ADMINISTRATIVE COMMENT  
AMENDMENT NO. 33 - 2024 CAPITAL IMPROVEMENTS - SEPTEMBER 2024

SECTION I: CAPITAL IMPROVEMENTS - INFRASTRUCTURE (ROADS, BRIDGES, DRAINAGE, AND UTILITIES)

US11 Corridor (I-12 to North Blvd.)

Scope: Several years ago, LADOTD completed a study on the US11 corridor from I-12 to Gause Blvd. The study identified multiple improvements, but a priority was put on replacing the railroad bridge. While the bridge is needed, it does nothing to improve the lack of a protected left turn for constituents exiting the Ben Thomas area. This project will be to update the previous study completed by the LADOTD, as well as, look at the possibility of adding a protected left turn at the existing Powell Dr. or Ben Thomas Rd., or by adding a new connection at North Blvd.

Status: This budget request is to secure funding for the corridor study.

Budget including work completed to date:	Current Budget	Amendment	Revised Budget
Parish Funds - 200-4640 - Sales Tax District 3 - Parishwide Roads & Drainage	-	200,000.00	200,000.00
	-	200,000.00	200,000.00

Dove Park Subdivision Drainage

Scope: In 2021, a drainage project was completed in Dove Park Subdivision. While the project did result in some drainage improvements, there were portions of the subdivision that are still experiencing nuisance street flooding. This project will explore the possibility of alternate routes to send the excess storm water.

Status: This budget request is to secure funding for the survey and drainage study of the area.

Budget including work completed to date:	Current Budget	Amendment	Revised Budget
Parish Funds - 200-4640 - Sales Tax District 3 - Parishwide Roads & Drainage	-	250,000.00	250,000.00
	-	250,000.00	250,000.00

Oak Mill Subdivision Drainage

Scope: This project includes the survey and evaluation of Oak Mill Subdivision in Lacombe. Oak Mill Subdivision was platted in 1981 and is an older subdivision and experiences road flooding and flooding threat to structures. Project will consider additional stormwater storage ponds and conveyance improvements to improve local drainage.

Status: This budget request is intended for the topographic survey and drainage evaluation of the entire subdivision. Any additional funds for construction would be requested at a later date based on the outcome of the drainage evaluation.

Budget including work completed to date:	Current Budget	Amendment	Revised Budget
Parish Funds - 200-4640 - Sales Tax District 3 - Parishwide Roads & Drainage	-	400,000.00	400,000.00
	-	400,000.00	400,000.00

Tammany Forest Subdivision Drainage

Scope: This project includes the survey and evaluation of Tammany Forest Subdivision in Lacombe. Tammany Forest Subdivision was platted in 1987 and experiences road flooding and flooding threat to structures. Project will consider additional stormwater storage ponds on undeveloped lots and conveyance improvements. This area is currently under a Moratorium established by Ordinance Council Series No. 24-5409.

Status: This budget request is intended for topographic survey and drainage evaluation of the entire subdivision. Any additional funds for construction would be requested at a later date based on the outcome of the drainage evaluation.

Budget including work completed to date:	Current Budget	Amendment	Revised Budget
Parish Funds - 200-4640 - Sales Tax District 3 - Parishwide Roads & Drainage	-	400,000.00	400,000.00
	-	400,000.00	400,000.00
