**Rural and Agricultural:** areas include mostly very low intensity uses in non-urbanized areas, such as agriculture, horse farms, timberlands, ranches, and very large single-family lots typically larger than three acres. No large traffic generators or noisy or pollution causing uses are located in Rural and Agricultural areas. Low-capacity country roads—typically two lanes— serve these areas. Septic systems and wells are typical. The Parish’s abundant rural areas provide ample space for low-intensity uses, offering residents privacy and access to the outdoors. The countryside also fosters a number of commercial activities, such as production farms, horse boarding, and lumber harvesting. The Rural and Agricultural category includes these commercial uses, as well as small rural serving businesses such as small groceries, gas stations, restaurants, and auto repair shops. St. Tammany’s countryside supports a growing tourism industry, whose businesses in this area include bed and breakfasts, retreat centers, nature tours, and “u-pick” farms.
