West	Residential	L-1 (Large Lot Residential District), MHO (Manufactured Housing Overlay) & RO (Rural Overlay)
------	-------------	---

3. As shown in Table 2, the subject parcel borders developed and undeveloped residential properties zoned L-1 (Large Lot Residential District), MHO (Manufactured Housing Overlay) & RO (Rural Overlay).
4. The existing L-1 Large Lot Residential District is intended to provide a single-family residential environment on moderate sized lots which are served by central utility systems and other urban services. The L-1 Large Lot Residential District is located in areas appropriate for urbanized single-family development in areas convenient to commercial and employment centers. To protect the intention of the district, permitted activities are limited to single-family dwellings and utility uses.
  - a. The L-1 Large Lot Residential District requires parcel sizes of one acre or greater with a minimum parcel width of 150 feet.
5. The purpose of the L-2 Large Lot Residential District is intended to provide a single-family residential environment on moderate sized lots which are served by central utility systems and other urban services. The L-2 Large Lot Residential District is located in areas appropriate for urbanized single-family development convenient to commercial and employment centers. To protect the intention of the district, permitted activities are limited to single-family dwellings and utility uses.
  - a. The L-2 Large Lot Residential District requires parcel sizes of ½ -acre or greater with a minimum parcel width of 100 feet
6. If approved, the applicant may apply for a minor subdivision.

*Consistency with New Directions 2040*

**Rural/Agricultural:** areas include mostly very low intensity uses in non-urbanized areas, such as agriculture, horse farms, timberlands, ranches, and very large single-family lots typically larger than three acres. No large traffic generators or noisy or pollution causing uses are located in Rural and Agricultural areas. Low-capacity country roads—typically two-lanes—serve these areas. Septic systems and wells are typical. The Parish’s abundant rural areas provide ample space for low intensity uses, offering residents privacy and access to the outdoors. The countryside also fosters a number of commercial activities, such as production farms, horse boarding, and lumber harvesting. The Rural and Agricultural category includes these commercial uses, as well as small rural-serving businesses such as small groceries, gas stations, restaurants, and auto repair shops. St. Tammany’s countryside supports a growing tourism industry, whose businesses in this area include bed and breakfasts, retreat centers, nature tours, and “u-pick” farms.

The proposed zoning change is consistent with the following goals, policies, and strategies of the Comprehensive Plan:

- i. Goal 1:2: New development and redevelopment will be orderly, carefully planned, and predictable.
- ii. Goal 1:3: The character of existing residential areas, expansive rural landscapes, and sensitive ecological areas will be preserved.

*Standards for Review (Sec. 200-3.1.G) - When reviewing a zoning map amendment, the St. Tammany Parish Planning & Zoning Commission shall take the following items into consideration prior to recommending a decision to the Council:*

- i. The proposed amendment is compatible with the Comprehensive Plan and consistent with the future land use map.
- ii. The proposed amendment promotes the public health, safety, and welfare of the Parish.
- iii. The proposed amendment corrects an error or meets the challenge of some changing conditions, trend or fact.
- iv. The proposed amendment is compatible with existing use and zoning of nearby property.
