985-898-2529 21454 Koop Drive, Suite 1B, Mandeville, LA 70471 stpgov.org/planning

Location: Parcel located on the northwest corner of LA Highway 25 and Richardson Hill Road, Folsom; S4, T5S, R10E, Ward 2, District 3

Council District: 3

Petitioner: Ruth Weinstein

Posted: December 16, 2024

Owner: Brent and Ruth Weinstein

Commission Hearing: January 7, 2025

Size: .50 acres

Determination: Approved

Current Zoning

R-1 Rural Residential District
RO Rural Overlay

Requested Zoning

R-1 Rural Residential District
MHO Manufactured Housing Overlay
Rural Overlay

Future Land Use

Rural and Agricultural

Flood Zone

Effective Flood Zone C
Preliminary Flood Zone X

Critical Drainage:

No

Elevation Requirements:

FFE is 12" above crown of street elevation

FINDINGS

1. The applicant is requesting to rezone the .50-acre parcel from R-1 Rural Residential and RO Rural Overlay to R-1 Rural Residential District, RO Rural Overlay, and MHO Manufactured Housing Overlay. The property is located the northwest corner of LA Highway 25 and Richardson Hill Road, Folsom.

Zoning History

2. Table 1: Zoning history of Subject Lot(s)

Ordinance	Prior Classification	Amended Classification
10-2234	Unknown	R-1 Rural Residential

Site and Structure Provisions

3. The site is currently developed with a single-family dwelling.

Compatibility or Suitability with Adjacent Area

4. Table 3: Surrounding Land Use and Zoning

5. Direction	Surrounding Use	Surrounding Zoning Classification
North	Residential	R-1 Rural Residential District and RO Rural Overlay
South	Residential	R-1 Rural Residential District and RO Rural Overlay
East	Residential	R-1 Rural Residential District and RO Rural Overlay
West	Residential	R-1 Rural Residential District and RO Rural Overlay

6. The subject site is flanked by residential property zoned R-1 Rural Residential District and RO Rural Overlay on all sides.
7. The existing R-1 Rural Residential District is intended to provide a single-family residential environment at a low-density level. The R-1 District is located primarily in less populated areas where the character of the area should be preserved through low densities and requires a 5-acre parcel size minimum.
8. In addition, the R-1 Rural Residential District also allows for 1 dwelling unit on-site as well as one guest home that does not exceed 7.5% of the total area of the lot up to 2,500sqft.
9. If approved, the applicant could apply for a building permit to place one manufactured home as a guest house on-site in conjunction with the single-family dwelling.

Consistency with New Directions 2040

Residential: Low-Intensity: Predominantly single family, detached homes on very large lots. The lower residential density creates a more spacious character appropriate as a transition between the Parish's Rural or Conservation areas and more intense land uses. The dispersed development pattern makes public services and amenities less efficient and more expensive to provide, and so residents typically must travel farther to access them.

The proposed zoning change is consistent with the following goals, policies, and strategies of the Comprehensive Plan:

- i. Goal 1.3: The character of existing residential areas, expansive rural landscapes, and sensitive ecologically areas will be preserved.

Standards for Review (Sec. 200-3.1.G) - When reviewing a zoning map amendment, the St. Tammany Parish Planning & Zoning Commission shall take the following items into consideration prior to recommending a decision to the Council:

- i. The proposed amendment is compatible with the Comprehensive Plan and consistent with the future land use map.
- ii. The proposed amendment promotes the public health, safety, and welfare of the Parish.
- iii. The proposed amendment corrects an error or meets the challenge of some changing condition, trend or fact.
- iv. The proposed amendment is compatible with existing use and zoning of nearby property.
- v. The proposed amendment is a more suitable zoning classification for the property than the current classification.
- vi. The proposed amendment enhances or protects the surrounding natural environment, including air, water, stormwater management, wildlife, and vegetation.
