

Historic Preservation Commission Meeting Agenda Item Submittal

Item To Be Considered: **Reconsider Action on Fence Review**

Board Meeting Date: **December 20, 2022**

Prepared By: **Paula Webb, Town Manager**

Overview: In May of 2022, the Historic Preservation Commission took action to remove fences as staff review and for them to be reviewed under minor work. It was discovered that no text amendment was forwarded for adoption following that action.

This information was shared with incoming Planner Andrea Correll, who proposes that the HPC reconsider its action with the notable experience she has with historic preservation.

If the HPC is inclined to reconsider, a formal motion to rescind its previous action would be in order.

Background Attachment(s): None

Recommended Action: Motion to allow fence review/approvals to remain as staff approval.

Action: _____
