Compatibility or Suitability with Adjacent Area

4. Table 3: Surrounding Land Use and Zoning

Direction	Surrounding Use	Surrounding Zoning Classification
North	Residential	L-1 Large Lot Residential District
South (across Hwy 190)	Residential	R-2 Rural Residential District
East	Residential	L-1 Large Lot Residential District
West	Undeveloped	L-1 Large Lot Residential District

5. The subject site abuts residential property on all sides, with zoning designations of L-1 Large Lot Residential District to the north, east, and west, as well as R-2 Rural Residential District to the south across US Highway 190.
6. A small portion of the property is zoned L-1 Large Lot Residential District which is a residential zoning classification that requires 1-acre parcel sizes.
7. The purpose of the proposed HC-2 Highway Commercial District is to provide for the location of moderately scaled, more intense retail, office and service uses, generally located along major collectors and arterials designed to provide services to a portion of the parish. Permitted uses include the following:

Animal service; Art studio; Athletic field; Auto repair and service*; Automobile sales; Bank or financial institution; Bed and breakfast; Building supply showroom; Car wash; Catering facility; Club or lodge; Community center; Community home*; Convention center; Day care center, adult; Day care center, child; Day care home; Distribution or warehousing facility; Dwelling, single-family; Dwelling, two-family; Educational facility, adult secondary; Educational facility, business college or school; Educational facility, learning center; Educational facility, elementary or middle school; Educational facility, high school; Educational facility, university and associated research center; Educational facility, vocational school; Food processing; Garden supply and greenhouses; Gas station with convenience store; Golf course and recreational facility; Gymnasium; Kennels, commercial; Laboratory; Liquor store; Marina, commercial; Manufacturing, artisan; Medical facility, clinic; Office; Outdoor display of building, pool, and playground equipment; Outdoor retail sales; Outdoor storage yard; Park; Parking Lot; Personal service establishment; Place of Worship; Playground; Printing establishment; Recreational vehicle park; Residential care facility; Restaurant, delicatessen; Restaurant, dine-in with lounge; Restaurant, dine-in without lounge; Restaurant, drive-thru; Retail establishment; Sales center with assembly processes; Short-term rental*; Stormwater retention or detention facility; Tower, radio, telecommunications, television, or microwave; Veterinary clinic, no outdoor kennels; Veterinary clinics, outdoor kennels; Warehouse, self-storage; Wholesale goods.

8. The purpose of the existing NC-2 Neighborhood Commercial District is to provide for the location of small retail and service establishments near residential development in order to provide goods and services to the residents of the neighborhood with minimal impact. Permitted uses include the following:

Animal services; Art studio; Bed and breakfast; Club or lodge; Community home*; Day care center, adult; Day care center, child; Day care home; Dwelling, single-family; Dwelling, two-family; Educational facility, adult secondary; Educational facility, learning center; Educational facility, elementary or middle school; Educational facility, high school; Garden supply and greenhouse; Medical facility, clinic; Office; Personal service establishment; Place of worship; Restaurant, delicatessen; Restaurant, dine-in without lounge; Retail establishment; Short term rental*; Stormwater retention or detention facility; Veterinary clinic, no outdoor kennels.

9. Per the petitioner's application, the reason for the request is to repurpose the existing building into a furniture manufacturing business. If approved, the applicant will need to come into compliance with all parish commercial parking, drainage, and landscaping requirements.
10. Under the new St. Tammany Parish Unified Development Code, artisan manufacturing is now permitted in the HC-2 Highway Commercial District, allowing small-scale production and crafting operations that focus on hand-made or customized goods.

Consistency with New Directions 2040

Manufacturing and Logistics: areas provide abundant space and access to infrastructure for a range of uses including advanced manufacturing, storage and distribution, maritime uses, and utilities. These uses serve important economic goals, including provision of living-wage jobs and contribution to a strong tax base. However, some of these uses can negatively impact surrounding communities through truck traffic, noise, and pollution. Manufacturing and Logistics areas are therefore located away from sensitive ecological areas and existing and planned residential areas, and should be located adjacent to high-capacity transportation corridors.

Mixed-Use: areas are flexible and appropriate for higher concentration of residential and commercial uses, allowing shorter trips between destinations and opportunities for walkable, compact development patterns. Mixed Use areas are typically located at or near the Parish's existing hubs of activity and intersections of major roads, as well as along major traffic corridors. Mixed Use areas may also include higher density residential uses, such as garden apartments and condominiums.

The proposed zoning change is consistent with the following goals, policies, and strategies of the Comprehensive Plan:

- i. Goal 1.9: Our building stock will be maintained in stable condition, with minimal vacant, blighted, or abandoned properties.
- ii. Strategy 5.1.1: Reserve land fronting existing, undeveloped corridors for commercial uses.

Standards for Review (Sec. 200-3.1. G) - When reviewing a zoning map amendment, the St. Tammany Parish Planning & Zoning Commission shall take the following items into consideration prior to recommending a decision to the Council:

- i. The proposed amendment is compatible with the Comprehensive Plan and consistent with the future land use map.
- ii. The proposed amendment promotes the public health, safety, and welfare of the Parish.
- iii. The proposed amendment corrects an error or meets the challenge of some changing condition, trend or fact.
- iv. The proposed amendment is compatible with existing use and zoning of nearby property.
- v. The proposed amendment is a more suitable zoning classification for the property than the current classification.
- vi. The proposed amendment enhances or protects the surrounding natural environment, including air, water, stormwater management, wildlife, and vegetation.
