The League's Cyber Security Advisor, or Cyber Field Technician ("Security Team"), will conduct a comprehensive assessment of the Municipality's overall cyber security posture ("Security Assessment") against the current standardized framework established by the Center for Internet Security ("CIS"). The Security Team will review approximately 155 security controls in coordination with the Municipality's management, and will provide IT support to establish a baseline security posture matrix. The Security Team will review the results and make appropriate hardware, software, policy, and procedure recommendations in accordance with industry best practices and the baseline standards set by the CIS assessment framework.
