LOUISIANA, for and in consideration of one dollar (\$1.00) paid and other good and valuable consideration,
receipt of which is acknowledged, has and by these presents does grant and convey unto CLECO POWER LLC, a
Louisiana limited liability company, with offices at 2030 Donahue Ferry Road, Pineville, Louisiana 71360, its
associated and allied companies and their respective successors and assigns, herein referred to as GRANTEE, a
perpetual servitude over, under, and through a part of the following described property:

A certain tract of land located in Section(s) 31, Township 8 South ☒, Range 15 East ☒,
Parish of St. Tammany ☒, Louisiana, hereinafter referred to as "Right of Way."

Right of Way is shown on Exhibit "A" attached hereto and made a part hereof.

GRANTOR(S) grants to GRANTEE the right to place, construct, reconstruct, repair, replace, add, modify, relocate, change the size and capacity of, operate, maintain, inspect, and/or remove underground and/or overhead electrical line(s) and/or system(s), including, but not limited to, poles, structures, wires, cables, conduits, guys, anchors, and other fixtures and equipment as the GRANTEE may from time to time require for the transmission and/or distribution of electric current and other forms of energy. GRANTEE may construct, operate, and maintain said overhead and underground electric distribution and/or transmission facilities anywhere on, under, along, and above the said Right of Way, and locate its facilities and other appurtenances at any places on and within the said Right of Way that GRANTEE selects, in its sole discretion. GRANTOR(S) further grants to GRANTEE the right of ingress and egress to and from said Right of Way at all times with equipment and personnel across GRANTOR(S)'S lands for the purpose of constructing, operating, and maintaining said lines and related facilities and making all necessary repairs, alterations, additions, or removal of any of its property placed thereon.

GRANTOR(S) retains the right to use for GRANTOR'S own purpose the land covered by the Right of Way as long as such use does not interfere with the servitude and rights granted herein. GRANTOR(S) shall not construct nor permit to be constructed any structure, obstacle, or building of any type or nature, on, across, above, below, over-hanging, or adjacent to said Right of Way that would prevent the use or endanger the said facilities or that would cause a violation of the National Electrical Safety Code.

GRANTOR(S) further grants to GRANTEE the right and privilege to open the Right of Way and thereafter keep the Right of Way clear of any and all obstacles which, in GRANTEE'S sole discretion, might interfere with or constitute a hazard to the operation and/or maintenance of said electric facilities. In addition, the GRANTEE may trim, treat, cut down, or remove any trees, growth, and vegetation without incurring damages (within the Right of Way or which could grow into the Right of Way) which may interfere with GRANTEE'S lines and other facilities, or with ingress and egress thereto.

This servitude does not convey any interest whatsoever in any oil, gas, or other minerals in, on, or under the Right of Way.

GRANTOR(S) agrees that it will release and hold GRANTEE harmless from any claims for damage to the property and/or its improvements, except actual damages directly caused by GRANTEE as a result of construction, maintenance, and operation of its facilities.

The servitude and rights granted herein are not exclusive, and GRANTOR(S) reserves the right to grant servitudes to others affecting the Right of Way, provided that in the reasonable judgment of GRANTEE such servitudes and rights so granted do not conflict with the rights of GRANTEE.

To have and hold the above described servitude and rights unto the GRANTEE, its successors and assigns, forever or until said servitude is finally abandoned.
