3. As shown in Table 2, the subject property is bordered by developed property zoned L-2 (Large Lot Residential District) to the north, undeveloped property zoned R-2 (Rural Residential District) to the south, and property zoned NC-2 (Neighborhood Commercial) to the east and west.
4. The purpose of the existing NC-2 (Neighborhood Commercial District) is to provide for the location of small retail and service establishments near residential development in order to provide goods and services to the residents of the neighborhood with minimal impact.
  - a. The maximum building size permitted within the NC-2 District is 10,000 sq. ft. with a maximum lot coverage of 50% of the total area of the lot allowable. Permitted uses include the following:

Animal services; Art studio; Bed and breakfast; Club or lodge; Community home\*; Day care center, adult; Day care center, child; Day care home; Dwelling, single-family; Dwelling, two-family; Educational facility, adult secondary; Educational facility, learning center; Educational facility, elementary or middle school; Educational facility, high school; Garden supply and greenhouse; Medical facility, clinic; Office; Personal service establishment; Place of worship; Restaurant, delicatessen; Restaurant, dine-in without lounge; Retail establishment; Short term rental\*; Stormwater retention or detention facility; Veterinary clinic, no outdoor kennels.

5. The purpose of RES-1 (Resilience Overlay District One) is to promote resilient building construction in areas prone to significant coastal or riverine flood risk. These standards are intended to preserve residents' investments in their homes and reduce exposure to flood risk and higher flood insurance premiums caused by future development.

Properties which maintain the RES-1(Resilience Overlay District One) zoning classification are subject to additional design standards including no fill standards, a requirement to raise all new construction 3' above BFE, and pier and beam construction.

6. The purpose of the proposed HC-2 (Highway Commercial District) is to provide for the location of moderately scaled, more intense retail, office and service use, generally located along major collectors and arterials designed to provide services to a portion of the parish.
  - a. The maximum building size permitted within the HC-2 District is 75,000 sq. ft. with a maximum lot coverage of 50% of the total area of the lot allowable. Permitted uses include the following:

Animal service; Art studio; Athletic field; Auto repair and service\*; Automobile sales; Bank or financial institution; Bed and breakfast; Building supply showroom; Car wash; Catering facility; Club or lodge; Community center; Community home\*; Convention center; Day care center, adult; Day care center, child; Day care home; Distribution or warehousing facility; Dwelling, single-family; Dwelling, two-family; Educational facility, adult secondary; Educational facility, business college or school; Educational facility, learning center; Educational facility, elementary or middle school; Educational facility, high school; Educational facility, university and associated research center; Educational facility, vocational school; Food processing; Garden supply and greenhouses; Gas station with convenience store; Golf course and recreational facility; Gymnasium; Kennels, commercial; Laboratory; Liquor store; Marina, commercial; Manufacturing, artisan; Medical facility, clinic; Office; Outdoor display of building, pool, and playground equipment; Outdoor retail sales; Outdoor storage yard; Park; Parking Lot; Personal service establishment; Place of Worship; Playground; Printing establishment; Recreational vehicle park; Residential care facility; Restaurant, delicatessen; Restaurant, dine-in with lounge; Restaurant, dine-in without lounge; Restaurant, drive-thru; Retail establishment; Sales center with assembly processes; Short-term rental\*; Stormwater retention or detention facility; Tower, radio, telecommunications, television, or microwave; Veterinary clinic, no outdoor kennels; Veterinary clinic, outdoor kennels; Warehouse, self-storage; Wholesale goods.

7. If approved, the applicant could apply for a commercial building permit to develop the property with any of the allowable uses listed above.

*Consistency with New Directions 2040*

**Residential – Low Intensity:** Predominantly single family, detached homes on very large lots. The lower residential density creates a more spacious character appropriate as a transition between the Parish's Rural or Conservation areas and more intense land uses. The dispersed development pattern makes public services and amenities less efficient and more expensive to provide, and so residents typically must travel farther to access them.

- i. Goal 5:1: The Parish will designate adequate land served by supportive infrastructure for use by businesses and industries seeking to begin or expand.
- ii. Strategy 5:1:1: Reserve land fronting existing, undeveloped corridors for commercial uses.

*Standards for Review (Sec. 200-3.1.G) - When reviewing a zoning map amendment, the St. Tammany Parish Planning & Zoning Commission shall take the following items into consideration prior to recommending a decision to the Council:*

- i. The proposed amendment is compatible with the Comprehensive Plan and consistent with the future land use map.
- ii. The proposed amendment promotes the public health, safety, and welfare of the Parish.
- iii. The proposed amendment corrects an error or meets the challenge of some changing conditions, trend or fact.
- iv. The proposed amendment is compatible with existing use and zoning of nearby property.
- v. The proposed amendment is a more suitable zoning classification for the property than the current classification.
- vi. The proposed amendment enhances or protects the surrounding natural environment, including air, water, stormwater management, wildlife, and vegetation.
