5. The subject property abuts A-3 Suburban District zoning on all sides which allows for one single-family dwellings with one unit per every half-acre. The Hillcrest Country Club Estates subdivision is comprised of approximately 250 acres of land for single-family residential development (Figure 1).

Figure 1: Approximate Measurement of Hillcrest Country Club Estates (Measuring 10,913,843 sqft, or 250 acres)

6. Of the 250 acres within the subdivision, approximately 235 are zoned for the MHO Manufactured Housing Overlay, leaving a 15-acre portion which does not have the overlay. This 15-acre area includes the subject lot (Figure 2). In addition, the adjacent Hillcrest Country Club Subdivision is also partially zoned for the MHO Manufactured Housing Overlay, consisting of roughly 420 acres of MHO zoning.

Consistency with New Directions 2040

Rural and Agricultural areas include mostly very low intensity uses in non-urbanized areas, such as agriculture, horse farms, timberlands, ranches, and very large single-family lots typically larger than three acres. No large traffic generators or noisy or pollution causing uses are located in Rural and Agricultural areas. Low-capacity country roads—typically two lanes—serve these areas. Septic systems and wells are typical. The Parish’s abundant rural areas provide ample space for low-intensity uses, offering residents privacy and access to the outdoors. The countryside also fosters a number of commercial activities, such as production farms, horse boarding, and lumber harvesting. The Rural and Agricultural category includes these commercial uses, as well as small rural serving businesses such as small groceries, gas stations, restaurants, and auto repair shops. St. Tammany’s countryside supports a growing tourism industry, whose businesses in this area include bed and breakfasts, retreat centers, nature tours, and “u-pick” farms.

The proposed zoning change is consistent with the following goals, policies, and strategies of the Comprehensive Plan:

- i. Goal 1.8: A variety of safe, affordable, and attractive housing types will meet the needs of our diverse community.
