Commission Hearing: July 2, 2024

Size: 3.73 acres
Determination: Denied

Current Zoning

A-1 Suburban District

Requested Zoning

NC-4 Neighborhood Institutional District

Future Land Use

Residential: Low-Intensity

Flood Zone

Effective Flood Zone A4

Preliminary Flood Zone AE

Critical Drainage:

Yes

Elevation Requirements:

BFE 29' + 1 Freeboard = 30 FFE

FINDINGS

1. The applicant is requesting to rezone 3.73 acres from A-1 Suburban District to NC-4 Neighborhood Institutional District. The property is located on the north side of US Highway 190, east of Pruden Road, Covington.

Zoning History

1. Table 1: Zoning history of Subject Lot(s)

Ordinance	Prior Classification	Amended Classification
88-015	Unknown	SA Suburban Agriculture
10-2234	SA Suburban Agriculture	A-1 Suburban District

Site and Structure Provisions

2. The subject property consists of 70.88 acres to which the applicant is requesting to rezone an 3.73 -acre portion. The property as a whole contains one single-family dwelling and an accessory unit.

Compatibility or Suitability with Adjacent Area

3. Table 3: Surrounding Land Use and Zoning

Direction	Surrounding Use	Surrounding Zoning Classification
North	Residential	A-1 Suburban District
South (Across Highway 190)	Residential	A-1 Suburban District
East	Residential (Pineland Acres Subdivision)	A-1 Suburban District
West	Undeveloped (subject site)	A-1 Suburban District

4. The subject property abuts single-family zoning on all sides zoned A-1 Suburban District.

Director

5. The subject property was part of a recent rezoning request for 36.85 acres to be rezoned from A-1 Suburban District to HC-2 Highway Commercial District. However, this case was denied by the St. Tammany Parish Zoning Commission on May 7, 2024 and brought to the St. Tammany Council on appeal, to which it was referred back to the Zoning Commission under four separate zoning requests on different areas of the parcel:

1. 8.63 acres from A-1 Suburban District to HC-2 Highway Commercial District (2024-3841-ZC)
2. 3.73 acres from A-1 Suburban District to NC-4 Neighborhood Institutional District (2024-3842-ZC)
3. 3.36 acres from A-1 Suburban District to HC-1 Highway Commercial District (2024-3843-ZC)
4. 6.25 acres from A-1 Suburban District to HC-2 Highway Commercial District (2024-3844-ZC)

6. The purpose of the existing A-1 Suburban District is to provide a single-family residential environment at a low-density level. The minimum requirements for the A-1 Suburban District are 5-acre lot sizes with a minimum of 300' of Parish Road frontage. The allowable density of the zoning classification is one unit per every 5 acres.

2. The purpose of the requested NC-4 Neighborhood Institutional District is to provide for the location of uses which provide a service at the neighborhood level but could result in a large influx of customers or clientele at a specific time because of scheduled gatherings, classes or meetings. Permitted uses include the following:

All uses permitted in the NC-3 district and; Dance studios; Music studios; Aerobic/weight loss studios; Educational learning centers; Churches, temples, synagogues and mosques; Religious educational facilities; Clubs and lodges; Fraternal and religious institutions; Child daycare centers; Nursery schools. The maximum building size within the NC-4 Neighborhood Institutional District is 12,500sqft.

Consistency with New Directions 2040

Residential: Light-Intensity: Predominantly single family, detached homes on very large lots. The lower residential density creates a more spacious character appropriate as a transition between the Parish's Rural or Conservation areas and more intense land uses. The dispersed development pattern makes public services and amenities less efficient and more expensive to provide, and so residents typically must travel farther to access them.

The proposed zoning change is NOT consistent with the following goals, policies, and strategies of the Comprehensive Plan:

- a. Goal 1.3: The character of existing residential areas, expansive rural landscapes, and sensitive ecological areas will be preserved.

The proposed zoning change is consistent with the following goals, policies, and strategies of the Comprehensive Plan:

- i. Strategy 1:5:2 Locate high intensity land uses adjacent to high-capacity transportation corridors.
