Location: Parcel located on the north and south sides of Wallace Road, east of Galatas Road; Madisonville; S44, T7S, R10E; Ward 1, District 4
Posted: July 20, 2022

Owner: Daniel Wedig, Audrey Wedig, Keith Wedig, Richard Wedig, Robert Wedig, Jr., Patricia Wedig Glass
Council District: 4

Applicant: Daniel Wedig
Commission Hearing: August 2, 2022

Size: 1.32 acres
Determination: Approved

Current Zoning

A-2 Suburban District

Requested Zoning

A-3 Suburban District

Future Land Use

Medium Intensity

FINDINGS

- 1. The subject property is a 1.32-acre parcel located on the north and south sides of Wallace Road. The southern portion of Wallace Road is currently developed with a stick-built home which is zoned A-3 Suburban District. The northern portion of Wallace Road is currently developed with a mobile home which is zoned A-2 Suburban District. Per Sec. 130-161, this existing mobile home is considered a legal nonconforming use and is permitted within the current A-2 Suburban District zoning classification provided the electricity does not get turned off for a period of more than six months.
- 2. The purpose of the request is to correct the currently split zoned property and comprehensively zone all portions of the property to A-3 Suburban District to accommodate a future minor subdivision.

Zoning History

3. Table 1: Zoning History of Subject Lot(s)

Ordinance	Prior Classification	Amended Classification
09-2216	SA	A-2 Suburban District
09-2116	SA	A-3 Suburban District

Site and Structure Provisions

4. Table 2: Dimensional Standards

Zoning	Density	Lot Width
A-2 Suburban District	1 unit per acre	150 ft.
A-3 Suburban District	2 units per acre	100 ft.

Compatibility or Suitability with Adjacent Area

5. Table 3: Surrounding Land Use and Zoning

Direction	Surrounding Use	Surrounding Zoning Classification
North	Residential	A-2 Suburban District
South	City Limits	City of Madisonville
East	Residential	A-2 and A-3 Suburban District
West	Undeveloped	A-2 and A-3 Suburban District

Consistency with New Directions 2040

Medium Intensity: Medium Intensity neighborhoods include a broader mix of large and small lots but remain predominantly, single-family detached homes. Attached homes such as townhomes and 2-unit homes, as well as assisted living centers may fit into the character of Medium Intensity Residential Neighborhoods. The higher density of development makes central water and sewer more practical than on-site water and wastewater systems, and infrastructure like sidewalks, subsurface drainage, and street lighting are more common. These areas are appropriate buffers between Rural or Low Intensity Residential Neighborhoods and High Intensity Residential Neighborhoods or Commercial and Institutional areas.

Area of Special Flood Hazard (100-Year Floodplain): Any developed permitted in the Parish’s “area of special flood hazard” shall be “low-impact”, employing systems and practices that use natural processes that promote infiltration, evapotranspiration or use of stormwater in order to reduce flood risk and protect water quality.

6. The proposed zoning change is consistent with the following goals, policies, and strategies of the Comprehensive Plan:
- i. Goal 1.8: A variety of safe, affordable, and attractive housing types will meet the needs of our diverse community.
 - ii. Goal 1.3: The character of existing residential areas, expansive rural landscapes, and sensitive ecological areas will be preserved
