This project includes design, right-of-way acquisition, and construction.

Status: This budget request is to secure additional funding for the purchase of the right-of-way and construction costs. The right-of-way is currently in the hands of the title company to complete the closing, while the construction planes are nearing 100%.

The existing bridge is in poor condition and is beyond its useful lifespan. Project is to replace the bridge to avoid closure and ensure public safety. The new bridge will be a 300 foot long steel pedestrian bridge with a concrete deck.

Status: This budget amendment is needed to complete project construction.
