- 3. The subject site abuts residential property to the north and west zoned L-2 Large Lot Residential District and to the south mixed residential and commercial zoned L-2 Large Lot Residential District and NC-2 Neighborhood Commercial District. To the east, the site adjoins undeveloped commercial property zoned NC-2 Neighborhood Commercial District and GC-1 General Commercial District.
- 4. The L-2 Large Lot Residential District is intended to provide a single-family residential environment on moderate sized lots which are served by central utility systems and other urban services. The L-2 Large Lot Residential District is located in areas appropriate for urbanized single-family development convenient to commercial and employment centers. To protect the intention of the district, permitted activities are limited to single-family dwellings and utility uses. All commercial uses are prohibited in the L-2 District.
 - 1. The existing L-2 Large Lot Residential District requires parcel sizes of ½ -acre or greater with a minimum parcel width of 100 feet.
 - 2. The required minimum parcel size within the L-1 Large Lot Residential District is one acre with a minimum lot width of 150'.
- 5. The purpose of the HC-2 Highway Commercial District is to provide for the location of moderately scaled, more intense retail, office and service use, generally located along major collectors and arterials designed to provide services to a portion of the parish. Permitted uses include:

Animal services, Art studio, Athletic field, Auto repair and service*, Automobile sales, Bank or financial institution, Bed and breakfast, Building supply showroom, Car wash, Catering facility, Civic, Club or lodge, Community center, Community home*, Convention center, Day care center, adult, Day care center, child, Day care home, Dwelling, single-family, Dwelling, two-family, Educational facility, adult secondary, Educational facility, business college or school, Educational facility, learning center, Educational facility, elementary or middle school, Educational facility, high school, Educational facility, university and associated research center, Educational facility, vocational school, Catering facility, Civic, Club or lodge, Community center, Community home*, Convention center, Day care center, adult, Day care center, child, Day care home, Dwelling, single-family, Dwelling, two-family, Educational facility, adult secondary, Educational facility, business college or school, Educational facility, learning center, Educational facility, elementary or middle school, Educational facility, high school, Educational facility, university and associated research center, Educational facility, vocational school, bb. - 6. If approved, the applicant could develop the site with a commercial use listed under the HC-2 Highway Commercial District.

Consistency with New Directions 2040

Rural/Agricultural: areas include mostly very low intensity uses in non-urbanized areas, such as agriculture, horse farms, timberlands, ranches, and very large single-family lots typically larger than three acres. No large traffic generators or noisy or pollution causing uses are located in Rural and Agricultural areas. Low-capacity country roads—typically two-lanes—serve these areas. Septic systems and wells are typical. The Parish’s abundant rural areas provide ample space for low intensity uses, offering residents privacy and access to the outdoors. The countryside also fosters a number of commercial activities, such as production farms, horse boarding, and lumber harvesting. The Rural and Agricultural category includes

these commercial uses, as well as small rural-serving businesses such as small groceries, gas stations, restaurants, and auto repair shops. St. Tammany's countryside supports a growing tourism industry, whose businesses in this area include bed and breakfasts, retreat centers, nature tours, and "u-pick" farms.

The proposed zoning change is consistent with the following goals, policies, and strategies of the Comprehensive Plan:

- i. Strategy 1:1:1: Update the Development Code to better explain the appropriate and permitted uses under different zoning districts. This should include reducing the total number of zoning classifications.
- ii. Strategy 1:1:2: Make land use studies, including hydrological and transportation studies, conducted by the Parish available in a public format.

Standards for Review (Sec. 200-3.1.G) - When reviewing a zoning map amendment, the St. Tammany Parish Planning & Zoning Commission shall take the following items into consideration prior to recommending a decision to the Council:

- i. The proposed amendment is compatible with the Comprehensive Plan and consistent with the future land use map.
- ii. The proposed amendment promotes the public health, safety, and welfare of the Parish.
- iii. The proposed amendment corrects an error or meets the challenge of some changing condition, trend or fact.
- iv. The proposed amendment is compatible with existing use and zoning of nearby property.
- v. The proposed amendment is a more suitable zoning classification for the property than the current classification.
- vi. The proposed amendment enhances or protects the surrounding natural environment, including air, water, stormwater management, wildlife, and vegetation.
