Subject: Consent to Assignment of Agreement

Dear Sunny:

In follow up to our earlier conversation, TranTech Engineering, LLC (TranTech) has entered into an agreement to sell its assets, including our agreement for professional services, to David Evans and Associates, Inc. (“DEA”). The closing date and completion of the sale is scheduled for September 1, 2024. Following completion of the sale, TranTech will no longer perform any professional services but will transition its projects and integrate its people into DEA. Your project(s) will continue to be managed by the same TranTech staff that you know and trust. In addition, you and the TranTech team will have access to a wider range of resources and expertise through the breadth of services provided by DEA.

DEA is an Oregon-based company with a long history of infrastructure planning and design expertise in the markets of transportation, land development, water and environment, and energy. DEA also has expertise in hydrographic and land surveying. As part of DEA, we will continue to work together to understand your needs, provide creative thinking and technical excellence, and deliver the extraordinary service you have come to expect from us. DEA has 28 offices throughout Washington, Oregon, Idaho, California, Arizona, Colorado, Mississippi, and New York, and employs over 950 people. Please take a moment to check out DEA’s website at www.deainc.com for more information about our new company.

TranTech respectfully requests your consent to the assignment of current agreements and projects on the enclosed “Consent to Assignment.” Please promptly review the Consent and return a signed copy to Kash Nikzad (knikzad@trantecheng.com) and Tonya Finley, DEA (tonya.finley@deainc.com) by **August 16, 2024**.

All services completed by TranTech through August 31, 2024 will remain the responsibility of TranTech and will be invoiced by TranTech. Invoices for services provided on or after September 1, 2024 will be performed and invoiced as DEA. A copy of the new W-9 is included for your records. New insurance certificates will be provided and sent to the appropriate address.

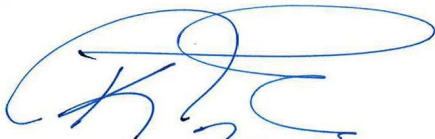

July 18, 2024

Please let me or Tonya Finley know if you have any questions or concerns. We look forward to continuing our working relationship as the TranTech team begins this new chapter as a part of DEA.

Sincerely,

TranTech Engineering, LLC

Khashayar Nikzad, Ph.D., P.E.
Principal/Member

CONSENT TO ASSIGNMENT

The asset sale between TranTech Engineering, LLC (“TranTech”) to David Evans and Associates, Inc. (“DEA”) certain TranTech contracts are scheduled to be assigned and transferred to DEA effective upon closing (the “Effective Date”) of the transaction.

By signing below, City of Sumas “Client”) consents to the assignment (“Consent to Assignment”) of the professional services contract(s) and task or work orders (if applicable), collectively referred to as the “Agreement” as follows:

Job #: 2024013 - Public Roadway Disaster Repair, Effective 4/12/2024

Client agrees that, upon completion of the transaction between TranTech and DEA, all of the current TranTech rights, title and interest in the Agreement will be transferred to and will be vested into DEA, and Client will continue to be bound by the Agreement after its assignment to DEA. Client also agrees that this Consent to Assignment satisfies all statutory or other requirements of the Agreement related to the Consent to Assignment. Client also agrees that this Consent to Assignment does not transfer to DEA any past obligations or liability associated with any services provided prior to the Effective Date. Contracts and services performed prior to the Effective Date are not assigned to DEA and remain the responsibility of TranTech. However, DEA will complete the identified current in-progress and unfinished services required under the Agreement. On-call agreements are assigned only to the extent such terms apply to any current in-progress or future services performed.
