**Subject:** Variance

Good afternoon, as we spoke before, I would like to be placed on the agenda, at the next available meeting, to request a variance to install our fence at our property located at 610 N Main Street, Sweeny.

I would like to request permission to install a new fence on our lot's that will encompass two lots that are not combined. I have no interest in selling the lots, however, I do not wish to combine the properties together currently just to install a fence. The expense, and time required for such an endeavor would not be conducive to our time or budget to get our shop open.

Thank you so much for your help on this matter.
