**City of Sutter Creek  
Annual Appropriation Limit  
Calculation  
Fiscal Year 2024-25**

A. **Price Factor:** Article **XIII** B specifies that local jurisdictions select their cost-of-living factor to compute their appropriation limit by a vote of their governing body. The cost-of-living factor provided here is per capita personal income. The City Council has elected to use the change in per capita personal income for the current year appropriations limit calculation. The percentage change to be used in setting the 2024-2025 appropriation limit is:

Fiscal Year (FY)	Percentage Change over prior year
2024-25	3.62%

B. B. Annual appropriation limit using the per capita change in personal income and the City of Sutter Creek or Amador County (whichever is higher) change in population. Statistical information was provided by the California Department of Finance in accordance with California Revenue and Taxation Code, Section 2227. Amador County was higher than Sutter Creek for FY 2023-24.

**2023-24**

Per Capita Change = 3.62%

Population Change = -0.89%

Per capita converted to a ratio	$\frac{3.62 + 100}{100}$	=	<b>1.0362</b>
Population converted to a ratio	$\frac{-0.89 + 100}{100}$	=	<b>0.9911</b>
<b>Calculation of factor for FY 2024-2025</b>	1.0362 x 0.9911	=	<b>1.026978</b>
<b>Appropriations Limit 2023-24</b>			<b>4,211,047</b>
<b>Calculated Appropriations Limit 2024-25</b>			<b>4,324,652</b>
