-2 Public Facilities District is to provide for the location of public or non-profit owned facilities dedicated to historic, conservation, environmental education, or outdoor activities.
7. The purpose of the requested GC-2 Public, Cultural, and Recreational District is to provide for the location of public, cultural, and recreational facilities in near proximity to residential areas while mitigating the impacts of these facilities, such as traffic and lighting. The minimum lot size under the GC-2 District is 20,000sqft with a maximum building size of 20,000 sqft. Permitted uses include the following:

Animal services; art studio; athletic fields; bed and breakfast; club or lodge; community center; community home*; convention center; day care center, adult; day care center, child; day care home; dwelling, single-family; dwelling, two-family; educational facility, adult secondary; educational facility, learning center; educational facility, elementary or middle school; educational facility, high school; educational facility, university and associated research center; educational facility, vocational school; garden supply and greenhouse; golf course and recreational facility; gymnasium; laboratory; marina, commercial; medical facility, clinic; office; park; personal service establishment; place of worship; playground; recreational vehicle park; residential care facility; restaurant, delicatessen; restaurant, dine-in without lounge; retail establishment; short-term rental*; stormwater retention or detention facility; tower, radio, telecommunications, television, or microwave*; veterinary clinic, no outdoor kennels.

8. If approved, the applicant could utilize the property for any of the above uses. Per the petitioner's application, the reason for the request is to utilize the existing single-family dwelling for a short-term rental unit.

Additional Development Requirements

1. Per the Department of Engineering, the following requirements would be applicable to any future development on this site:
 - a. 100' Scenic River No-Cut Buffer from top of bank (each side) of the Lacombe Bayou. Contact the Louisiana Department of Wildlife and Fisheries in regards to any fill and clearing and any proposed buildings within the 100' buffer. Provide written authorization or permit for LDWF for any work within 100' from top of bank of scenic river.

Consistency with New Directions 2040

Conservation Protected: These areas are among the most ecologically sensitive in the Parish. Protected areas include public and private lands designated as parks, pine wetland mitigation banks, and habitat for endangered wildlife. Most types of development are generally prohibited in protected areas, but they may be used for regulated recreation or eco-tourism purposes

The proposed zoning change is consistent with the following goals, policies, and strategies of the Comprehensive Plan:

- i. Strategy 1.5.1: Locate new residential and commercial development within, adjacent to, or near existing towns and activity centers and associated infrastructure, services, and amenities.

Standards for Review (Sec. 200-3.1.G) - When reviewing a zoning map amendment, the St. Tammany Parish Planning & Zoning Commission shall take the following items into consideration prior to recommending a decision to the Council:

- i. The proposed amendment is compatible with the Comprehensive Plan and consistent with the future land use map.
- ii. The proposed amendment promotes the public health, safety, and welfare of the Parish.
- iii. The proposed amendment corrects an error or meets the challenge of some changing condition, trend or fact.
- iv. The proposed amendment is compatible with existing use and zoning of nearby property.
- v. The proposed amendment is a more suitable zoning classification for the property than the current classification.
- vi. The proposed amendment enhances or protects the surrounding natural environment, including air, water, stormwater management, wildlife, and vegetation.
