

Board of Commissioners Meeting Agenda Item Submittal

Item To Be Considered: **Stormwater Planning Application Assistance Resolution of Support**

Board Meeting Date: **September 12, 2022**

Prepared By: **Gerald “Tank” Bates – Public Works Director**

Overview: As required by the LASII Planning Grant Program, a resolution is required to be adopted by the governing board for requesting grant assistance for the purpose of conducting a study of the Town’s Stormwater Management Plan.

The deadline for submission is September 30, 2022, with awards being announced in February of 2023. The maximum funds granted per award is \$400,000 per submission.

This is an excellent opportunity for the Town of Swansboro to gain the funding necessary to aggressively address the many stormwater issues facing the Town, beginning with a comprehensive stormwater map.

Upon approval, the Town would enter a contract for professional services with WithersRavenel in the amount of \$5,000 to inventory existing stormwater infrastructure, document conditions, and prepare tools to help manage the system. The cost could be funded through the Stormwater Enterprise Fund.
