RE: St. Tammany Parish Government – Sewer Pilot Program  
Clean Water State Revolving Fund Loan Program - Increase in Principal Forgiveness Letter  
AI # 153322/43395/108405/26736/159067  
Project # CS221980-01

Dear President Cooper:

The Parish is currently in receipt of a CWSRF commitment totaling \$706,825 for much needed wastewater infrastructure improvements. Currently, this loan is being offered with \$400,000 of principal forgiveness.

Upon careful review and consideration, the CWSRF program has decided to increase the principal forgiveness of the subject loan by \$306,825. This will bring the total principal forgiveness amount to \$706,825 pending the Parish's ability to satisfy all regulatory and financial requirements. This loan must be closed by **April 30, 2026**; otherwise the project may be removed from the fundable list.

Please reference project number **CS221980-01** in all future correspondence concerning this matter. If you have any questions, please contact Coty Rabalais, P.E. by phone at 225-219-3910, or by email at [Coty.Rabalais@la.gov](mailto:Coty.Rabalais@la.gov). Additionally, any questions regarding the CWSRF-Full Application may be directed to Ms. Sierra Templet at 225-219-3871 or by email at [Sierra.Templet@la.gov](mailto:Sierra.Templet@la.gov).

Sincerely,

A handwritten signature in blue ink that reads "Will Barlett".

William Barlett, P.E.  
Engineer Manager

c: Tim Brown, Director, St. Tammany Parish Government
