<p><b>Pricing:</b> See over.</p>	
<p><b>Installed:</b> Dublin</p>	

**Comments from reference checks**

**Device effectiveness in capturing trash**

Good, effective device in capturing trash (no complaints from the public or flooding occurring in the street).

**Maintenance**

Maintenance included 3 times a year but at a reasonable price by a contractor. Disposal of filters is an additional maintenance consideration (and an extra service also provided by cleaning contractor)

**Other**

Good customer service from vendor. Easy installation under the vendor's scheduled time quote. Some modifications were needed for installation based on field conditions. Optional hydrocarbon (oil, grease) removal is also available.
