

# Board of Commissioners Meeting Agenda Item Submittal

---

Item To Be Considered: **LASII Stormwater Master Plan Grant Update**

Board Meeting Date: **January 23, 2024**

Prepared By: **Rebecca Brehmer – Projects/Planning Coordinator, CFM, CZO**

---

**Overview:** The Town of Swansboro was awarded a \$400,000 grant as part of the Local Assistance for Stormwater Infrastructure Investments (LASII) grant from the American Rescue Plan Act (ARPA). The goal of the Stormwater Master Plan is to collect data and update the database of the Town's stormwater infrastructure for future updates and maintenance. WithersRavenal was selected to complete the project in October of 2023. At a December 18, 2023, kickoff meeting with staff and WithersRavenal, a public outreach meeting was recommended. It was decided this standalone meeting will be held in February to gather both input and to educate the community of the details of the project. Through monthly progress meetings scheduled with Staff and WithersRavenal, further details of the meeting and project timeline will be available soon.

**Recommended Action:** Receive update.
