South	Residential	A-1 Suburban District, RO Rural Overlay, MHO Manufactured Housing Overlay
East	Residential	A-1 Suburban District, RO Rural Overlay, MHO Manufactured Housing Overlay
West	Residential	A-1 Suburban District, RO Rural Overlay

- 5. The subject property abuts residentially-zoned parcels zoned A-1 Suburban District, RO Rural Overlay, and MHO Manufactured Housing Overlay on all sides.
- 6. The existing A-1 Suburban District requires a minimum parcel size of 5 acres with 300’ of parish road frontage. The allowable density under the A-1 Suburban District is one dwelling unit per every 5 acres. The requested A-1A Suburban District requires a minimum parcel size of 3 acres with 200’ of parish road frontage and an allowable density of 1 dwelling unit per every 3 acres.
- 7. If approved to the A-1A Suburban District, the applicant could either apply for a minor subdivision, or apply for building permits to place another dwelling unit on the existing property.

Consistency with New Directions 2040

**Rural/Agricultural:** areas include mostly very low intensity uses in non-urbanized areas, such as agriculture, horse farms, timberlands, ranches, and very large single-family lots typically larger than three acres. No large traffic generators or noisy or pollution causing uses are located in Rural and Agricultural areas. Low-capacity country roads—typically two-lanes—serve these areas. Septic systems and wells are typical. The Parish’s abundant rural areas provide ample space for low-intensity uses, offering residents privacy and access to the outdoors. The countryside also fosters a number of commercial activities, such as production farms, horse boarding, and lumber harvesting. The Rural and Agricultural category includes these commercial uses, as well as small rural-serving businesses such as small groceries, gas stations, restaurants, and auto repair shops. St. Tammany’s countryside supports a growing tourism industry, whose businesses in this area include bed and breakfasts, retreat centers, nature tours, and “u-pick” farms.

- 1. The proposed zoning change is consistent with the following goals, policies, and strategies of the Comprehensive Plan:
  - a. Goal 1.3: The character of existing residential areas, expansive rural landscapes, and sensitive ecological areas will be preserved.
