

Executive Director Report

I attended the public hearing at City Hall on Tuesday. Prepared most of the week for EDC meeting. Thursday attended Brazoria Chamber Banquet. Friday had CPR/AED training.

We had our EDC meeting. I met with Lux painting and construction to look closer at the Community Center to hopefully give a bid to remodel. Attended city council meeting. Budget was approved. Daniel White and Denise Arana approved board members. Brian Brooks was appointed to the EDC as council liaison. Worked on getting things organized and ready for Farmers' Market. 35 vendors.

Working with Equipment Share on getting an update on their project. Trilogy requesting it to be on the next agenda to discuss paying off or what the EDC would consider sales tax paid, and employees hired would be enough to satisfy the performance agreement early. EDC considering the repairing/replacing streetlights on Main Street and Chick Anderson Park (Gazebo). Working with Wayman Hutchins on getting a bid.

Meeting with Kind Cattle. They are interested in bringing a Farm Store business to Sweeny.

I have looked at the old P66 building a few times to see what can possibly be done with the building.

Working on Farmers' Market – steadily growing.
