Appendix III

Section 25 Historic District Landscape

25.1 Historic District Landscape for selection of trees and shrubs.

1) Use the following approved list for planting new trees and shrubs in the Historic District.

2) If a tree or shrub is not on the approved list, please fill out a staff approval application to be reviewed.

3) Palm trees are not on the approved list because they are not native, nor a tree used historically in the Historic District. Dwarf palmettos, however, are on the approved list because they are a native plant.

4) No planting materials shall be placed in the street right of way or in utility easements in the district.

5) Call 811 to mark a property before digging on it.
