2025 Sewage Discharge Proposal

Transporter: **Brazoria County Septic Service**

Transporter Mailing Address: **P.O. Box 727, Clute, Texas 77531**

TCEQ #: **22576**

The following is a proposal to The City of Sweeny Texas to allow Brazoria County Septic Service (BCSS) permission to discharge sewage at the Sweeny Wastewater Treatment Plant.

Brazoria County Septic Service (BCSS) shall pay a usage fee of Nine cents per gallon (\$0.09), however, that usage fee shall not be less than \$40.00 per load. The total fee shall be based upon the number of gallons being discharged at the time and shall not be more than the total capacity of the truck tank. Truck tank capacities and identifying numbers may be provided by BCSS.

As used in this Proposal, the term "sewage" means any type of waste customarily discharged into a municipal sewer system or household septic system by the occupants of residential and commercial premises connected to such System but does not include:

- Chemical waste;
- Industrial waste;
- Commercial Grease;

Thank you,
Adam Terrill
Brazoria County Septic Service (BCSS)
